Maria Finds Courage Jan 01 2020 Find the Courage to Try Something New When Maria's family moves to a new town, her parents sign her up for the summer soccer team to help her meet new friends. But Maria has never tried soccer before. She would rather be back on her old swim team. Maria is afraid she will be the worst player and no one will like her. Coach Tony and Coach Lauren remind Maria everything is new at first. Maria will have to give soccer a try to see if she likes it. What have you wanted to try but were afraid to? Like Maria, you can have the courage to try something new, because who knows? That new thing you try might just become your next favorite thing! *** Join the Team! The Team Dungy series of picture books for young readers, ages 6-9, teaches character-building lessons through the familiar world of sports.

The Interpretation of Fairy Tales Mar 27 2022 A Jungian psychologist explains how careful analyses of fairy tales like "Beauty and the Beast" can lead to a better understanding of human psychology. Of the various types of mythological literature, fairy tales are the simplest and purest expressions of the collective unconscious and thus offer the clearest understanding of the basic patterns of the human psyche. Every people or nation has its own way of experiencing this psychic reality, and so a study of the world's fairy tales yields a wealth of insights into the archetypal experiences of humankind. Perhaps the foremost authority on the psychological interpretation of fairy tales is Marie-Louise von Franz. In this book—originally published as *An Introduction to the Interpretation of Fairy Tales*—she describes the steps involved in analyzing and illustrates them with a variety of European tales, from "Beauty and the Beast" to "The Robber Bridegroom." Dr. von Franz begins with a history of the study of fairy tales and the various theories of interpretation. By way of illustration she presents a detailed examination of a simple Grimm's tale, "The Three Feathers," followed by a comprehensive discussion of motifs related to Jung's concept of the shadow, the anima, and the animus. This revised edition has been corrected and updated by the author.

The Reception of Grimms' Fairy Tales Sep 08 2020 "The essays address the reception of the Grimms' texts by their readers; the dynamics between Grimms' collection and its earliest audiences; and aspects of the literary, philosophical, creative, and oral reception of the tales, illuminating how writers, philosophers, artists, and storytellers have responded to, reacted to, and revised the stories, thus shedding light on the ways in which past and contemporary transmitters of culture have understood and passed on the Grimms' tales."--BOOK JACKET. **Brothers & Beasts** Mar 15 2021 Breaks new ground in fairy-tale studies by offering male writers a chance to reflect on their relationships to fairy tales.

The Annotated Brothers Grimm Jan 25 2022 "This is the book I wanted as a child and didn't have, the book I'd have liked both to give to my children and to keep for myself, the book I shall give my grandchildren." —A. S. Byatt, from the introduction to *The Annotated Brothers Grimm* Of all of the rich fairy-tale collections that exist in countries throughout the world, few are better known than those gathered almost two centuries ago by a pair of German brothers—Jacob and Wilhelm Grimm—in their *Children's Stories and Household Tales*, first published in 1812. Endlessly recast and reimagined in poetry and prose, on the screen and onstage, these stories are forever etched in our imagination. Here, in this bicentennial edition of *The Annotated Brothers Grimm*, Maria Tatar presents these timeless stories in a sumptuous and visually powerful format that helps reshape our understanding of the Brothers Grimm. Drawing from the final authoritative version in the mid-nineteenth century, Tatar, an internationally recognized scholar in the field of folklore and children's literature, has translated and provided commentary for more than fifty Grimm stories, judiciously selecting tales that resonate with modern audiences and reveal the broad thematic range of the Grimm canon. Readers young and old will encounter popular classics, including "Little Red Riding Hood," "Cinderella," "Snow White," and "Rapunzel," while discovering some of the lesser known yet equally captivating stories such as "Four Artful Brothers," "The Water of Life," and "The White Snake," all new to this edition. Perhaps most noteworthy is Tatar's decision to include tales excised from later editions, including a number of "adult" stories that were removed once the Grimms realized that parents were reading the stories to children. Tatar's own translations are accompanied by insightful annotations that search for origins, uncover cultural complexities, and explore psychological effects. Nearly two hundred images of exquisite beauty, many of them new to this edition—by artists such as George Cruikshank, Gustave Doré, Kay Nielsen, and Arthur Rackham—are reproduced alongside the stories. With a brilliant introductory essay by A. S. Byatt, along with the Grimms' original prefaces to their editions, a collection of reminiscences about "The Magic of Fairy Tales," and essays on the lives of the Brothers Grimm and the cultural impact of their tales, *The Annotated Brothers Grimm* captures the magical appeal of the tales while also unlocking their potent mysteries. In the tradition of Bruno Bettelheim's *The Uses of Enchantment*, this volume shows how the Grimms' fairy tales animate our imaginations and remain with us long after we have put them aside. *The Bicentennial Edition of The Annotated Brothers Grimm* offers a treasury of cultural lore and wisdom that has been passed on from one generation to the next.

Fairy Tales Framed Jan 31 2020 Translations of the forewords and afterwords by original fairy tale authors and commentaries by their contemporaries, material that has not been widely published in English.

How to Be Eaten Jul 19 2021

Annotated Classic Fairy Tales Sep 01 2022 Not since Bruno Bettelheim's *The Uses of Enchantment* has there been such an illuminating contribution to the world of children's fairy tales. *The Annotated Classic Fairy Tales* is a remarkable treasure trove, a work that celebrates the best-loved tales of childhood and presents them through the vision of Maria Tatar, a leading authority in the field of folklore and children's literature. Into the woods with Little Red Riding Hood, up the beanstalk with Jack, and down through the depths of the ocean with the Little Mermaid, this volume takes us through many of the familiar paths of our folkloric heritage. Gathering together twenty-five of our most cherished fairy tales, including enduring classics like "Beauty and the Beast," "Jack and the Beanstalk," and "Bluebeard," Tatar expertly guides readers through the stories, exploring their historical origins, their cultural complexities, and their psychological effects. Offering new translations of the non-English stories by the likes of Hans Christian Andersen, Brothers Grimm, or Charles Perrault, Tatar captures the rhythms of oral storytelling and, with an extraordinary collection of over 300 often rare, mostly four-color paintings and drawings by celebrated illustrators such as Gustave Doré, George Cruikshank, and Maxfield Parrish, she expands our literary and visual sensibilities. As Tatar shows, few of us are aware of how profoundly fairy tales have influenced our culture. Disseminated across a wide variety of historical and contemporary media ranging from opera and drama to cinema and advertising, they constitute a vital part of our storytelling capital. What has kept them alive over the centuries is exactly what keeps life pulsing with vitality and variety: anxieties, fears, desires, romance, passion, and love. Up close and personal, fairy tales tell us about the quest for romance and riches, for power and privilege, and, most importantly, they show us a way out of the woods back to the safety and security of home. Challenging the notion that fairy tales should be read for their moral values and used to make good citizens of little children, Tatar demonstrates throughout how fairy tales can be seen as models for navigating reality, helping children to develop the wit and courage needed to survive in a world ruled by adults. This volume seeks to reclaim this powerful cultural legacy, presenting the stories that we all think we know while at the same time providing the historical contexts that unlock the mysteries of the tales. *The Annotated Classic Fairy Tales* is a volume that will rank as one of the finest fairy tale collections in many decades, a provocative and original work to be treasured by students, parents, and children.

Enchanted Hunters: The Power of Stories in Childhood Jun 05 2020 Tatar challenges the assumptions we make about childhood reading. By exploring how beauty and horror operate in children's literature, she examines how and what children read, showing how literature transports and transforms children with its intoxicating

Pinocchio - The Story of a Puppet - Illustrated by Maria L. Kirk Oct 29 2019 Follow Pinocchio, a wooden puppet, on his adventure to become a real boy. The mischievous marionette must learn how to be good for his wish to come true. This beloved tale, filled with fairies, talking crickets and man-eating fish, has been described as one of the greatest works of Italian literature of all time. "Pinocchio", originally published in 1883, is the perfect bookshelf addition for collectors of fairy tales and lovers of children's stories. Carlo Collodi (1826 - 1890) was an Italian author best remembered for his children's stories. He translated fairy tales as well as writing his own, the most notable being Charles Perrault's French tale, 'I Racconti delle Fate' (1875).

Classic Fairy Tales Jun 29 2022

Fairy Tale Aug 20 2021 Marina Warner guides us through the rich world of fairy tale, from Cinderella and Hansel and Gretel to Snow White and Pan's Labyrinth. Exploring pervasive themes of folklore, myth, the supernatural, imagination, and fantasy, Warner highlights the impact of the genre on human understanding, history, and culture.

The Fairest of Them All May 29 2022 Versions of the Snow White story have been shared across the world for centuries. Acclaimed folklorist and translator Maria Tatar places the well-known editions of Walt Disney and the Brothers Grimm alongside other tellings, inviting readers to experience anew a beloved fantasy of melodrama and imagination.

The Heroine with 1001 Faces Dec 24 2021 World-renowned folklorist Maria Tatar reveals an astonishing but long buried history of heroines, taking us from Cassandra and Scheherazade to Nancy Drew and Wonder Woman. The Heroine with 1,001 Faces dismantles the cult of warrior heroes, revealing a secret history of heroism at the very heart of our collective cultural imagination. Maria Tatar, a leading authority on fairy tales and folklore, explores how heroines, rarely wielding a sword and often deprived of a pen, have flown beneath the radar even as they have been bent on redemptive missions. Deploying the domestic crafts and using words as weapons, they have found ways to survive assaults and rescue others from harm, all while repairing the fraying edges in the fabric of their social worlds. Like the tongueless Philomela, who spins the tale of her rape into a tapestry, or Arachne, who portrays the misdeeds of the gods, they have discovered instruments for securing fairness in the storytelling circles where so-called women's work—spinning, mending, and weaving—is carried out. Tatar challenges the canonical models of heroism in Joseph Campbell's *The Hero with a Thousand Faces*, with their male-centric emphases on achieving glory and immortality. Finding the women missing from his account and defining their own heroic trajectories is no easy task, for Campbell created the playbook for Hollywood directors. Audiences around the world have willingly surrendered to the lure of quest narratives and charismatic heroes. Whether in the form of Frodo, Luke Skywalker, or Harry Potter, Campbell's archetypal hero has dominated more than the box office. In a broad-ranging volume that moves with ease from the local to the global, Tatar demonstrates how our new heroines wear their curiosity as a badge of honor rather than a mark of shame, and how their "mischief making" evidences compassion and concern. From Bluebeard's wife to Nancy Drew, and from Jane Eyre to Janie Crawford, women have long crafted stories to broadcast offenses in the pursuit of social justice. Girls, too, have now precociously stepped up to the plate, with Hermione Granger, Katniss Everdeen, and Starr Carter as trickster figures enacting their own forms of extrajudicial justice. Their quests may not take the traditional form of a "hero's journey," but they reveal the value of courage, defiance, and, above all, care. "By turns dazzling and chilling" (Ruth Franklin), *The Heroine with 1,001 Faces* creates a luminous arc that takes us from ancient times to the present day. It casts an unusually wide net, expanding the canon and thinking capaciously in global terms, breaking down the boundaries of genre, and displaying a sovereign command of cultural context. This, then, is a historic volume that informs our present and its newfound investment in empathy and social justice like no other work of recent cultural history.

Once Upon a Time Jun 17 2021 Explores classical and modern fairy tales to argue that fairy tales are a mirror of human understanding and culture.

The Classic Fairy Tales (Second International Student Edition) (Norton Critical Editions) Oct 02 2022 "I have used this textbook for four courses on children's literature with enrollments of over ninety students. It is without doubt the most well organized selection of literary fairy tales and critical commentaries currently available. Students love it." —Lita Barrie, California State University, Los Angeles This Norton Critical Edition includes: · Seven different tale types: "Little Red Riding Hood," "Beauty and the Beast," "Snow White," "Sleeping Beauty," "Cinderella," "Bluebeard," and "Tricksters." These groupings include multicultural versions, literary rescriptings, and introductions and annotations by Maria Tatar. · Tales by Hans Christian Andersen and Oscar Wilde. · More than fifteen critical essays exploring the various aspects of fairy tales. New to the Second Edition are interpretations by Ernst Bloch, Walter Benjamin, Max Lüthi, Lewis Hyde, Jessica Tiffin, and Hans-Jörg Uther. · A revised and updated Selected Bibliography.

Lustmord Mar 03 2020 In a book that confronts our society's obsession with sexual violence and the image of the violated female corpse in our collective consciousness, Harvard culturist Maria Tatar examines images of sexual murder and studies how art and murder have intersected in sexual culture from Weimar Germany to the present. 44 photos.

The Fairy Book Nov 10 2020

The Feminine in Fairy Tales Dec 12 2020 A Jungian psychologist explores what we can learn about women—and men—from the feminine archetypes, symbols, and themes found in fairy tales In this engaging commentary, the distinguished analyst and author Marie-Louise von Franz shows how the Feminine reveals itself in fairy tales of German, Russian, Scandinavian, and Eskimo origin, including familiar stories such as "Sleeping Beauty," "Snow White and Rose Red," and "Rumpelstiltskin." Some tales, she points out, offer insights into the psychology of women—while others reflect the problems and characteristics of the anima, the inner femininity of men. Drawing upon her extensive knowledge of Jungian psychology, Dr. von Franz discusses the archetypes and symbolic themes that appear in fairy tales as well as dreams and fantasies, draws practical advice from the tales, and demonstrates its application in case studies from her analytical practice.

The Classic Fairy Tales Jul 31 2022 Examines the genre, cultural implications, and critical history of six classic fairy tales and presents twelve essays on the social origins and issues of gender and national identity present in many of these children's stories. Also explores tales by Hans Christian Andersen, the Brothers Grimm, Oscar Wilde, Charles Perrault, Joseph Jacobs, Margaret Atwood, James Thurber, Roald Dahl, et al.

Fairy Tales Aug 27 2019 Overturns traditional views of the origins of fairy tales and documents their actual origins and transmission. Where did Cinderella come from? Puss in Boots? Rapunzel? The origins of fairy tales are looked at in a new way in these highly engaging pages. Conventional wisdom holds that fairy tales originated in the oral traditions of peasants and were recorded for posterity by the Brothers Grimm during the nineteenth century. Ruth B. Bottigheimer overturns this view in a lively account of the origins of these well-loved stories. Charles Perrault created Cinderella and her fairy godmother, but no countrywoman whispered this tale into Perrault's ear. Instead, his Cinderella appeared only after he had edited it from the book of often amoral tales published by Giambattista Basile in Naples. Distinguishing fairy tales from folktales and showing the influence of the medieval romance on them, Bottigheimer documents how fairy tales originated as urban writing for urban readers and listeners. Working backward from the Grimms to the earliest known sixteenth-century fairy tales of the Italian Renaissance, Bottigheimer argues for a book-based history of fairy tales. The first new approach to fairy tale history in decades, this book answers questions about where fairy tales came from and how they spread, illuminating a narrative process long veiled by surmise and assumption. Ruth B. Bottigheimer teaches European fairy tales and British children's literature at Stony Brook University, State University of New York. She is the coeditor (with Leela Prasad and Lalita Handoo) of *Gender and Story in South India*, also published by SUNY Press, and the author of several books, including *Fairy Godfather: Straparola, Venice, and the Fairy Tale Tradition*.

CLEVER MARIA - A Fairy Tale Jan 13 2021 ISSN: 2397-9607 Issue 366 In this 366th issue of the Baba Indaba's Children's Stories series, Baba Indaba narrates the Fairy Tale "CLEVER MARIA". ONCE upon a time, long, long ago and far, far away, there was a merchant who lived close to the royal palace, and had three daughters. They were all pretty, but Maria, the youngest, was the prettiest of the three. One day the King sent for a merchant, who was a widower, to give him directions about a journey he wished the good man to take. The merchant would rather not have gone, as he did not like leaving his daughters at home, but he could not refuse to obey the King's commands, and with a heavy heart he returned home to say farewell to them and the father went on his way, and that's when things began to happen? What happened next you ask? Well many things happened, some strange, some silly and some serious. To find the answers to these questions, and others you may have, you will have to download and read this story to find out! BUY ANY 4 BABA INDABA CHILDREN'S STORIES FOR ONLY \$1 33% of the profit from the sale of this book will be donated to charities. INCLUDES LINKS TO DOWNLOAD 8 FREE STORIES Each issue also has a "WHERE IN THE WORLD - LOOK IT UP" section, where young readers are challenged to look up a place on a map somewhere in the world. The place, town or city is relevant to the story. HINT - use Google maps. Baba Indaba is a fictitious Zulu storyteller who narrates children's stories from around the world. Baba Indaba translates as "Father of Stories".

The Fairies Return Jul 07 2020 A satirical look at fourteen classic fairy tales retells such stories as "Jack and the Beanstalk," "Ali Baba and the Forty Thieves," and "The Little Mermaid."

Grimm's Grimest Jun 25 2019 A collection of nineteen of the darkest stories from the Grimm collection of German fairy tales, containing elements that have frequently been removed in other versions.

Secrets Beyond the Door Sep 20 2021 Maria Tatar analyses the many forms the tale of Bluebeard's wife has taken over time, showing how artists have taken the Bluebeard theme and revived it with their own signature twists.

Peter Pan and Wendy Nov 22 2021 Peter Pan and Wendy by J. M. Barrie. Illustrated by Mabel Lucie Attwell. Reproduction of 1921 Edition.

The Turnip Princess and Other Newly Discovered Fairy Tales Apr 15 2021 A rare discovery in the world of fairy tales—now for the first time in English Move over, Cinderella: Make way for the Turnip Princess! And for the "Cinderfellas" in these stories, which turn our understanding of gender in fairy tales on its head. With this volume, the holy trinity of fairy tales—the Brothers Grimm, Charles Perrault, and Hans Christian Andersen—becomes a quartet. In the 1850s, Franz Xaver von Schönerer traversed the forests, lowlands, and mountains of northern Bavaria to record fairy tales, gaining the admiration of even the Brothers Grimm. Most of Schönerer's work was lost—until a few years ago, when thirty boxes of manuscripts were uncovered in a German municipal archive. Now, for the first time, Schönerer's lost fairy tales are available in English. Violent, dark, and full of action, and upending the relationship between damsels in distress and their dragon-slaying heroes, these more than seventy stories bring us closer than ever to the unadorned oral tradition in which fairy tales are rooted, revolutionizing our understanding of a hallowed genre. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Crimson Fairy Book May 05 2020 Lang's fairy books were childhood favorites of Tolkien.

Beauty and the Beast Feb 11 2021 The "tale as old as time," in versions from across the centuries and around the world—published to coincide with Disney's live-action 3D musical film starring Emma Watson, Ian McKellen, Ewan McGregor, Audra McDonald, Kevin Kline, Stanley Tucci, Dan Stevens, and Emma Thompson Nearly every culture tells the story of Beauty and the Beast in one fashion or another. From Cupid and Psyche to India's Snake Bride to South Africa's "Story of Five Heads," the partnering of beasts and beauties, of humans and animals in all their variety—cats, dogs, frogs, goats, lizards, bears, tortoises, monkeys, cranes, warthogs—has beguiled us for thousands of years, mapping the cultural contradictions that riddle every romantic relationship. In this fascinating volume, preeminent fairy tale scholar Maria Tatar brings together tales from ancient times to the present and from a wide variety of cultures, highlighting the continuities and the range of themes in a fairy tale that has been used both to keep young women in their place and to encourage them to rebel, and that has entertained adults and children alike. With fresh commentary, she shows us what animals and monsters, both male and female, tell us about ourselves, and about the transformative power of empathy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Annotated Hans Christian Andersen Apr 03 2020 In her most ambitious annotated work to date, Tatar celebrates the stories told by Denmark's "perfect wizard" and re-visions Hans Christian Andersen as a writer who casts his spell on both children and adults. Lushly illustrated with more than 150 rare images, this edition will captivate readers.

Fairy Tales from the Brothers Grimm Sep 28 2019 "National Bestseller" The acclaimed retelling of the world's best-loved fairy tales by the #1 New York Times bestselling author of *The Golden Compass* and *The Book of Dust*—now in paperback, and with 3 new tales! Two centuries ago, Jacob and Wilhelm Grimm published their first volume of fairy tales. Since then, such stories as "Cinderella," "Snow White," "Rapunzel," and "Hansel and Gretel" have become deeply woven into the Western imagination. Now Philip Pullman, the New York Times bestselling author of the *His Dark Materials* trilogy, makes us fall in love all over again with the immortal tales of the Brothers Grimm. Here are Pullman's fifty favorites—a wide-ranging selection that includes the most popular stories as well as lesser-known treasures like "The Three Snake Leaves," "Godfather Death," and "The Girl with No Hands"—alongside his personal commentaries on each story's sources, variations, and everlasting appeal. Suffused with romance and villainy, danger and wit, Pullman's beguiling retellings will cast a spell on readers of all ages. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Grimm Reader: The Classic Tales of the Brothers Grimm Oct 22 2021 Forty of the most famous and celebrated stories from the Brothers Grimm translated and edited by a leading professor of folklore. Even after two hundred years, the tales collected by the Brothers Grimm remain among our most powerful stories. Their scenes of unsparing savagery and jaw-dropping beauty remind us that fairy tales, in all their simplicity, have the power to change us. With some of the most famous stories in world literature, including "Cinderella," "Little Red Riding Hood," "Hansel and Gretel," "Snow White," as well as some less well known stories like "The Seven Ravens," this definitive collection promises to entrance readers with the strange and wonderful world of the Brothers Grimm. Maria Tatar's engaging preface provides readers with the historical and cultural context to understand what these stories meant and their contemporary resonance. Fans of all ages will be drawn to this elegant and accessible collection of stories that have cast their magical spell over children and adults alike for generations.

Enchanted Hunters: The Power of Stories in Childhood Feb 23 2022 Highly illuminating for parents, vital for students and book lovers alike, *Enchanted Hunters* transforms our understanding of why children should read. Ever wondered why little children love listening to stories, why older ones get lost in certain books? In this enthralling work, Maria Tatar challenges many of our assumptions about childhood reading. Much as our culture pays lip service to the importance of literature, we rarely examine the creative and cognitive benefits of reading from infancy through adolescence. By exploring how beauty and horror operated in C.S. Lewis's *Chronicles of Narnia*, Philip Pullman's *His Dark Materials*, J.K. Rowling's Harry Potter novels, and many other narratives, Tatar provides a delightful work for parents, teachers, and general readers, not just examining how and what children read but also showing through vivid examples how literature transports and transforms children with its intoxicating, captivating, and occasionally terrifying energy. In the tradition of Bruno Bettelheim's landmark *The Uses of Enchantment*,

Tatar's book is not only a compelling journey into the world of childhood but a trip back for adult readers as well.

The Fairy Tale World Oct 10 2020 The Fairy Tale World is a definitive volume on this ever-evolving field. The book draws on recent critical attention, contesting romantic ideas about timeless tales of good and evil, and arguing that fairy tales are culturally astute narratives that reflect the historical and material circumstances of the societies in which they are produced. The Fairy Tale World takes a uniquely global perspective and broadens the international, cultural, and critical scope of fairy-tale studies. Throughout the five parts, the volume challenges the previously Eurocentric focus of fairy-tale studies, with contributors looking at: • the contrast between traditional, canonical fairy tales and more modern reinterpretations; • responses to the fairy tale around the world, including works from every continent; • applications of the fairy tale in diverse media, from oral tradition to the commercialized films of Hollywood and Bollywood; • debates concerning the global and local ownership of fairy tales, and the impact the digital age and an exponentially globalized world have on traditional narratives; • the fairy tale as told through art, dance, theatre, fan fiction, and film. This volume brings together a selection of the most respected voices in the field, offering ground-breaking analysis of the fairy tale in relation to ethnicity, colonialism, feminism, disability, sexuality, the environment, and class. An indispensable resource for students and scholars alike, The Fairy Tale World seeks to discover how such a traditional area of literature has remained so enduringly relevant in the modern world.

Little Red Riding Hood Uncloaked Aug 08 2020 Reveals the intricate sexual politics, moral ambiguities, and philosophical underpinnings of the folktale, tracing its history from the court of Louis XIV to its applications in modern marketing, and showing how it has served as a measure of social and sexual mores for women. 25,000 first printing.

Twice Upon a Time Nov 30 2019 Harries introduces the stories written by 17th century French women, or conteuses, female storytellers. Their stories omitted from the traditional, largely male-authored, fairy tale "canon."

Teaching Fairy Tales May 17 2021 Pedagogical models and methodologies for engaging with fairy tales in the classroom.

The Cambridge Companion to Fairy Tales Apr 27 2022 An international team of scholars explores the historical origins, cultural dissemination and continuing literary and psychological power of fairy tales.

The Annotated African American Folktales Jul 27 2019 Winner of the 2018 NAACP Image Award for Outstanding Literary Work, Fiction These nearly 150 African American folktales animate our past and reclaim a lost cultural legacy to redefine American literature. Drawing from the great folklorists of the past while expanding African American lore with dozens of tales rarely seen before, The Annotated African American Folktales revolutionizes the canon like no other volume. Following in the tradition of such classics as Arthur Huff Fauset's "Negro Folk Tales from the South" (1927), Zora Neale Hurston's Mules and Men (1935), and Virginia Hamilton's The People Could Fly (1985), acclaimed scholars Henry Louis Gates Jr. and Maria Tatar assemble a groundbreaking collection of folktales, myths, and legends that revitalizes a vibrant African American past to produce the most comprehensive and ambitious collection of African American folktales ever published in American literary history. Arguing for the value of these deceptively simple stories as part of a sophisticated, complex, and heterogeneous cultural heritage, Gates and Tatar show how these remarkable stories deserve a place alongside the classic works of African American literature, and American literature more broadly. Opening with two introductory essays and twenty seminal African tales as historical background, Gates and Tatar present nearly 150 African American stories, among them familiar Brer Rabbit classics, but also stories like "The Talking Skull" and "Witches Who Ride," as well as out-of-print tales from the 1890s' Southern Workman. Beginning with the figure of Anansi, the African trickster, master of improvisation—a spider who plots and weaves in scandalous ways—The Annotated African American Folktales then goes on to draw Caribbean and Creole tales into the orbit of the folkloric canon. It retrieves stories not seen since the Harlem Renaissance and brings back archival tales of "Negro folklore" that Booker T. Washington proclaimed had emanated from a "grapevine" that existed even before the American Revolution, stories brought over by slaves who had survived the Middle Passage. Furthermore, Gates and Tatar's volume not only defines a new canon but reveals how these folktales were hijacked and misappropriated in previous incarnations, egregiously by Joel Chandler Harris, a Southern newspaperman, as well as by Walt Disney, who cannibalized and capitalized on Harris's volumes by creating cartoon characters drawn from this African American lore. Presenting these tales with illuminating annotations and hundreds of revelatory illustrations, The Annotated African American Folktales reminds us that stories not only move, entertain, and instruct but, more fundamentally, inspire and keep hope alive. The Annotated African American Folktales includes: Introductory essays, nearly 150 African American stories, and 20 seminal African tales as historical background The familiar Brer Rabbit classics, as well as news-making vernacular tales from the 1890s' Southern Workman An entire section of Caribbean and Latin American folktales that finally become incorporated into the canon Approximately 200 full-color, museum-quality images
