Main Street Merchants Series: The Complete Four-Book Set Sep 09 2020 Enjoy the complete Main Street Merchants series by Linda Seed, with four full-length novels. Moonstone Beach: She's a divorcee who's still struggling to recover. He's notorious for his reckless ways with women. What could possibly go wrong? Kate Bennet owns a

small bookstore in the breathtaking Central Coast town of Cambria, California. Two years out from a divorce that left her emotionally fragile, she's starting to think that maybe she's ready for love again—or at least for a fling with a hot man. Jackson Graham is a local chef who's controlling when it comes to food, careless when it comes to love, and temperamental when it comes to just about everything. When Kate's friends set things up between Kate and Jackson, she expects some casual pleasure followed by a hasty goodbye, but Jackson's long-term crush on Kate means that he's in this one to win. The problem is, neither he nor Kate knows whether he can change the self-defeating habits that usually send women scurrying for the door. *Cambria Sky: A ruined reputation. A second chance. A conflict between love and ambition.* Genevieve Porter was forced to flee the art world of Manhattan after she blew the whistle on the shady practices of a powerful dealer. Now she owns a small gallery in the scenic beach town of Cambria, California. For Gen, this is a place to regroup; she's poised to restore her name in the art world and return to New York in triumph. When she meets Ryan Delaney, a cattle rancher who's more than he appears to be, she's ready for a sexy roll in the hay—literally. But as her feelings for him become more than casual, she realizes that his roots on the Central Coast go back generations, and it's going to be a challenge to lure him away from his family's land. If they're going to make a life together, one of them will have to give up old ideas, old goals—old feelings about what success means, and what makes a place a true home. *Nearly Wild: She's finished with men. He's made it his mission to change her mind.* Rose Watkins has never been afraid of anything. She wasn't afraid to leave home and cross the country on her own at eighteen, she's not afraid to stand up for herself against judgmental bullies who criticize her unconventional looks, and she's not afraid to chase her dreams, no matter how elusive they may seem. But after a phony date with doctoral candidate Will Bachman—concocted to help him save his ego in front of an ex-girlfriend—Rose realizes that the possibility of true love is perhaps the scariest thing she's ever had to face. *Fire and Glass: She's engaged to a man with a promising future. But even as she makes plans to say "I do," another man is hoping that she won't...* It wasn't easy for Lacy Jordan to watch her best friends get paired off one by one, while she was still single and toiling away at a low-paying job. Maybe that's how she ended up engaged to her mother's chiropractor—a man who looks good on paper, but whose stiff manner and controlling ways leave Lacy cold. When steamy-hot glass artist Daniel Reed rescues Lacy from a dicey situation, she finds herself feeling things for him that she's never felt for another man. But Daniel's reluctance to accept her love—and everything that comes with it—means he's the one who needs an adjustment, before both of their hearts are shattered.
