**Windows 8.1: The Missing Manual** Aug 31 2022 Windows 8.1 continues the evolution of the most radical redesign in Microsoft's history. It combines the familiar Windows desktop with a new, touchscreen-friendly world of tiles and full-screen apps. Luckily, David Pogue is back to help you make sense of it—with humor, authority, and 500 illustrations. The important stuff you need to know: What's new in 8.1. The update to 8.1 offers new apps, a universal Search, the return of the Start menu, and several zillion other nips and tucks. New features. Storage Spaces, Windows To Go, File Histories—if Microsoft wrote it, this book covers it. Security. Protect your PC from viruses, spyware, spam, sick hard drives, and out-of-control kids. The network. HomeGroups, connecting from the road, mail, Web, music streaming among PCs—this book has your network covered. The software. Media Center, Photo Gallery, Internet Explorer, speech recognition—this one authoritative, witty guide makes it all crystal

clear. It's the book that should have been in the box.

**Windows 8: The Missing Manual** Jun 28 2022 With Windows 8, Microsoft completely reimagined the graphical user interface for its operating system, and designed it to run on tablets as well as PCs. It's a big change that calls for a trustworthy guide—Windows 8: The Missing Manual. New York Times columnist David Pogue provides technical insight, lots of wit, and hardnosed objectivity to help you hit the ground running with Microsoft's new OS. This jargon-free book explains Windows 8 features so clearly—revealing which work well and which don't—that it should have been in the box in the first place.

**Windows 8.1 All-in-One For Dummies** May 28 2022 Ten minibooks in one get you thoroughly caught up on Windows 8.1! *Windows XP Power Hound* Jul 26 2019 Windows XP can be a great tool, but it is all too easy to trip over Windows XP's annoying traits more often than you leverage its productivity. Windows XP power-users troll online resources, documentation, and the expertise (or lucky finds) of friends for valuable tips and tricks--a keyboard shortcut here, an undocumented double-click there--to eliminate annoyances, save time, and take control of their Windows XP. But what if there was an easier way? This new book presents literally hundreds of problems and solutions, amazing power tips, cool tricks, and clever workarounds in one clearly organized, easy to use, and portable resource. Truly insightful and amusing, Windows XP Power Hound gives Windows XP users practical hints for everything from the desktop to Office programs to the registry, and includes documented (but little-known) tips as well as previously undocumented tricks. Windows XP Power Hound moves far beyond mere productivity and explores what's possible with Windows XP--including cool things you probably never thought of doing. An understanding of Windows XP basics will get the job done. But discovering the most useful I didn't know that! tips and shortcuts will make using Windows XP a

far richer and less frustrating experience. The practical, concise format of Windows XP Power Hound makes it easy to dip into for a quick tip from time to time; the warm, jargon-free tone makes it easy to read cover to cover. Anyone who wants to smooth out Windows XP's speed bumps and get some serious speed to accelerate through the bottlenecks will find that even a handful of these useful, to-the-point tips will make Windows XP Power Hound worth its weight in chocolate.

Designing Apps for Success Jun 24 2019 In 2007, Apple released the iPhone. With this release came tools as revolutionary as the internet was to businesses and individuals back in the mid- and late-nineties: Apps. Much like websites drove (and still drive) business, so too do apps drive sales, efficiencies and communication between people. But also like web design and development, in its early years and iterations, guidelines and best practices for apps are few and far between. *Designing Apps for Success* provides web/app designers and developers with consistent app design practices that result in timely, appropriate, and efficiently capable apps. This book covers application lifecycle management that designers and developers use when creating apps for themselves or the entities that hired them. From the early discussions with a company as to how to what kind of app they want, to storyboarding, to developing cross platform, to troubleshooting, to publishing, *Designing Apps for Success* gives a taut, concise, and pragmatic roadmap from the beginning of the process all the way to the end. Developers and designers will learn not only best practices on how to design an app but how to streamline the process while not losing any quality on the end result. Other topics in this book include: Case studies that best showcase the development process at work (or not at work). Global examples of apps developed all over the world. Future proofing your apps Post-publishing: Promoting and marketing your apps and keeping it relevant. Consistent app design practices for consistently successful results. *How to Do Everything Windows 8* Jan 30 2020 Tap into the power of Windows 8 Maximize the versatile features of Windows 8 on all your devices with help from this hands-on guide. Discover how to customize settings, use the new

Start screen and Charms bar, work with gestures on a touchscreen PC, organize and sync data in the cloud, and set up a network. *How to Do Everything Windows 8* covers email, video conferencing, web access, peripheral devices, security, and troubleshooting. You'll also get tips for using the entertainment apps to enjoy music, video, photos, games, and much more. Customize Windows 8, group tiles on the Start screen, pin icons to the taskbar, and change settings Manage and back up your files and sync them to the cloud Share files with a Windows 8 Homegroup Surf the web with both versions of Internet Explorer 10, use tabs, organize favorites, and protect your privacy online Print, scan, and fax with Windows 8 Communicate via built-in apps—Mail and Messaging—and add Skype Connect to social networks, including Facebook and Twitter, using the People app Enjoy the Music and Video apps and the Xbox Music free streaming service and video store View, manage, and share photos with the new Photos app—including your Facebook, Flickr, and SkyDrive photos Use all the built-in Windows 8 apps and get more from the Windows Store Keep Windows 8 running smoothly and securely Troubleshoot problems and reset or recover your PC

**Windows 8.1 for Seniors in easy steps** Aug 19 2021 Windows 8 was a revolutionary update of the popular operating system from Microsoft. With a brand new interface, new ways of getting around and accessing items and new possibilities for mobile devices, Windows 8 took the computing experience to the next level. However, there were still a few areas for improvement and these have been addressed with Window 8.1. Windows 8.1 for Seniors in easy steps shows you how to get up to speed with this latest version of Windows and begins

by detailing how to get to grips with the Windows 8.1 interface. It deals with the basics such as accessing items, personalizing your screen and using additional controls that are available from the sides of the screen. The book includes the new features that have been added since Windows 8: the return of the Start button; options for booting up to the Desktop; viewing up to four apps on screen at the same time; an enhanced SkyDrive feature for online storage and sharing; and a unified search facility that enables you to search over your computer and the Web. A lot of the functionality of Windows 8.1 is aimed at touchscreen devices, whether they are desktop computers, laptops or tablets. This is dealt with in terms of navigating around, as well as showing how everything can still be done with a traditional mouse and keyboard. Apps are at the heart of Windows 8.1 and the newly designed Windows Store has an app for almost everything you could want to do. The book shows how to access and download apps and then how to work with them, and organize them, when you have them. As well as the new features that are covered, all of the old favourites are looked at in detail, such as working with folders and files, accessing the Internet, using email, working with photos and video, networking with Windows and system security. Windows 8.1 will open your eyes to a new way of computing and Windows 8.1 for Seniors in easy steps will help you see clearly so that you can quickly feel comfortable and confident with this exciting new operating system. It is presented with the Senior reader in mind, using larger type, in the familiar In Easy Steps style. Covers Windows 8.1, Update 1.

**Internet and E-mail for Seniors with Windows 8** Mar 02 2020 Provides instructions for seniors on such topics as surfing the Internet, sending and receiving emails, protecting their computer from viruses and spyware, and downloading software.

Provides top-notch guidance from trusted and well-known Windows expert and author, Woody Leonhard Covers Windows 8 inside and out, including how to customize Windows 8, Windows 8 and the Internet, security, networking, multimedia, and more Make your move to Windows 8 easy with Windows 8 All-in-One For Dummies.

**Windows 8.1 For Seniors For Dummies** Jul 30 2022 Seniors, here's what you need to get up and running on Windows 8.1 Microsoft, now a little older and wiser, is back with Windows 8.1, the revamped version that brings fresh changes and welcome improvements to the Windows 8 operating system. And now you savvy seniors can get the very most out of this easier-to-use Windows 8.1 with our friendly new guide. Using large print that makes the book easier to read plus magnified screen shots to help make Windows less intimidating, this book walks you through common tasks and show you how to get things done in fine style. Helps you get to know Windows 8.1, including the basics of PC hardware, the return of the Start screen, the desktop interface, Windows 8.1 applications, customizing, and more Explores how you can best use the Web, including directions on connecting to the Internet, using the e-mail app, connecting with social networks, and messaging Puts the fun in the fundamentals of how to find and install new apps, work with digital photos, and play music and videos Offers practical steps on troubleshooting and maintenance, connecting other devices, storing and organizing files, and backing up your computer Uses straightforward explanations, minimal chit-chat, and easy-to-read large print - perfect for seniors Work faster and smarter - and enjoy yourself, too - with Windows 8.1 and Windows 8.1 For Seniors For Dummies.

**Window Tips Starter Guide** Sep 19 2021 Windows 8 is rife with features and behaviors that conspire to perplex even the most experienced PC user. Not all of them are bad, but few are immediately intuitive. Making

matters worse, Microsoft designed the OS primarily for touch control, and as a result many mouse and keyboard commands feel like tacked-on afterthoughts. But help is on the way. We've assembled a list of our favorite Windows 8 shortcuts, tricks, and workarounds. Many focus on making the most of the OS on a traditional desktop PC, but we also have a special chapter devoted to Windows 8 touch gestures.

**Windows 8 for the Older and Wiser** Jul 18 2021 A must-read book for seniors who are eager to get started with Windows 8! As one of the biggest and most highly anticipated technology releases, Windows 8 will be new territory to many PC users and may require a generous learning curve. Windows 8 for the Older and Wiser is an ideal guide for the senior computer user. Featuring an accessible writing style, a full-colour layout, an easy-to-read font, and a generous amount of screenshots, this resource covers everything from mouse and keyboard basics to surfing the Internet. No previous computing knowledge is assumed, so you get an easygoing style that skips the technical jargon. A friendly step-by-step approach helps you get through each topic, including what the "windows" are in Windows and how they work, how to customise your Windows desktop, get digital photos from your camera to your PC, and much more. Details how to create, save, organise, and find files Reviews all the desktop background options, font sizes, widgets, colours, and more Addresses troubleshooting solutions to common problems Walks you through setting up and using e-mail Demonstrates how to use the Internet for news, shopping, travel, and more Helps you use programs, navigate menus, enlarge fonts and icons, set the screen for best visibility, and more Windows 8 for the Older and Wiser is an easy-to-follow guide for the senior market for making the most of Windows 8.

**Windows 8 Hacks** Oct 01 2022 Teaches how to perform such modifications as running other versions of Windows within Windows 8, speeding up Web browsing, hacking Windows 8 mail, adding folders and programs to the start screen, and setting up a virtual private network.

*Windows For Tablets For Dummies* Oct 28 2019 Just for you--Windows 8 from the tablet user's perspective If you're an experienced Windows

user, you don't need a guide to everything that Windows 8 can do, just to those tools and functions that work on your tablet. And so here it is.
