Political Creativity Jan 12 2021 Political Creativity intervenes in the lively debate currently underway in the social sciences on institutional change. Editors Gerald Berk, Dennis C. Galvan, and Victoria Hattam, along with the contributors to the volume, show how institutions inevitably combine order and change, because formal rules and roles are always available for reconfiguration. Creative action is not the exception but the very process through which all political formations are built, promulgated and changed. Drawing on the rich cache of antidualist theoretical traditions, from poststructuralism and ecological theory to constructivism and pragmatism, a diverse group of scholars probes acts of social innovation in many locations: land boards in Botswana, Russian labor relations, international statistics, global supply chains, Islamic economics in Algeria, Islamic sects and state authority in Senegal, and civil rights reform, colonization, industrial policy, and political consulting in the United States. These political scientists reconceptualize agency as a relational process that continually reorders the nature and meaning of people and things, order as an assemblage that necessitates creative tinkering and interpretation, and change as the unruly politics of time that confounds the conventional ordering of past, present, and future. Political Creativity offers analytical tools for reimagining order and change as entangled processes. Contributors: Stephen Amberg, Chris Ansell, Gerald Berk, Kevin Bruyneel, Dennis C. Galvan, Deborah Harrold, Victoria Hattam, Yoshiko M. Herrera, Gary Herrigel, Joseph Lowndes, Ato Kwamena Onoma, Adam Sheingate, Rudra Sil, Ulrich Voskamp, Volker Wittke.

Lemon-Aid New Cars and Trucks 2010 May 04 2020 As U.S. and Canadian automakers and dealers face bankruptcy and/or unprecedented downsizing, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 35 years, pulls no punches. This compendium of everything that's new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select what's safe, reliable, and fuel-frugal. Know all about profit margins, rebates, and safety defects. And when things go wrong, fight back! Lemon-Aid's complaint tactics, sample letters, Internet gripe sites, and winning jurisprudence will get you attention — and a refund!

Popular Culture May 16 2021 Popular Culture: A User's Guide, International Edition ventures beyond the history of pop culture to give readers the vocabulary and tools to address and analyze the contemporary cultural landscape that surrounds them. Moves beyond the history of pop culture to give students the vocabulary and tools to analyze popular culture suitable for the study of popular culture across a range of disciplines, from literary theory and cultural studies to philosophy and sociology Covers a broad range of important topics including the underlying socioeconomic structures that affect media, the politics of pop culture, the role of consumers, subcultures and countercultures, and the construction of social reality Examines the ways in which individuals and societies act as consumers and agents of popular culture

Exploring Everyday Things with R and Ruby Dec 11 2020 If you're curious about how things work, this fun and intriguing guide will help you find real answers to everyday problems. By using fundamental math and doing simple programming with the Ruby and R languages, you'll learn how to model a problem and work toward a solution. All you need is a basic understanding of programming. After a quick introduction to Ruby and R, you'll explore a wide range of questions by learning how to assemble, process, simulate, and analyze the available data. You'll learn to see everyday things in a different perspective through simple programs and common sense logic. Once you finish this book, you can begin your own journey of exploration and discovery. Here are some of the questions you'll explore: Determine how many restroom stalls can accommodate an office with 70 employees Mine your email to understand your particular emailing habits Use simple audio and video recording devices to calculate your heart rate Create an artificial society—and analyze its behavioral patterns to learn how specific factors affect our real society

Lemon-Aid New Cars and Trucks 2011 Oct 28 2019 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

Lemon-Aid New Cars and Trucks 2012 Jun 04 2020 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation)Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway)Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive EngineersGM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade agoYou can save \$2,000 by cutting freight fees and "administrative" chargesDiesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of ureaLemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki

Market Entry in China Nov 29 2019 This book compiles brand new case studies on the intricacies and market entry strategies of different companies in China. The sheer speed and scope of China's growth makes it unique and investment opportunities are very attractive. Despite the potential, many western companies fail in their market entry strategies. This book traces the major sources of failure and uses cases to illustrate how firms can better cope with the challenging Chinese market. With a special focus on marketing, positioning, and branding, this book presents issues and solutions of both large multinationals and small niche market players.

Evaluation of Cooperative Planning in Supply Chains Apr 02 2020 Luis Martín Díaz shows why some companies are still reluctant to cooperate with partners in the supply chain even though it may be advantageous to them. Based on an extensive survey within the European automotive industry, he proposes solutions to this paradox and describes a prototype for the assessment of the added-value of cooperation.
