Principles of Corporate Finance Aug 25 2022 This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Corporate Financial Management May 30 2020 Go undercover and explore how finance theory works in practice with *Corporate Financial Management*, fourth edition. Find out how financial decisions are made within a firm, how projects are appraised to make investment decisions, how to evaluate risk and return, where to raise finance from and how, ultimately, to create value.

[Corporate Finance](#) Jul 24 2022 This volume addresses the core topic areas in corporate finance and establishes an integrated understanding of the three decision areas in finance - investment, financing, and the dividend decision.

Principles of Corporate Finance Feb 19 2022 This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Australian Finance Law Sep 02 2020 "Australian Finance Law, 7th Edition provides comprehensive coverage of Australian finance law, including the regulation of the Australian financial system, capital markets, debt finance, taxation and insolvency law. It has been written and compiled by Partners, Consultants and Associates of King & Wood Mallesons. This well-regarded work combines both legal analysis and its practical application to financing transactions. It is designed for general and specialist advisers, combining both fundamental and more complex legal and practical analysis. It is also an important resource for students of Australian financial and commercial law. Although it has been written from a primarily Australian context, a number of the chapters have a more international application, either because of the global nature of finance, or because of the similarity in legal concepts between common law jurisdictions." --Publisher's website.

Corporate Finance and Investment Mar 08 2021 This package includes a physical copy of *Corporate Finance and Investment: Decisions and Strategies, 7/e* by Richard Pike, Bill Neale and Philip Linsley, as well as access to the eText and MyFinanceLab. *Corporate Finance and Investments*, now in its seventh edition, is a popular and well-regarded text for students of corporate finance. The text takes a practical approach, focusing on the strategic issues of finance in a business setting. With clear and accessible language and an international perspective, the seventh edition will provide students with both essential knowledge of corporate finance and the tools to apply it.

Valuation Workbook Mar 28 2020 A vital companion to the #1 best-selling guide to corporate valuation *Valuation Workbook* is the ideal companion to McKinsey's *Valuation*, helping you get a handle on difficult concepts and calculations before using them in the real world. This workbook reviews all things valuation, with chapter-by-chapter summaries and comprehensive questions and answers that allow you to test your knowledge and skills. Useful both in the classroom and for self-study, this must-have guide is essential for reviewing and applying the renowned McKinsey & Company approach to valuation and reinforces the major topics discussed in detail in the book. Fully updated to align with the sixth edition of *Valuation*, this workbook is an invaluable learning tool for students and professionals alike. Valuation has become central to corporate financial strategy, and practitioners must be exceptional at every aspect of the role. There is no room for weak points, and excellence is mandatory. This workbook helps you practice, review, study, and test yourself until you are absolutely solid in every concept, every technique, and every aspect of valuation as demanded in today's economy. Master value creation, value metrics, M&A, joint ventures, and more Analyze historical information, forecast performance, and analyze results Estimate the cost of capital, continuing value, and other vital calculations Test your understanding before putting it to work in the real world Designed specifically to reinforce the material presented in the book, this workbook provides independent learners with the opportunity to try their hand at critical valuation skills, and helps students master the material so they can enter the job market ready to perform. For financial professionals and students seeking deep, comprehensive understanding, *Valuation Workbook* is an essential part of the McKinsey *Valuation* suite.

Valuation May 10 2021 McKinsey & Company's #1 best-selling guide to corporate valuation—the fully updated seventh edition *Valuation* has been the foremost resource for measuring company value for nearly three decades. Now in its seventh edition, this acclaimed volume continues to help financial professionals around the world gain a deep understanding of valuation and help their companies create, manage, and maximize economic value for their shareholders. This latest edition has been carefully revised and updated throughout, and includes new insights on topics such as digital, ESG (environmental, social and governance), and long-term investing, as well as fresh case studies. Clear, accessible chapters cover the fundamental principles of value creation, analyzing and forecasting performance, capital structure and dividends, valuing high-growth companies, and much more. The *Financial Times* calls the book “one of the practitioners’ best guides to valuation.” This book: Provides complete, detailed guidance on every crucial aspect of corporate valuation Explains the strategies, techniques, and nuances of valuation every manager needs to know Covers both core and advanced valuation techniques and management strategies Features/Includes a companion website that covers key issues in valuation, including videos, discussions of trending topics, and real-world valuation examples from the capital markets For over 90 years, McKinsey & Company has helped corporations and organizations make substantial and lasting improvements in their performance. Through seven editions and 30 years, *Valuation: Measuring and Managing the Value of Companies*, has served as the definitive reference for finance professionals, including investment bankers, financial analysts, CFOs and corporate managers, venture capitalists, and students and instructors in all areas of finance.

with examples from well-known companies, and explaining the key principles and mathematical techniques needed to be successful in your studies and in your career.

Entrepreneurial Finance Jun 30 2020 Master each step of the complete 'life cycle' of a firm with Leach/Melicher's ENTREPRENEURIAL FINANCE, 7E. This edition vividly explains the theories, corporate finance tools and techniques you need to start, build and eventually harvest a successful entrepreneurial venture today. Using an inviting presentation, this book emphasizes sound financial management practices as you learn how to secure financing, use business cash flow models and strategically position your early-stage company. You also learn to interact effectively with financial institutions and regulatory agencies that can impact venture growth and ensure liquidity for investors. Updates throughout this edition feature real examples as well as in-depth capstone cases and mini-cases drawn from actual entrepreneurial ventures and common financial scenarios. Strengthen your entrepreneurial skills as you study key concepts, such as venture capital funds, clean tech, sustainable sales growth, strategic alliances, licensing agreements and exit strategies.

Corporate Finance Jan 06 2021 CORPORATE FINANCE, 2nd Edition was crafted to match the way you teach your MBA-level course. It's a claim we're confident to make because before creating the text, the authors analyzed more than 150 MBA-course syllabi and blended this research with input from professors like you and more than 50 years of personal corporate finance and teaching experience. The result is the most relevant text available for your students-one that presents the latest financial theories within the practical context of today's business. This balance of modern theory and practice is found in features such as Applying the Model examples that demonstrate concepts in action, cross-functional applications that make the book applicable to all students, and innovative CengageNOW for Smart Finance technology that reinforces learning throughout each chapter.

Corporate Finance Essentials Jun 11 2021 Essentials of Corporate Finance, 7th edition by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the "why" is just as important, if not more so, than understanding the "how," especially in an introductory course. Three basic themes emerge as their central focus: An emphasis on intuition--separate and explain the principles at work on a common sense, intuitive level before launching into specifics. Underlying ideas are discussed first in general terms, then followed by specific examples that illustrate in more concrete terms how a financial manager might proceed in a given situation. A unified valuation approach--Net Present Value is treated as the basic concept underlying corporate finance. Every subject the authors cover is firmly rooted in valuation, and care is taken to explain how decisions have valuation effects. A managerial focus--Students learn that financial management concerns management. The role of financial manager as decision maker is emphasized and they stress the need for managerial input and judgment.

Corporate Finance: A Focused Approach Nov 16 2021 Relevant, engaging and packed with real-world examples, Ehrhardt/Brigham's CORPORATE FINANCE: A FOCUSED APPROACH, Seventh Edition, emphasizes the financial concepts, skills and technological applications you need to succeed in today's workplace. It covers the latest financial developments while teaching you how to maximize a firm's value in a changing business environment. Completely up to date, the text thoroughly integrates the 2017 Tax Cut and Jobs Act throughout. In addition, hands-on activities and step-by-step instruction help you master the many features and functions of Excel spreadsheets. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Finance for Small and Entrepreneurial Business Dec 25 2019 The financial environment of small and entrepreneurial firms is changing rapidly and is a topic where significant disagreement remains amongst researchers and policy advisers. This concise textbook provides a comprehensive overview of the current and projected trends in this market for the benefit of students of entrepreneurship at an advanced level. Written by an expert on SME finance, it provides a straightforward review of the external funding choices faced by small business owners, drawing on a range of new data sources which have emerged in recent years, along with a range of case studies. In addition, it includes an analysis of longer term trends and the role of the changing phases of the business cycle to equip readers to better understand the wider market environment both now and in the future. Roberts provides students of entrepreneurship with everything they need to know to excel in understanding the financial environment and its effect on small business.

Corporate Finance and Investment Jan 18 2022 Taking an international perspective to corporate finance, the latest edition of Corporate Finance and Investment is a highly-regarded and established text for students who want to understand the principles of corporate finance and develop the key tools to apply it. The ninth edition has been revised to include topical issues in valuation, working capital, capital structure, the dividend decision, Islamic finance, risk and risk management, and behavioural finance. With its focus on strategic issues of finance in a business setting, this text uses the latest financial and accounting data, articles and research papers to effectively demonstrate how, and to what extent, the theory can be applied to practical issues in corporate finance.

Corporate Finance Nov 04 2020 This book comprises 19 papers published in the Special Issue entitled "Corporate Finance", focused on capital structure (Kedzior et al., 2020; Ntoug et al., 2020; Vintilă et al., 2019), dividend policy (Dragotă and Delcea, 2019; Pinto and Rastogi, 2019) and open-market share repurchase announcements (Ding et al., 2020), risk management (Chen et al., 2020; Nguyen Thanh, 2019; Štefko et al., 2020), financial reporting (Fossung et al., 2020), corporate brand and innovation (Barros et al., 2020; Błach et al., 2020), and corporate governance (Aluchna and Kuszewski, 2020; Dragotă et al., 2020; Gruszczynski, 2020; Kjærland et al., 2020; Koji et al., 2020; Lukason and Camacho-Miñano, 2020; Rashid Khan et al., 2020). It covers a broad range of companies worldwide (Cameroon, China, Estonia, India, Japan, Norway, Poland, Romania, Slovakia, Spain, United States, Vietnam), as well as various industries (heat supply, high-tech, manufacturing).

Essentials of Corporate Finance Oct 27 2022 Essentials of Corporate Finance, 7th edition by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the "why" is just as important, if not more so, than understanding the "how," especially in an introductory course. Three basic themes emerge as their central focus: 1. An emphasis on intuition--separate and explain the principles at work on a common sense, intuitive level before launching into specifics.
