[Growing Pains](#) May 31 2022 Seth Zimmer has always been an overweight, glasses-wearing film buff and shy loner. And at the young age of fourteen, he decided he wanted to become a filmmaker just like the man he admires most—Steven Spielberg. Then at the age of fifteen, Seth's life changed for the better. He and fellow classmate Keri started falling in love, even though Seth's friend Vance warned him against her. After a relationship of four years, Keri's mother, "the puppet master," finally ends the relationship on the grounds of Seth's unrealistic filmmaking dream. Heartbroken and severely depressed, Seth pushes forward and opens his home-based multimedia business, Digital Studios Media House. And to Seth's delight, it was quite successful too. While working on his latest film, Seth and local actress Molly unknowingly become closer to each other, until deeply buried feelings inside Seth become reignited, and this reignition begins a passionate love affair. The best romances don't always end happily, and the grandest love stories are tragedies above all. Though we might hate to admit it, there are always two sides to every story.
