Religious Foundations of Western Civilization Jun 18 2021 World Religions Religious Foundations of Western Civilization introduces students to the major Western world religions—Judaism, Christianity, and Islam—their beliefs, key concepts, history, as well as the fundamental role they have played, and continue to play, in Western culture. Contributors include: Jacob Neusner, Alan J. Avery-Peck, Bruce D. Chilton, Th. Emil Homerin, Jon D. Levenson, William Scott Green, Seymour Feldman, Elliot R. Wolfson, James A. Brundage, Olivia Remie Constable, and Amila Buturovic. "This book provides a superb source of information for scientists and scholars from all disciplines who are trying to understand religion in the context of human cultural evolution." David Sloan Wilson, Professor, Departments of Biology and Anthropology, Binghamton University, Binghamton, New York This is the right book at the right time. Globalization, religious revivalism, and international politics have made it more important than ever to appreciate the significant contributions of the Children of Abraham to the formation and development of Western civilization. John L. Esposito, University Professor and Founding Director of the Center for Muslim-Christian Understanding, Georgetown University, Washington, D.C. Jacob Neusner is Research Professor of Religion and Theology, and Senior Fellow of the Institute of Advanced Theology at Bard College, Annandale-on-Hudson, New York. General Interest/Other Religions/Comparative Religion

The Statesman's Year-Book Jul 08 2020 The classic reference work that provides annually updated information on the countries of the world.

The Essential Guide to Western Civilization Aug 09 2020 The Essential Guide to Western Civilization offers a concise overview of European history developed to suit the undergraduate Western Civilization curriculum. Author Nicholas L. Waddy provides an accessible account of major developments in European history in a flexible format. The book will serve as a core text for instructors wishing to build a syllabus including primary sources, articles, and visual materials of their own choosing. Discussion questions and a list of key terms at the end of each chapter will help to guide conversation and assist students in navigating the Western Civilization survey.

Rough Guide Sardinia Apr 04 2020 The new-look, full colour Rough Guide to Sardinia is the ultimate travel guide to one of the Mediterranean's most fascinating islands. Discover Sardinia's highlights with stunning photography, colour-coded maps and more listings and information than ever before. You'll find detailed practical advice on what to see and do in Sardinia, from museums and archaeological sites to mountain hikes and beaches, as well as up-to-date descriptions of the best hotels, bars and restaurants for all budgets. The major festivals are covered at length, Sardinia's chequered history and rich archeology are explored, and lesser-known aspects of the island such as its industrial heritage, literature, handicrafts, culinary quirks and trekking opportunities are featured. With loads of practical advice, suggested itineraries and top 5 boxes, The Rough Guide to Sardinia will help you make the most of your time on this stunning island. Now available in PDF format.

The Book Buyer's Manual Jun 30 2022

Heart of the Living God Jul 20 2021 Maness asks us to tie up our sneakers, for we are going to have some fun as we hike into the Grand Canyon of Love. Love is the treasure of life. It is Love all the way. Nothing else really matters outside of Love. Best of all, our Love will only get better in heaven. The treasured ability to have loving relationships is Gods gift to us in our Imago Deithe image of God we all share. Likewise, what we know of Love this side of heaven is but a dusty image of what God experiences. I want to get personally involved, says Maness. Can we have a free-will relationship with anyone, even God, if all of what we do and think is settled? I dont think so. Love is greater than that, and I shall prove that, and that is indeed a Grand Canyon. Manes brings some of the brain-splitting complexities of this to light with good humor, introduces dynamic foreknowledge, and challenges Classical Theisms avoidance of Love. And he exposes some foul play in the process. Thats the first half of the book. For those wanting to strike out on their own (wanting to see more of the depth and diversity of the Grand Canyon), the second half contains reviews of about 60 major authors, a 4,000+ Abysmal Bibliography, and a huge index to just about everything in the book. Maness has thrown a gauntlet before the Classical Theists. So tie up your sneakers and take a hike with Michael G. Maness as he walks with you into the Grand Canyon. see more at www.PreciousHeart.net

Learning and Education Games: Volume Two: Bringing Games into Educational Contexts Aug 21 2021 The Learning, Education & Games book series is perfect for any educator or developer seeking an introduction to research-driven best practices for using and designing games for learning. This volume, Bringing Games into Educational Contexts, delves into the challenges of creating games and implementing them in educational settings. This book covers relevant issues such as gamification, curriculum development, using games to support ASD (autism spectrum disorder) students, choosing games for the classroom and library, homeschooling and gameschooling, working with parents and policymakers, and choosing tools for educational game development. Learning, Education & Games: Bringing Games into Educational Contexts is the second in a series written and edited by members of the Learning, Education, and Games (LEG) special interest group of the IGDA (International Game Developers Association).
