Just Drive through It Nov 21 2021 Mental health is still a taboo subject, but it affects so many. In *Just Drive through It*, author Sierra Tango Alpha Romeo shares a chronicle of his life and the struggles of dealing with depression, anxiety, panic attacks, and PTSD. From his birth in Appalachia, to his service in the military, and his love for aviation, this memoir recalls Tango's many life events, including the near-fatal traffic accident while on active duty with a drunk driver that changed his life and the lives of his wife, children, and extended family forever. It narrates his battle with his many demons after the accident and tells how his deep faith in God helped him overcome the negative encounters that blocked his progress. In *Just Drive through It*, Romeo writes about family, friends, his relationship with God, the United Methodist Church, and answering the calling to be a certified lay speaker. It's a love story filled with God's presence, love, anger, disappointment, euphoria, wealth, health, transgressions, forgiveness, and memories that most people never dream of.

Lemon-Aid New Cars and Trucks 2011 Dec 31 2019 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, *Lemon-Aid* guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz – rich cars, poor quality. There's only one Saturn you should buy. Toyota – enough apologies: "when you mess up, 'fess up."

U. S. Motor Vehicle Industry Dec 11 2020 This is a print on demand edition of a hard to find publication. An in-depth analysis of the 2009 crisis in the U.S. auto industry and its prospects for regaining domestic and global competitiveness. Analyzes bus. and policy issues arising from the restructurings within the industry. The year 2009 was marked by recession and a crisis in global credit markets; the bankruptcy of GM and Chrysler; the incorp. of successor co.; hundreds of parts supplier bankruptcies; plant closings and worker buyouts; the cash-for-clunkers program; and increasing production and sales at year's end. Also examines the successes of Ford and the increasing presence of foreign-owned OEM, foreign-owned parts mfrs., competition from imported vehicles, and a buildup of global over-capacity that threatens the recovery of U.S. domestic producers.
