[LIFE 50 Years of James Bond](#) Feb 13 2021 Fifty years (and five billion dollars in ticket sales) ago, the dashing Scottish actor Sean Connery declared suavely that he was "Bond, James Bond." Thus began a cinematic series unlike any other. In November 2012, *Skyfall*, the 23rd movie in what is seen as the authorized line of Bond films, will be released, with Daniel Craig (the sixth Bond) again in the lead role. The world will once more stream to the theaters for another dose of Bond. LIFE was on the scene in the swinging '60s when James Bond became a cultural icon (in fact, when we put the gold-painted actress Shirley Eaton on the cover in 1964, we helped him along), and now LIFE tells the whole story in this commemorative book. Ian Fleming, a high-ranking officer in British Naval Intelligence of World War II, dreamt up his M16 spy, code number 007, in 1953, and a decade later, with Dr. No, *From Russia With Love* and then the smash *Goldfinger*, saw his creation take on a life entirely his own. All the fun of Bond is here: The movies; the reminiscences by the stars; the LIFE photo shoots; the knockoffs and spoofs ("The Man from U.N.C.L.E.," "Get Smart," "I Spy," the first *Casino Royale*); the artifacts (a model of Bond's Aston Martin DB5 was one of the best-selling toy of 1965); the trivia and inside information on M, Q and Money—anything a Bond fan would want, packed into one book and then shaken, not stirred. James Bond was, back in the day, one of those cultural phenomena tailor-made for LIFE: It was bright and colorful and vibrant. Today, it still is. Happy birthday, and welcome back, Commander Bond.

[The Goldfinger Files](#) Jul 09 2020 Unseen images and documents from the ultimate Bond film Perhaps the classic James Bond film, *Goldfinger* (1964) undoubtedly marked the beginning of 1960s Bondmania. Incorporating much unpublished material, including photographs and the original typed screenplay, *The Goldfinger Files* is an illustrated history of the film's iconic scenes shot in Switzerland's Urseren Valley, crowned by the car chase with Bond's gadget-laden Aston Martin. To maximize publicity for the film, its makers took the unorthodox step of inviting journalists and photographers onto the set, resulting in a wealth of photos, including those by Hans Gerber, Josef Rittler and Erich Kocian. These give us an insider's view of the famous sequence—*Goldfinger's* Rolls-Royce on the dusty mountain road, Tilly Masterson's failed assassination attempt on him, the chase between her Mustang and Bond's Aston Martin and finally *Goldfinger's* smelting factory. Dozens of private pictures revealing candid, behind-the-scenes moments complete this documentary flipbook of golden-age James Bond culture. Surfing for God Aug 22 2021 "Every man who knocks on the door of a brothel is knocking for God." – G. K. Chesterton What if lust for porn is really a search for true passion? In a world where there are 68 million searches for pornography every day and where over 70 percent of Christian men report viewing porn in the last year, it's no surprise that more and more men struggle with an addiction to this false fantasy. Common wisdom says if they just had more willpower or more faith, their fight would be over. Is the answer really that simple? According to the counselor and ministry leader Michael John Cusick, the answer is no—but the big truth may be much more freeing. Backed by scripture, Cusick uses examples from his own life and from his twenty years of counseling experience to show us how the pursuit of empty pleasure is really a search for our heart's deepest desire—and the real key to resistance is discovering and embracing the joy we truly want. Cusick's insights help readers understand how porn struggles begin, what to do to prevent them, and most importantly, how to overcome the compulsion once it begins. In the end, this powerful book shows us all how the barrier built by porn addiction can become a bridge to abundant life.

Some Kind of Hero Apr 29 2022 For over 50 years, Albert R. Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry, enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly, this family run business has been crowned with box office gold and recognised by motion picture academies around the world. However, it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico; changing fashions and politics led to box office disappointments; and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds the filmmakers continue to write new life from the series, and 2012's Skyfall saw both huge critical and commercial success, crowning 007 as the undisputed king of the action genre. Some Kind of Hero recounts this remarkable story, from its origins in the early '60s right through to the present day, and draws on hundreds of unpublished interviews with the cast and crew of this iconic series.

Bond, Beauties and Villains Nov 12 2020 - Iconic portraits and contact sheets from Goldfinger, Diamonds are Forever, Live and Let Die, Golden Eye and the Bond spoof, Casino Royale - The new James Bond film, No Time to Die, releases world-wide in April 2020 - Documented by one of the world's greatest photographers: Terry O'Neill - Contributions from actors including Honor Blackman, George Lazenby and Jane Seymour - Includes rare and unseen images - The perfect gift for fans of James Bond Terry O'Neill was given his first chance to photograph Sean Connery as James Bond in the film Goldfinger. From that moment, O'Neill's association with Bond was made: an enduring legacy that has carried through to the era of Daniel Craig. It was O'Neill who captured gritty and roughish pictures of Connery on set, and it was O'Neill who framed the super-suave Roger Moore in Live and Let Die. His images of Honor Blackman as Pussy Galore are also important, celebrating the vital role of women in the James Bond world. But it is Terry O'Neill's casual, on-set photographs of a mischievous Connery walking around the casinos of Las Vegas or Roger Moore dancing on a bed with co-star Madeline Smith that show the other side of the world's most recognizable spy. Terry O'Neill opens his archive to give readers - and viewers - the chance to enter the dazzling world of James Bond. Lavish color and black and white images are complemented by insights from O'Neill, alongside a series of original essays on the world of James Bond by BAFTA-longlisted film writer, James Clarke; and newly-conducted interviews with a number of actors featured in O'Neill's photographs.

While Inside Apple is ostensibly a deep dive into one, unique company (and its ecosystem of suppliers, investors, employees and competitors), the lessons about Jobs, leadership, product design and marketing are universal. They should appeal to anyone hoping to bring some of that Apple magic to their own company, career, or creative endeavor.
