The Family Christmas Tree Book Nov 12 2020 One family tells the history of the Christmas tree while decorating its own In this warmly illustrated book, a family trims its Christmas tree. As the mother, father, grandmother, and children decorate together, they tell the story of how Christmas trees came to be, including the changes in size and appearance over time, and the way ornaments were first introduced. Tomie dePaola effortlessly weaves together little-known historical facts with the story of one family's traditions. This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration.

Eyes Wide Open Sep 22 2021 In this New York Times bestseller, Isaac Lidsky draws on his experience of achieving immense success, joy, and fulfillment while losing his sight to a blinding disease to show us that it isn't external circumstances, but how we perceive and respond to them, that governs our reality. Fear has a tendency to give us tunnel vision—we fill the unknown with our worst imaginings and cling to what's familiar. But when confronted with new challenges, we need to think more broadly and adapt. When Isaac Lidsky learned that he was beginning to go blind at age thirteen, eventually losing his sight entirely by the time he was twenty-five, he initially thought that blindness would mean an end to his early success and his hopes for the future. Paradoxically, losing his sight gave him the vision to take responsibility for his reality and thrive. Lidsky graduated from Harvard College at age nineteen, served as a Supreme Court law clerk, fathered four children, and turned a failing construction subcontractor into a highly profitable business. Whether we're blind or not, our vision is limited by our past experiences, biases, and emotions. Lidsky shows us how we can overcome paralyzing fears, avoid falling prey to our own assumptions and faulty leaps of logic, silence our inner critic, harness our strength, and live with open hearts and minds. In sharing his hard-won insights, Lidsky shows us how we too can confront life's trials with initiative, humor, and grace.

Becoming Clementine Aug 02 2022 From the author of the New York Times bestseller All the Bright Places—soon to be a Netflix film starring Elle Fanning—comes a spellbinding story of a secret mission and dangerous passion in World War II Paris. After delivering a B-17 Flying Fortress to Britain, an American volunteer to copilot a plane carrying special agents to their drop spot over Normandy. Her personal mission: to find her brother, who is missing in action. After her plane is shot down, though, she's on the run for her life. In Paris, the beautiful aviatrix Velva Jean Hart becomes Clementine Roux, a daring woman on an epic adventure with her team to capture an operative known only as "Swan." Once settled on Rue de la Néva, Clementine works as a spy with the Resistance and finds herself falling in love with her fellow agent, Émile, a handsome and mysterious Frenchman with secrets of his own. When Clementine ends up in the most brutal prison in Paris, trying to help Émile and the team rescue Swan, she discovers the depths of human cruelty, the triumph of her own spirit, and the bravery of her team, who will stop at nothing to carry out their mission. Readers of 22 Britannia Road, The Postmistress, and Suite Francaise will cherish Becoming Clementine—a romantic World War II adventure told from the perspective of a courageous and beautiful heroine.

Burnout bei Sozialarbeitern Aug 10 2020 "Das Buch gibt Anleitung zur Selbsthilfe und sozialen Unterstützung im sozialen Nahraum, in der Institution und durch Supervision für Betroffene, die bereits genug Problembewusstsein besitzen um sich arbeiten zu können, aber noch stabil genug sind, um nicht psychotherapeutische Hilfe zu benötigen. Eine Stärke des Buchs ist die konkrete und strukturierte Anleitung zur Selbsthilfe und zur Nutzung sozialer Unterstützung." (Wolfgang Widulle,

socialnet, 20.05.2009) "Mit seiner differenzierten Untersuchung empfiehlt sich das Buch vor allem für Betroffene sowie Studierende und Praktizierende der Bereiche Sozialen Arbeit, Psychologie, Pädagogik und Medizin." (Soziale Arbeit 3/2009) "Maroon präsentiert spezialisiert auf die Bedürfnisse von Sozialarbeitern ausgerichtete Behandlungsmethoden. Er zeigt anschaulich, wo sich Betroffene am Arbeitsplatz und privat Unterstützung holen können." (Wohlfahrt intern, Ausgabe 09/2010 - "Eine Ampel gegen den Stress") „...sehr genau, sensibel und kenntnisreich schildert der Autor die alltäglichen Belastungen im Berufsfeld Sozialer Arbeit, die hier wie dort durchaus ähnlich zu sein scheinen und die ein Burnout bei den Fachkräften verursachen können.“ „Insgesamt [...] ist dieses Buch ein ganz wichtiger Beitrag zur Fachdiskussion auch in Deutschland, das hoffentlich hilft, ein Burnout bei den Fachkräften zu verhindern.“ (Irmhild Poulsen (Juventa)) "I enjoyed very much reading "Burnout bei Sozialarbeitern" and I really understand that there is such a good resonance." Prof. Dr. Christoph Steinebach, Director IAP (Institut für Angewandte Psychologie), Zürcher Hochschule für Angewandte Wissenschaften, Schweiz. Der langwierige und sich phasenweise vollziehende Prozess des Burnout findet in individuell unterschiedlichen physischen und emotionalen Symptomen und Verhaltensmustern Ausdruck. Allgemein gekennzeichnet ist er durch den Verlust von Arbeitseffizienz und Motivation, der Sozialarbeiter entwickelt eine zynische und abweisende Grundstimmung seinen Klienten, aber auch der eigenen Arbeit gegenüber. Die mit Burnout verbundenen Probleme führen besonders zur Desillusionierung. Deshalb ist der Zustand des „Ausgebranntseins“ nicht nur eine persönliche Angelegenheit des Betroffenen, sondern beeinträchtigt auch maßgeblich das berufliche Umfeld: die von ihm als hoffnungslos etikettierten Mandanten und damit nicht zuletzt die Funktionalität der jeweiligen sozialen Institution. Istifan Maroon sucht in seiner Studie nach Ursachen für dieses Phänomen und bietet Strategien und Modelle, um es zu behandeln oder sogar zu verhindern. Er zeigt Interventionsmöglichkeiten und Behandlungsmethoden für die Bedürfnisse von Sozialarbeitern in den unterschiedlichen Phasen ihrer beruflichen Entwicklung auf. Dabei liegt sein Hauptaugenmerk auf potenziellen Unterstützungssystemen am Arbeitsplatz und im privaten Bereich der Betroffenen.

Olfaction Jan 03 2020 Our senses shape our reality and allow us to adapt to the everlasting changing environment. From all sensory modalities, olfaction is maybe the most intriguing one, probably because olfactory information influences our daily life without us even noticing. However, we can all relate to the powerful impact that the smell of our favorite food has on us. Likewise, olfactory cues could be determinants for partner selection (because love can be blind but not anosmic), mood regulation and cognition. Furthermore, recent studies link early olfactory dysfunctions to the occurrence of devastating pathologies, such as Alzheimer's and Parkinson's. Thus, the study of olfaction, at different levels from genetics to behavior, will pave the way for a better understanding of brain processes and associated disorders.

Early Printed Virgil Editions from 1500 – 1800 Sep 10 2020 Die vorliegende Bibliografie bietet einen Katalog von etwa 1.135 frühen Druckausgaben und einem halben Dutzend Handschriften, die die Werke des römischen Dichters Vergil sowie zugehöriges Material enthalten. Es wird etwa ein Drittel aller bekannten Ausgaben erfasst. Weltweit handelt es sich hiermit um die größte derartige Sammlung in Privatbesitz. Die Sammlung beinhaltet mehr Vergil-Ausgaben als alle bis auf eine Handvoll der größten öffentlichen Bibliotheken, die ihre Bestände nicht im Detail katalogisiert haben. Zwei Drittel der erfassten Bücher werden vollständig bibliografisch beschrieben; für den Rest gibt es Kurzeinträge, die auf anderenorts publizierte umfassende Beschreibungen verweisen. Mit dem dargebotenen Material lässt sich die Rezeption des größten und einflussreichsten römischen Dichters präzise nachvollziehen für ein Lesepublikum mit Interesse am Klassizismus, der Geschichte der Frühen Neuzeit sowie der Buchgeschichte. ***** This bibliography provides a catalogue of some 1,135 early printed editions and a half dozen manuscripts that contain the works of the Roman poet Virgil and related material. Included here are approximately one-third of all the known editions, which constitutes the largest such collection in private hands anywhere in the world. This collection contains more Virgil editions than all but a handful of the largest public libraries, which have not described their holdings in any detail. Full bibliographical descriptions are provided for two-thirds of the books recorded here, with a short-title entry for the remainder that directs the reader to a full description that has been published elsewhere. The bibliography offers the material with which the reception of Rome's greatest and most influential poet can be traced precisely, which will make it of interest to classicists, intellectual historians of the early modern period, and specialists in book history.

Trauma, Primitivism and the First World War Mar 29 2022 This book examines the extraordinary life of Frank "Toronto" Prewett and the history of trauma, literary expression, and the power of self-representation after WWI. Joy Porter sheds new light on how the First World War affected the Canadian poet, and how war-induced trauma or "shell-shock" caused him to pretend to be an indigenous North American. Porter investigates his influence of, and acceptance by, some of the most significant literary figures of the time, including Siegfried Sassoon, Edmund Blunden, Wilfred Owen and Robert Graves. In doing so, Porter skillfully connects a number of historiographies that usually exist in isolation from one another and rarely meet. By bringing together a history of the WWI era, early twentieth century history, Native American history, the history of literature, and the history of class Porter expertly crafts a valuable contribution to the field.

A Touch of Light Jan 15 2021 The dead shall not be mourned or remembered, for death is the enemy and will only drive the Seraph away. The Domain is the bastion of life. The Seraph blesses her faithful with endless years, and they keep death away in hope for Her return, but The Domain nations are not the only ones in Avarin. They have managed only a tenuous peace with the clans to the south, who believe life must be returned to the Earth to keep it whole. Yet the world of Avarin is changing. In the clanlands, parts of the Earth seem to be withering away, while in the Domain, a deadly frenzy spreads among the people. It brings darkness to the minds of men and bloodlust to their hearts. This sickness threatens more than just the peace in the realm. It imperils its very heart. Now the people of Avarin must fight to save it. Before death comes for them all. Dive into this sweeping epic fantasy saga of a world where religion and politics are one, magic brings terror into the hearts of men, and a looming blight threatens to tear everything down.

Contemporary Issues in Multicultural and Global Education Dec 02 2019 In response to the COVID-19 pandemic, many educational institutions across the globe had to close in-person learning and turn to online learning. Previous predictions on the future of education discussed the globalization of education through online learning that breaks down geographical barriers. However, many students, parents, and educators are still finding it challenging to adapt to new methods of instruction. Creating global and multicultural classrooms creates additional challenges, especially when considering diverse, at-risk, and low-income student populations. Further study of these challenges is required to improve the future of global education. Contemporary Issues in Multicultural and Global Education discusses research, strategies, best practices, and insights dealing with important issues related to multicultural and global education. Covering topics such as remote learning and sustainable leadership, this premier reference source is ideal for educators, policymakers, administrators, curriculum designers, researchers, academics, and students.

American Fuehrer Oct 12 2020 The founder of the American Nazi party and its leader until he was murdered in 1967, George Lincoln Rockwell was one of the most significant extremist strategists and ideologists of the postwar period. His influence has only increased since his death. A powerful catalyst and innovator, Rockwell broadened his constituency beyond the core Radical Right by articulating White Power politics in terms that were subsequently appropriated by the one-time klanman David Duke. He played a major role in developing Holocaust revisionism, now an orthodoxy of the Far Right. He also helped politicize Christian Identity, America's most influential right-wing religious movement, and welded together an international organization of neo-Nazis. All of these extremist movements continue to thrive today. Frederick Simonelli's biography of this powerful and enigmatic figure draws on primary sources of extraordinary depth, including declassified FBI files and manuscripts and other materials held by Rockwell's family and associates. The first objective assessment of the American Nazi party and an authoritative study of the roots of neo-nazism, neo-fascism, and White Power extremism in postwar America, American Fuehrer is shocking and absorbing reading.
