Deconstructing Dr. Strangelove Jan 23 2022 King of the Cold War crisis film, Dr. Strangelove became a cultural touchstone from the moment of its release in 1964. The duck-and-cover generation saw it as a satire on nuclear issues and Cold War thinking.

Subsequent generations, removed from the film's historical moment, came to view it as a quasi-documentary about an unfathomable secret world. Sean M. Maloney uses Dr. Strangelove and other genre classics like Fail Safe and The Bedford Incident to investigate a curious pop cultural contradiction. Nuclear crisis films repeatedly portrayed the failures of the Cold War's deterrent system. Yet the system worked. What does this inconsistency tell us about the genre? What does it tell us about the deterrent system, for that matter? Blending film analysis with Cold War history, Maloney looks at how the celluloid crises stack up against reality—or at least as much of reality as we can reconstruct from these films with confidence. The result is a daring intellectual foray that casts new light on Dr. Strangelove, one of the Cold War era's defining films.

American Light Trucks and Utility Vehicles, 1967-1989 Dec 22 2021 The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the

popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Popular Mechanics Oct 20 2021 Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

The Startup Owner's Manual Nov 20 2021 More than 100,000 entrepreneurs rely on this book. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owners Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Katy Northwest May 15 2021 "Katy Northwest will be of interest to scholars who are concerned with the economic, social, and political ramifications... of all light railroad branch lines... Will be warmly received by rail buffs and by loyal friends of the Katy." —from the Foreword by John W. Barriger, Special Assistant, Federal Railroad Administration, and former president of the Katy "If you are coming to this book for the first time, dive in! If you're picking it up again after an absence, welcome back. The Northwest District may be gone, but it lives forever here." —Fred Finley More than just a history of a branch line railroad, this is a premiere book, with not only facts and figures, but also excellent historical writing. It details Katy Northwest's birth, maturation, and decline as well as the devastating effect of its death on the communities it served.
