The Genius Plague Nov 10 2020 WINNER of the 2018 Campbell Award for Best Novel A WALL STREET JOURNAL Best Science Fiction Book of 2017 In this science fiction thriller, brothers are pitted against each other as a pandemic threatens to destabilize world governments by exerting a subtle mind control over survivors. Neil Johns has just started his dream job as a code breaker in the NSA when his brother, Paul, a mycologist, goes missing on a trip to collect samples in the Amazon jungle. Paul returns with a gap in his memory and a fungal infection that almost kills him. But once he recuperates, he has enhanced communication, memory, and pattern recognition. Meanwhile, something is happening in South America; others, like Paul, have also fallen ill and recovered with abilities they didn't have before. But that's not the only pattern--the survivors, from entire remote Brazilian tribes to American tourists, all seem to be working toward a common, and deadly, goal. Neil soon uncovers a secret and unexplained alliance between governments that have traditionally been enemies. Meanwhile Paul becomes increasingly secretive and erratic. Paul sees the fungus as the next stage of human evolution, while Neil is convinced that it is driving its human hosts to destruction. Brother must oppose brother on an increasingly fraught international stage, with the stakes: the free will of every human on earth. Can humanity use this force for good, or are we becoming the pawns of an utterly alien intelligence?

The Collected Stories of Frank Herbert Feb 11 2021 The Collected Stories of Frank Herbert is the most complete collection of Herbert's short fiction ever assembled--thirty-seven stories originally published between 1952 and 1979, plus one story, "The Daddy Box," that has never been appeared before. Frank Herbert, the New York Times bestselling author of Dune, is one of the most celebrated and commercially successful science fiction writers of all time. But while best known for originating the character of Paul Atreides and the desert world of Arrakis, Herbert was also a prolific writer of short fiction. His stories were published individually in numerous pulps and anthologies spanning decades, but never collected. Until now. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Blade of the Poisoner Nov 22 2021 Marked with the tainted sword of the evil Prince Mephtik, Jarral Gullen will die horribly unless both the blade and the prince are destroyed by the next full moon. With the help of his friends, Archer, Scythe and the Lady Mandragorina - a band of magically talented adventurers - Jarral undertakes a perilous journey to Mephtik's demon-guarded fortress. Battling monsters and demons, they fight to overturn Jarral's sentence of death. According to the wizard Cryl, only Jarral can save the country from Mephtik's evil forces. Of the four friends, Jarral alone possesses the greatest magical talent. But will he live long enough to use it?

The Coming Storm May 17 2021 "This novel isn't just ripped from the headlines, it's an alarm bell ringing from the near-future, a prescient warning of where we're headed next. Read this now--before it's literally too late." - New York Times bestselling author James Rollins America is on the brink of collapse, devastated by a brutal government trying to silence its citizens, in *The Coming Storm*, the next action-packed thriller from Mark Alpert. New York City, 2023: Rising seas and superstorms have ravaged the land. Food and electricity are scarce. A dangerous Washington regime has terrorized the city, forcing the most vulnerable and defenseless people into the flood-ravaged neighborhoods. The new laws are enforced by an army of genetically enhanced soldiers, designed to be the fiercest and cruelest of killers. Genetic scientist Dr. Jenna Khan knows too much about how these super-soldiers were engineered: by altering the DNA sequence in ways that could change the fabric of humanity. Escaping arrest and on the run, Jenna joins forces with a genetically enhanced soldier gone rogue and a Brooklyn gang kingpin to resist the government's plan to manipulate the DNA of all Americans. The race is on to stop the evil experiment before it spreads the genetic changes...and transforms the human species forever.

The Ascension Factor Sep 08 2020 This final book in the "Destination: Void" collaboration between Frank Herbert and Bill Ransom, set twenty-five years after the previous book *The Lazarus Effect*, concludes the story of the planet Pandora. A stunning work from the acclaimed author of *Dune*, the series which inspired the 2021 Denis Villeneuve epic film adaptation, *Dune*, starring Oscar Isaac, Timothée Chalamet, Zendaya and Josh Brolin.

Direct Descent Feb 23 2022 Earth has become a library planet for thousands of years, a bastion of both useful and useless knowledge—esoterica of all types, history, science, politics—gathered by teams of “pack rats” who scour the galaxy for any scrap of information. Knowledge is power, knowledge is wealth, and knowledge can be a weapon. As powerful dictators come and go over the course of history, the cadre of dedicated librarians is sworn to obey the lawful government ... and use their wits to protect the treasure trove of knowledge they have collected over the millennia. By Frank Herbert, author of *Dune*.

The Green Brain Jan 25 2022 In an overpopulated world seeking living room in the jungles, the International Ecological Organization was systematically exterminating the voracious insects which made these areas uninhabitable. Using deadly foamal bombs and newly developed vibration weapons, men like Joao Martinho and his co-workers fought to clear the green hell of the Mato Grosso. But somehow those areas which had been completely cleared were becoming reinfested, despite the impenetrable vibration barriers. And tales came out of the jungles ... of insects mutated to incredible sizes ... of creatures who seemed to be men, but whose eyes gleamed with the chitinous sheen of insects. ... A fascinating examination of the fragile balance between consciousness, man and insect from one of the best-loved science fiction creators of all time. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The White Plague Nov 03 2022 When his wife and children are killed by a terrorist bomb in Dublin, a renegade Irish-American molecular biologist who calls himself the Madman unleashes a genetically carried plague that threatens all life on Earth. Reprint. 20,000 first printing.

Plague Year Jul 07 2020 "Terrifying." --Scott Sigler "Riveting." --David Brin "Rock-hard realistic." --James Rollins The nanotech was intended to save lives. Instead, it killed five billion people, devouring all warm-blooded lifeforms except on the highest mountain peaks. The safe line is 10,000 feet. Below, there is only death. Above, there is famine and war. Mankind's final hope rests with a scientist aboard the International Space Station... and with one man in California who gambles everything on a desperate mission into the ruins of the old world...

The Santaroga Barrier Oct 22 2021 Santaroga seemed to be nothing more than a prosperous farm community. But there was something . . . different . . . about Santaroga. Santaroga had no juvenile delinquency, or any crime at all. Outsiders found no house for sale or rent in this valley, and no one ever moved out. No one bought cigarettes in Santaroga. No cheese, wine, beer or produce from outside the valley could be sold there. The list went on and on and grew stranger and stranger. Maybe Santaroga was the last outpost of American individualism. Maybe they were just a bunch of religious kooks. . . . Or maybe there was something extraordinary at work in Santaroga. Something far more disturbing than anyone could imagine. A stunning work from the acclaimed author of *Dune*, the series which inspired the 2021 Denis Villeneuve epic film adaptation, *Dune*, starring Oscar Isaac, Timothée Chalamet, Zendaya and Josh Brolin.

Hellstrom's Hive Jun 29 2022 Frank Herbert's classic SF tale of an insect menace threatening the USA First published in 1973, Frank Herbert's vivid imagination and brilliant view of nature and ecology have never been more evident than in this classic of science fiction. America is a police state, and it is about to be threatened by the most hellish enemy in the world: insects. When the Agency discovered that Dr Hellstrom's Project 40 was a cover for a secret laboratory, a special team of agents was immediately dispatched to discover its true purpose and its weaknesses - it could not be allowed to continue. What they discovered was a nightmare more horrific and hideous than even their paranoid government minds could devise. A stunning work from the acclaimed author of *Dune*, the series which inspired the 2021 Denis Villeneuve epic film adaptation, *Dune*, starring Oscar Isaac, Timothée Chalamet, Zendaya and Josh Brolin.

Eye Jul 31 2022 A collection of short fiction by the best-selling author of *Dune* explores the theme of the human response--societies and individuals alike--to changing or threatening environments.

The Labyrinth Key Apr 27 2022 In a secret war waged in worlds both virtual and real, the fates of nations depend on the definitive weapon. And that weapon is knowledge—knowledge to die for. . . . The race is heating up between the U.S. and China to develop a quantum computer with infinite capabilities to crack any enemy's codes, yet keep secure its own secrets. The government that achieves this goal will win a crucial prize. No other computer system will be safe from the reach of this master machine. Dr. Jaron Kwok was working for the U.S. government to build such a computer. But in a posh hotel in Hong Kong, a Chinese policewoman sifts through the bizarre, ashlike remains of what's left of the doctor. With the clock ticking, alliances will be forged—and there are those who will stop at nothing to discover what the doctor knew. As the search for answers intensifies, it becomes chillingly clear that the quantum computer both sides so desperately want will be more powerful, more dangerous than anyone could have ever imagined. For in the twenty-first century, machines become gods, gods become machines, and the once-impossible now lies within reach. The key to unlimited knowledge will create the ultimate weapon of mass destruction—or humanity's last chance to save itself. . . .

Soul Catcher Sep 20 2021 Katsuk, a militant Native American student, kidnaps 13-year-old David Marshall—the son of the US Undersecretary of State. The two flee into the deepest wilds of the Pacific Northwest, where they must survive together as teams of hunters try to track them. David begins to feel a growing bond of respect for his captor, even as he struggles to escape. What the boy does not know, however, is that he has been chosen as an innocent from the white world for an ancient sacrifice of vengeance. And Katsuk may be divinely inspired . . . or simply insane.

The Jesus Incident Oct 29 2019 A determined group of colonists are attempting to establish a bridgehead on the planet Pandora, despite the savagery of the native lifeforms, as deadly as they are inhospitable. But they have more to deal with than just murderous aliens: their ship's computer has been given artificial consciousness and has decided that it is a God. Now it is insisting - with all the not inconsiderable force of its impressive array of armaments to back it up - that the colonists find appropriate ways to worship It. A stunning work from the acclaimed author of

Whipping Star Jul 19 2021 In the far future, humankind has made contact with numerous other species: Gowachin, Laclac, Wreaves, Pan Spechi, Taprisiots, and Caleban, and has helped to form the ConSentiency to govern among the species. After suffering under a tyrannous pure democracy, the sentiments of the galaxy find the need for a Bureau of Sabotage (BuSab) to slow the wheels of government, thereby preventing it from legislating recklessly. BuSab is allowed to sabotage and harass the governmental, administrative, and economic powers in the ConSentiency. Private citizens must not be harassed, and vital functions of society are also exempt. Jorj X. McKie is a born troublemaker who has become one of BuSab's best agents. Drafted for the impossible task of establishing meaningful communication with an utterly alien entity who defies understanding, McKie finds himself racing against time to prevent a mad billionaire from wiping out all life in the ConSentiency.

The Plague Stones Aug 08 2020 From the critically acclaimed author of Hekla's Children comes a dark and haunting tale of our world and the next. Fleeing from a traumatic break-in, Londoners Paul and Tricia Feenan sell up to escape to the isolated Holiwell village where Tricia has inherited a property. Scattered throughout the settlement are centuries-old stones used during the Great Plague as boundary markers. No plague-sufferer was permitted to pass them and enter the village. The plague diminished, and the village survived unscathed, but since then each year the village trustees have insisted on an ancient ceremony to renew the village boundaries, until a misguided act by the Feenans' son then reminds the village that there is a reason traditions have been rigidly stuck to, and that all acts of betrayal, even those committed centuries ago, have consequences...
