[The Ellipsis Manual](#) Apr 12 2021 Originally written as a manual for intelligence field operations... -You'll stop believing in free will. -LISA SCHMIDT, HUFFINGTON POST One look at the table of contents will give you an 'oh my God' moment. -The Ellipsis Manual is the kind of book that used to be locked away...deep in a vault underground...far away from the prying eyes of those who could misuse its power. With chapter titles like 'Methods of physically hacking the brain' and 'Shutting off human willpower,' what you're about to learn could make even the most well-trained CIA operative blush... And that's what leads me to say that if you're going to pick up your copy of The Ellipsis Manual today, you've got to make a firm commitment not to go to the dark side with this material. Because once you go through these pages, you'll be able to: -See through the masks people wear - exposing fears and insecurities no one else can see -Instantly detect when a partner, boss, or even a friend is lying to you -Covertly influence anyone, any time (with NO chance of being caught) -Hijack peoples' deepest thoughts, feelings, and favorite gestures...and leverage them to your advantage Implant whatever ideas and beliefs you want into the minds of people you want to persuade, control, or seduce ...and a WHOLE lot more. And once you have these powers, trust me-the temptation to misuse them will certainly be strong. Fight the urge. Stay true to your principles. And use what you're about to learn to help yourself and others-for your own good, as well as theirs. - Author and persuasion expert MICHAEL WITCOFF -One of the most frighteningly powerful books imaginable. It shows how to make a real life Manchurian Candidate complete with alternate personalities and amnesia. A process I didn't feel was possible till now. - DAVID BARRON a.k.a. DANTALION JONES - 8-time bestselling author including Mind Control 101 -If there was a manual on how to be James Bond, this is it. -TIM O'KEEFE -Chase Hughes is like Robert Cialdini on steroids. -ZACH HANDA

Trigger Point Self-Care Manual Aug 29 2022 A guide to the treatment of pain from common sports injuries and other physical activities • Contains at-home techniques to promote healing and self-awareness of the body's musculature • Explains how to relieve pain using manual massage in conjunction with small physio balls • Includes an illustrated treatment reference section organized by region of the body The vast majority of physical injuries incurred by active people begin with muscular injuries that are not addressed by the conventional medical approach to orthopedic care. Injuries of this type are generally too minor to warrant splinting, casting, or medication and often do not prevent participation in physical activities. They do, however, produce noticeable discomfort and, over time, frequently lead to more severe injuries. In Trigger Point Self-Care Manual Donna Finando presents methods for the healing and prevention of musculature injuries. She identifies the causes of and remedies for areas of muscular tightness and restriction and details many self-care techniques, including precise self-massage, stretching, and the use of wet heat and/or ice. In the fully illustrated reference section, organized by body part, she identifies the pain associated with trigger points in each muscle of the body and provides instructions for palpating, treating, and stretching the muscle in order to release it.

[Rum: The Manual](#) Jan 28 2020 This is a book about how to drink rum of all kinds. It's about classic rums and new-generation rums, about rum agricole and about premium aged rums, about rums from all over the world. It's about rum enjoyed with cola and ginger beer. About the best rum for a classic daiquiri. About rum cocktails that ooze style and personality. Above all, it's about enjoying your rum in all kinds of ways. The days of rum being seen as a minor spirit are over. The category has been reborn in recent years with developments such as the rise of premium aged rums and spiced rums. The range of rums available has widened dramatically, with tiki bars in every major city globally. Add in cachaça - Brazil's native cane spirit - and you have a hugely popular distillate. So there's no surprise that the premium rum market is growing at an astonishing rate - from 23 percent per annum in the US to 74 percent per annum in France, for example. The mission of this book is to help drinkers appreciate this complex spirit, find the style they like and discover how this versatile spirit can best be enjoyed. It will help you to understand your rum - how it's produced (whether from molasses, cane syrup or cane juice) and whether it's dry, sweet, fresh or oaky. More than 100 different rums are featured and analysed, from rich, sweet mellow Guyana rums to the vegetal peppery rums of Martinique or Guadeloupe and contemporary spiced rums. Dave Broom provides a description and graded tasting notes for each brand, allowing you to create the perfect mix every time. Finally, a selection of classic and contemporary cocktails shows just how wonderfully versatile this spirit is.

Baptism and the Baptists Jul 24 2019 Since its first publication in 2000, Baptism and the Baptists has become the definitive work on the subject. It examines the theology and practice of believers' baptism among twentieth-century Baptists associated with the Baptist Union of Great Britain, and identifies the major influences which have led to its development. In the nineteenth and early twentieth century, the majority of Baptists concentrated predominantly on the mode and subjects of baptism (immersion and believers), understanding the rite merely as an ordinance--the believer's personal profession of faith in Christ. However, in continuity with a tradition of Baptists going back as far as the first Baptists in the second and third decades of the seventeenth century, there were also a significant number of ministers and scholars who saw the inadequacy of this view of baptism both biblically and theologically. This sacramental view developed and grew throughout the twentieth century, and influenced a resurgence of baptismal sacramentalism in the early twenty-first century among Baptists not just in Britain, but also in North America, Europe, and further afield.
