[Jean Simmons](#) Mar 29 2022 Arriving in Hollywood in 1950 to launch her American film career, Jean Simmons (1929-2010) had already appeared in 18 British films and was best known for her portrayal of Ophelia in Laurence Olivier's Hamlet. She soon became a favorite female face working with some of filmmaking's greats and acted opposite many Hollywood A-listers. Two of her most popular films--Guys and Dolls (1955) and Spartacus (1960)--were international box-office hits, and in her seven decades-long career she collected numerous awards and honors including a Golden Globe, an Emmy, and two Oscar nominations as Best Actress. Despite the accomplishments and accolades, radiant beauty, and stunning versatility, Simmons is considered by many to be an underrated artist, too often handed more comfortable leading female roles than those that could've elevated her to the level of super stardom experienced by some of her peers. This, the first full-length biography of Simmons, fills a gap in film and performing arts studies, and includes extensive notes and photographs.

[A British Rifleman - the Journals and Correspondence of Major George Simmons, Rifle Brigade, during the Peninsular war and the campaign of Waterloo](#) Jan 15 2021 The journals and correspondence of George Simmons add a further lustre to the excellent memoirs and books that men of the 95th Rifles left of the adventures, hard fought actions and grim experiences of the Peninsular War and the Waterloo Campaign. Simmons was commissioned into the 1st Battalion 95th Rifles, a fellow officer of Sir John Kincaid and Sir Harry Smith both of whom left valuable memoirs of the period. A religious and upright man, although not priggish, he kept a journal of the actions movement and events of his life and sent numerous letters home to his family in Hull. These form the narrative which has been ordered by Lt. Col. Verner to flow in sequence through his time fighting Napoleon's forces. Simmons, and his brothers who often crop up in the volume, was at the forefront of the fighting engaged in by the Light Brigade and later Light Division. He was wounded a number of times, once so seriously at Waterloo as a result of a musket wound to the chest, that his attendants thought he might die. He took part in the battles of Fuentes D'Oñoro, Salamanca, Vittoria, the Nivelles, Orthez and finally Waterloo. The storming of Badajoz, Ciudad Rodrigo are also described in vivid detail missing nothing of the fear, death and mayhem of the attacking troops; to give just one excerpt of the action:- I saw my poor friend Major O'Hare lying dead upon the breach. Two or three musket balls had passed through his breast. A gallant fellow, Sergeant Flemming, was also dead by his side, a man who had always been with him. I called to remembrance poor O'Hare's last words just before he marched off to lead the advance. He shook me by the hand saying, "A Lieutenant-Colonel or cold meat in a few hours." I was now gazing upon his body lying stretched and naked amongst thousands more. An excellent read, contemporaneously written and abounding with interesting details. Author - Major George Simmons [1785-1858] Editor - Lt.-Col Willoughby Cole Verner [1852-1922]
