OECD/G20 Base Erosion and Profit Shifting Project Making Dispute Resolution More Effective – MAP Peer Review Report, Trinidad and Tobago (Stage 2) Inclusive Framework on BEPS: Action 14 Oct 24 2021 Under BEPS Action 14, members of the OECD/G20 Inclusive Framework on BEPS have committed to implement a minimum standard to strengthen the effectiveness and efficiency of the mutual agreement procedure (MAP). The MAP is included in Article 25 of the OECD Model Tax Convention and commits countries to endeavour to resolve disputes related to the interpretation and application of tax treaties. The BEPS Action 14 Minimum Standard has been translated into specific terms of reference and a methodology for the peer review and

monitoring process. The peer review process is conducted in two stages. Stage 1 assesses countries against the terms of reference of the minimum standard according to an agreed schedule of review. Stage 2 focuses on monitoring the follow-up of any recommendations resulting from jurisdictions' Stage 1 peer review report. This report reflects the outcome of the Stage 2 peer monitoring of the implementation of the BEPS Action 14 Minimum Standard by Trinidad and Tobago.

Robert's Rules of Order Jun 19 2021 Robert's Rules of Order by Henry M. Robert There appears to be much needed a work on parliamentary law, based, in its general principles, upon the rules and practice of Congress, and adapted, in its details, to the use of ordinary societies. Such a work should give, not only the methods of organizing and conducting the meetings, the duties of the officers and the names of the ordinary motions, but in addition, should state in a systematic manner, in reference to each motion, its object and effect; whether it can be amended or debated; if debatable, the extent to which it opens the main question to debate; the circumstances under which it can be made, and what other motions can be made while it is pending. This Manual has been prepared with a view to supplying the above information in a condensed and systematic manner, each rule being either complete in itself, or giving references to every section that in any way qualifies it, so that a stranger to the work can refer to any special subject with safety. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Mandated Corporate Social Responsibility Sep 10 2020 This book examines the Indian mandate for Corporate Social Responsibility (CSR) and its implementations in various individual organizations. Although the mandate is applicable only to certain large and stable companies, many believe that India is poised to become the birthplace of social, economic and environmental transformation, given the immense size of the Indian population and its challenging socio-economic index. The book explores the various facets of CSR investigation and places special emphasis on the Schedule VII of the Indian Companies Act of 2013, which defines specific areas of intervention for these companies. In addition, it provides a wealth of first-hand case studies that exemplify the ongoing developments and the fundamental challenges and opportunities of mandated CSR.

Uganda Apr 05 2020 This Technical Assistance Report discusses the findings and recommendations made by the IMF mission regarding monetary and foreign exchange operations in Uganda, Bank of Uganda (BOU) recapitalization, and Bank of Uganda Act revision. The presence of sizable precautionary and involuntary reserves and excessive short-end volatility has weakened the transmission mechanism in Uganda. The key challenge remains to enhance monetary and fiscal policy coordination and to ensure that institutional and operational arrangements are robust and conducive to efficient monetary operations framework. The BOU should raise the effectiveness of the monetary and foreign exchange operations framework. To foster further market development there is need to anchor short-term interest rates by using various finetuning instruments to ensure improved operational efficiency and strengthen transmission of policy signals across the curve.
