Studies in Language and Social Interaction Mar 15 2021 This collection offers empirical studies and theoretical essays about human communication in everyday life. The writings come from many of the world's leading researchers and cut across academic boundaries, engaging scholars and teachers from such disciplines as communication, sociology, anthropology, linguistics, and education. Chapters emphasize empirical, qualitative studies of people's everyday uses of talk-in-interaction, and they feature work in such areas as sociolinguistics, conversation analysis, discourse analysis, and ethnography. The volume is dedicated to and highlights themes in the work of the late Robert Hopper, an outstanding scholar in communication who pioneered research in Language and Social Interaction (LSI). The contributors examine various features of human interaction (such as laughter, vocal repetition, and hand gestures) occurring naturally within a variety of settings (at a dinner table, a doctor's office, an automotive repair shop, and so forth), whereby interlocutors accomplish aspects of their interpersonal or institutional lives (resolve a disagreement, report bad medical news, negotiate a raise, and more), all of which may relate to larger social issues (including police brutality, human spirituality, death, and optimism). The chapters in this anthology show that social life is largely a communicative accomplishment and that people constitute the social realities experienced every day through small and subtle ways of communicating, carefully orchestrated but commonly taken for granted. In showcasing the diversity of contemporary LSI research, this volume is appropriate for scholars and graduate students in language and social interaction, communication, sociology, research methods, qualitative research methods, discourse analysis, conversation analysis, linguistics, and related areas.

Lord of the Flies May 05 2020 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Get REAL Oct 22 2021 As a wife and mother of five, I know all too well how destructive building a façade that everything is fine can be. Tearing down this wall and letting people see the real me—the pain, the struggles, the tears, and the triumphs has been difficult but rewarding. Get REAL: Stop Hiding Behind the Mask examines how to do just that. It delves into discovering a person's true identity, centered on God's view of each of us, letting go of the insecurities that so easily entangle our lives and finally, living with eternal perspective—keeping our focus heavenward instead of inward.

Shakey's Madness Sep 08 2020 Most people believe that William Shakespeare wrote the poems, sonnets, and plays attributed to him. But have you ever written a book where readers have responded by telling you "thank you" for writing it? Find out why inside.

Gabbard's Treatments of Psychiatric Disorders Nov 03 2022 The definitive treatment textbook in psychiatry, this fifth edition of Gabbard's Treatments of Psychiatric Disorders has been thoroughly restructured to reflect the new DSM-5® categories, preserving its value as a state-of-the-art resource and increasing its utility in the field. The editors have produced a volume that is both comprehensive and concise, meeting the needs of clinicians who prefer a single, user-friendly volume. In the service of brevity, the book focuses on treatment over diagnostic considerations, and addresses both empirically-validated treatments and accumulated clinical wisdom where research is lacking. Noteworthy features include the following: Content is organized according to DSM-5® categories to make for rapid retrieval of relevant treatment information for the busy clinician. Outcome studies and expert opinion are presented in an accessible way to help the clinician know what treatment to use for which disorder, and how to tailor the treatment to the patient. Content is restricted to the major psychiatric conditions seen in clinical practice while leaving out less common conditions and those that have limited outcome research related to the disorder, resulting in a more streamlined and affordable text. Chapters are meticulously referenced and include dozens of tables, figures, and other illustrative features that enhance comprehension and recall. An authoritative resource for psychiatrists, psychologists, and psychiatric nurses, and an outstanding reference for students in the mental health professions, Gabbard's Treatments of Psychiatric Disorders, Fifth Edition, will prove indispensable to clinicians seeking to provide excellent care while transitioning to a DSM-5® world.

The Real Rain Man, Kim Peek Nov 30 2019 A father's inspiring account of Kim Peek, made famous by Oscar winner Dustin Hoffman.

Girl, Interrupted Dec 24 2021 The bestselling book that inspired the cult classic film, Girl, Interrupted, starring Winona Ryder and Angelina Jolie. "Not since Sylvia Plath's The Bell Jar has a personal account of life in a mental hospital achieved as much popularity and acclaim" TIME "Intelligent and painful" Guardian "Poignant, astonishing memoir" New York Times In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old Susanna Kaysen was put in a taxi and sent to McLean Hospital to be treated for depression. She spent most of the next two years on the ward for teenage girls in a psychiatric hospital renowned for its famous clientele - Sylvia Plath, Robert Lowell, James Taylor and Ray Charles. A clear-sighted, unflinching work that provokes questions about our definitions of sane and insane, Kaysen's extraordinary memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers.

Heaven is for Real Deluxe Edition Jun 29 2022 #1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. Heaven Is for Real was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how "really, really big" God is, and how much God loves us. Retold by his father, but using Colton's uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in Heaven Changes Everything: The Rest of Our Story. Heaven Is for Real also is available in Spanish, El cielo es real.

Call The Midwife Mar 03 2020 A fascinating slice of social history - Jennifer Worth's tales of being a midwife in 1950s London, now a major BBC TV series. Jennifer Worth came from a sheltered background when she became a midwife in the Docklands in the 1950s. The conditions in which many women gave birth just half a century ago were horrifying, not only because of their grimly impoverished surroundings, but also because of what they were expected to endure. But while Jennifer witnessed brutality and tragedy, she also met with amazing kindness and understanding, tempered by a great deal of Cockney humour. She also earned the confidences of some whose lives were truly stranger, more poignant and more terrifying than could ever be recounted in fiction. Attached to an order of nuns who had been working in the slums since the 1870s, Jennifer tells the story not only of the women she treated, but also of the community of nuns (including one who was accused of stealing jewels from Hatton Garden) and the camaraderie of the midwives with whom she trained. Funny, disturbing and incredibly moving, Jennifer's stories bring to life the colourful world of the East End in the 1950s.

The Minds of Billy Milligan Mar 27 2022 'Fascinating' LA Times '[Keyes] has carried it off brilliantly, bringing not only a fine clarity but a special warmth and empathy' Washington Post NOW ON NETFLIX Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one. In The Minds of Billy Milligan, Daniel Keyes brings to light the most remarkable and harrowing case of multiple personality ever recorded.

Sybil Sep 01 2022 'How are you today?' the doctor asked. 'I'm fine', was the reply. 'But Sybil isn't. She was so sick she couldn't come. So I came instead.' Sybil is the story of a woman with sixteen separate personalities, and was instrumental in influencing the definition and diagnosis of multiple personality disorder. Sybil's diagnosis has since been called into question - but, forty years after it was first published, her story remains a gripping and disturbing account of one woman's struggle for mental stability and happiness. 'Astonishing book . . . It forces you to look at

yourself and the people around you in a new way.' Doris Lessing

The Amityville Horror Jul 19 2021 “A fascinating and frightening book” (Los Angeles Times)—the bestselling true story about a house possessed by evil spirits, haunted by psychic phenomena almost too terrible to describe. In December 1975, the Lutz family moved into their new home on suburban Long Island. George and Kathleen Lutz knew that, one year earlier, Ronald DeFeo had murdered his parents, brothers, and sisters in the house, but the property—complete with boathouse and swimming pool—and the price had been too good to pass up. Twenty-eight days later, the entire Lutz family fled in terror. This is the spellbinding, shocking true story that gripped the nation about an American dream that turned into a nightmare beyond imagining—“this book will scare the hell out of you” (Kansas City Star).

Self and Non-Self in Early Buddhism Oct 10 2020 Since its founding by Jacques Waardenburg in 1971, Religion and Reason has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Do What Jesus Did Nov 22 2021 A Real-Life Field Guide to Doing What Jesus Did The things Jesus did are not just for Bible times. They are for today. For everyone. Chicagoland pastor Robby Dawkins sees this again and again in his ministry to hurting people and even to gang members. Everyday people are seeing God's power unleashed through simple faith in God's Word; they are healing the sick, routing demons, and making a dynamic impact for the Kingdom of God. But many other believers are missing out, unaware that they have far more power and authority than they realize. Dawkins shares dynamic, real-life instruction and amazing stories from the front lines of ministry, showing that believers carry the authority of the Son of God and the power of the Holy Spirit wherever they are. When we walk in the presence and authority of God, we will do what Jesus did.

The Negro Motorist Green Book Jul 31 2022 The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

MOBY DICK (Modern Classics Series) Jun 05 2020 This carefully crafted ebook: "MOBY DICK (Modern Classics Series)" is formatted for your eReader with a functional and detailed table of contents. Moby-Dick by Herman Melville: first published in 1851, considered to be one of the Great American Novels and a treasure of world literature, one of the great epics in all of literature. The story tells the adventures of wandering sailor Ishmael, and his voyage on the whaleship Pequod, commanded by Captain Ahab. Ishmael soon learns that Ahab has one purpose on this voyage: to seek out Moby Dick, a ferocious, enigmatic white sperm whale. In a previous encounter, the whale destroyed Ahab's boat and bit off his leg, which now drives Ahab to take revenge...

The Education of an Anti-Imperialist Jul 07 2020 Robert M. La Follette (1855–1925), the Republican senator from Wisconsin, is best known as a key architect of American Progressivism and as a fiery advocate for liberal politics in the domestic sphere. But "Fighting Bob" did not immediately come to a progressive stance on foreign affairs. In *The Education of an Anti-Imperialist*, Richard Drake follows La Follette's growth as a critic of America's wars and the policies that led to them. He began his political career with conventional Republican views of the era on foreign policy, avidly supporting the Spanish-American and Philippine-American Wars. La Follette's critique of empire emerged in 1910, during the first year of the Mexican Revolution, as he began to perceive a Washington–Wall Street alliance in the United States' dealings with Mexico. La Follette subsequently became Congress's foremost critic of Woodrow Wilson, fiercely opposing United States involvement in World War I. Denounced in the American press as the most dangerous man in the country, he became hated and vilified by many but beloved and admired by others. La Follette believed that financial imperialism and its necessary instrument, militarism, caused modern wars. He contended they were twin evils that would have ruinous consequences for the United States and its citizens in the twentieth century and beyond. “An excellent book. . . . As Drake fully documents, La Follette's warnings about [World War I] profiteers and the lust for power were fully justified. Then as now, the American people were lied to by the government and media and manipulated into the stink and blood of war.”—Mark Taylor, *The Daily Call* “Scholars will . . . value the insights into La Follette's foreign policy education.”—*The Historian*

Catch Me If You Can Aug 27 2019 "Frank W. Abagnale, alias Frank Williams, Robert Conrad, Frank Adams and Ringo Monjo, was a daring conman, forger, impostor and escape artist. In his brief but notorious career, Abagnale donned a pilot's uniform and co-piloted a Pan Am jet, masqueraded as a member of hospital management, practised law without a licence, passed himself off as a college sociology professor and cashed over \$2.5 million in forged checks, all before he was 21. Known by the police of 26 foreign countries and all 50 US states as The Skywayman, Abagnale lived a sumptuous life on the run - until the law caught up with him. Now recognized as a leading authority on financial foul play, Abagnale is a charming rogue whose hilarious, stranger-than-fiction international escapades and ingenious escapes - including one from an aeroplane - make Catch me if you can an irresistible tale of deceit. Abagnale's story has now been made into a film, starring Tom Hanks and Leonardo DiCaprio."--Publisher description.

The Men Who Stare at Goats May 17 2021 Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious “Goat Lab,” to Uri Geller’s covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.
