**Learn That Language Now** Feb 20 2022 Want to learn the quickest, easiest and most efficient way to learn a language to fluency? Don't waste any more time and money with classes, textbooks, audio courses, computer programs and other materials until you have read this. Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages... Read on to learn the secrets they don't give you in class. Life is good

for me. I am fluent in several languages and conversational in many more. I have friends I speak to on a daily basis who don't speak a word of English. My language ability has opened career doors and made immediate friends out of strangers. Better yet, I receive enjoyment out of using my languages daily in meeting people, watching movies and reading my favorite books. How was I able to learn a foreign language so fluently in such a short period of time? Let me give you a hint: it's not because I'm a genius, spend 10 hours a day studying or have some "gift" for learning languages. It's because I developed a METHOD that will allow you to IMMEDIATELY: Learn new words and phrases quicker than you ever have before and not worry about forgetting them! Speak without a single error. Natives will be scratching their heads wondering why you speak so much better than the other foreigners. Be able to "study" the language without getting bored ever! No more painful language learning. Become fluent quicker than anyone you know. I'm sure you know of people who have studied a language for a couple or more years. Now you can be fluent well within that time. Surprisingly, the best, easiest and quickest way to learn a language is not written in those textbooks, audio programs, computer programs or other materials. In fact, most of the time, they advocate a painful, hard way to get to fluency. What I've learned in the past 10 years is, it doesn't have to be painful or long! This isn't to say those materials are completely useless but if you want to gain from them as quickly and efficiently as possible, you need to incorporate them into a larger plan. I wrote this book to stop others from making the same mistakes I did when I started to

learn languages. I wrote it to show the fastest, quickest and most efficient way to learn languages so that you don't waste a single minute or dollar. I've read a lot of material about language learning and used a lot of different methods. I've discovered what works and what doesn't. Everything I've written in my book is the tips, secrets and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience. I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. Many people spend thousands of dollars or more on audio programs, textbooks, classes and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently.

But there is also a third child: a young boy who looks malnourished and abused, and tosses small stones at her window in an apparent call for help. The family denies his existence. But is the little boy real, or merely a hallucination of a lonely, mentally unstable old woman cut off from her own beloved grandson? When the police refuse to listen to her, Madame PrEau decides to take matters into her own hands. She's determined to help the little boy, and she'll do anything to make sure he's safe ...

*Pure* Sep 22 2019 A year of bones, of grave-dirt, relentless work. Of mummified corpses and chanting priests. A year of rape, suicide, sudden death. Of friendship too. Of desire. Of love... A year unlike any other he has lived. Deep in the heart of Paris, its oldest cemetery is, by 1785, overflowing, tainting the very breath of those who live nearby. Into their midst comes Jean-Baptiste Baratte, a young, provincial engineer charged by the king with demolishing it. At first Baratte sees this as a chance to clear the burden of history, a fitting task for a modern man of reason. But before long, he begins to suspect that the destruction of the cemetery might be a prelude to his own.

**Flirting with French** Aug 26 2022 In this “charming memoir,” a determined Francophile pursues fluency in the language he loves—and we read along to find out if it will ever love him back (Kirkus Reviews). William Alexander is more than a Francophile. He wants to be French. If only he could speak the language. In *Flirting with French*, Alexander eats, breathes, and sleeps au français. He travels to France, where mistranslations send him bicycling off in all sorts of wrong directions. At an immersion class in Provence where he faces the riddle of masculine breasts, feminine beards, and a turkey cutlet of uncertain gender, he wonders if he should’ve taken up golf instead. While playing hooky from grammar lessons and memory techniques, Alexander reports on the riotous workings of the Académie Française, the centuries-old institution charged with keeping the language pure; explores the science of human communication, learning

why it's harder for fifty-year-olds to learn a second language than it is for five-year-olds. Never giving up his quest for fluency, Alexander discovers that studying French may have had a far greater impact on his life than actually learning to speak it ever would. "Alexander proves that learning a new language is an adventure of its own—with all the unexpected obstacles, surprising breakthroughs and moments of sublime pleasure traveling brings." —Julie Barlow, author of *The Bonjour Effect*

Sticks and Stones Sep 27 2022 Lew French is a master stonemason who finds and gathers hundreds of individual stones to create a single fireplace or an outdoor stone wall

that looks like it had been there for hundreds of years. Rather than use a chisel, his stones have to fit together naturally; he remembers and fits them together in his mind's eye. From a huge outdoor water feature at an office building near Boston, to a residential landscape on Chappaquiddick, to his own retreat home in the mountains of Brazil, each creation is breathtaking. New to this second book on Lew French's designs, are gallery-quality, framed art pieces, puzzled together from rock and driftwood, resulting in one-of-a-kind wall sculptures. Fans of natural building and all kinds of masonry will be more than impressed. Lew French is the designer, architect, and builder of his work. He has spent over 30 years working on Martha's Vineyard, Boston, in the Adirondacks, and other Northeastern locations. He has built his own home in Brazil. He was inducted into the New England Design Hall of Fame in 2015. Alison Shaw is a fine art and editorial photographer who works and teaches on Martha's Vineyard. Over 8,000 of her original fine art prints are in public and private collections. There are 19 books of her work so far, including a book she wrote about photographing Martha's Vineyard.

**The Stone Face** Apr 22 2022 A roman à clef about racism, identity, and bohemian living amidst the tensions and violence of Algerian War-era France, and one of the earliest published accounts of the Paris massacre of 1961. As a teenager, Simeon Brown lost an eye in a racist attack, and this young African American journalist has lived in his native Philadelphia in a state of agonizing tension ever since. After a violent encounter with white sailors, Simeon makes up his mind to move to Paris, known as a safe haven for black artists and intellectuals, and before long he is under the spell of the City of Light, where he can do as he likes and go where he pleases without fear. Through Babe, another black American émigré, he makes new friends, and soon he has fallen in love with a Polish actress who is a concentration camp survivor. At the same time, however, Simeon begins to suspect that Paris is hardly the racial wonderland he imagined: The French government is struggling to suppress the revolution in Algeria, and Algerians are regularly stopped and searched, beaten, and arrested by the French police,

while much worse is to come, it will turn out, in response to the protest march of October 1961. Through his friendship with Hossein, an Algerian radical, Simeon realizes that he can no longer remain a passive spectator to French injustice. He must decide where his true loyalties lie.
