Auto Repair For Dummies Jan 28 2020 Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of

U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

101 Projects for Your Porsche 911 Nov 19 2021 This all-color collection guides owners of pre-1990 Porsche 911s through 101 carefully selected, weekend projects illustrated with step-by-step, full-color studio photography. Divided into three categories--performance, handling, and customization--the projects range from 30-minute maintenance projects to eight-hour performance modifications; each is accompanied by a handy chart indicating how much skill, cash, and time are needed to successfully complete the task. Author Wayne Dempsey also explains why the jobs should be

undertaken and what kind of improved performance the owner can expect. An unprecedented book, and a great resource for everyone from casual enthusiasts to shop pros.

Strange But True Tales of Car Collecting Jun 02 2020
These bizarre true stories of collectors and their cars is "a whole lot of fun" (The Virginian Pilot). Have you heard of the fellow who squirreled away dozens of Chevilles, Camaros, and other classic muscle cars in semi-trailers? How about the president of Shakespeare fishing rods, who sold thirty Bugattis for a mere \$85,000? What about the English nobleman who cut up and buried his Ferrari hoard in an elaborate insurance scam? Or how about the Duesenberg abandoned in a Manhattan parking garage for decades only to be uncovered by Jay Leno? Most car collectors exhibit a healthy enthusiasm for their hobby by digging into their favorite marques, chasing parts, swapping stories, and generally living the car-guy lifestyle. Some, however, step

over that fine line between enthusiasm and obsession—and that's where these legendary car-collector stories come from. In *Strange but True Tales of Car Collecting*, Keith Martin and the staff of *Sports Car Market Magazine* recount the wildest, most eccentric, over-the-top stories of collectors and their collections. "This likable book serves as a 'Ripley's Believe It or Not!' for car obsessives." —The New York Times

Automobile Digest Aug 29 2022
Vintage Wisdom For 45 years, *Automobile Digest* was the ultimate source of automotive wisdom, how-to advice, technical know-how and advertising for car professionals and hard-core enthusiasts. The magazine started out in 1918 as *American Automotive Digest*, then evolved into *Automobile*

Digest before ceasing publication in 1953. During its time, the magazine was unrivaled as a definitive resource for product and repair information for true 'car guys.' Now, car fanatics can revisit the golden years of this historic publication with this compilation of six fantastic issues from the 1930s. Each issue is reproduced in its entirety — more than 340 pages in all!

101 Performance Projects for Your BMW 3 Series

1982-2000 Feb 20 2022 Since its introduction in 1975, the BMW 3-series has earned a reputation as one of the world's greatest sports sedans. Unfortunately, it has also proven one of the more expensive to service and maintain. This book is dedicated to the legion of BMW

3-series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection; its format allows more of these enthusiasts to get out into the garage and work on their BMWs—and in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3-series sports sedan. Focusing on the 1984-1999 E30 and E36 models, *101 Performance Projects for Your BMW 3-Series* presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects.
