by Henry M. Robert There
appears to be much needed a
work on parliamentary law,
based, in its general principles,
upon the rules and practice of
Congress, and adapted, in its
details, to the use of ordinary
societies. Such a work should
give, not only the methods of
organizing and conducting the
meetings, the duties of the
officers and the names of the
ordinary motions, but in
addition, should state in a
systematic manner, in
reference to each motion, its
object and effect; whether it
can be amended or debated; if
debatable, the extent to which
it opens the main question to
debate; the circumstances
under which it can be made,
and what other motions can be
made while it is pending. This
