*Holy Hell Aug 24 2019 Amma, universally known as "The Hugging Saint," went through a two-decade transformation from a simple fisherman's daughter to an international wonder worshiped by millions. Gail "Gayatri" Tredwell was there every step of the way--from early devotee to head female disciple, ever-present personal attendant, handmaiden, whipping post, and unwilling keeper of some devastating secrets. Because she became fluent in the Malayalam language and had continual intimate proximity to Amma for twenty years, Tredwell is uniquely capable of portraying this famous woman. She tells her tale with straightforward honesty, fairness, and a dash of Aussie snap and wit. Although the guru's flaws are a necessary part of her story and awakening, she strives to be factual throughout, digging deep to eschew victim frameworks and take responsibility for her own role in accepting the abuse and perpetuating the lies. Tredwell takes us vividly through her varying stages, starting with naïveté and innocent devotion, then on to dawning awareness and confusion, finally to emotional breakdown and her shocking "enlightenment"--her realization that the liberation she urgently required was in fact liberation from her own guru*

**Resurfaced Passion** Aug 05 2020 Reaper was the unknown biker around the Renegade Souls MC. They said he ghosted his silence into the woodwork, carrying his secret past close to his chest, never confiding his pain in anyone. "I'll always, always love you." He had reasons for everything he'd done. For the one he called his priority. Nothing was too much. Even murder. Loyal to his club, he knew one day if he had to choose between them and her, he'd walk away without a backward glance. There's no madness like a biker obsessed. The bikers called her diner girl but to Reaper, Paige was the woman he watched intensely without ever asking her for a date. They shared an overprotective - borderline possessive friendship but years later, Paige was still alone. Still worshipping him from afar. Still inexplicably drawn to the biker. "There's three people in my relationship; me, him and her." The past isn't always better left behind. Sometimes it needs to resurface in order to have a future with the man who brought passion. Loving the quiet man was the easiest thing on earth, like she was made only for him. But secrets had a habit of coming back and making a love that was unbreakable suddenly...fragile. Disclaimer: This is not, not, NOT a cheating book. For the people in the back, this is not a cheating book. Stop hiding, it's completely safe.

**Steel** Feb 08 2021 Steel's a prick. He stole my heart when I was a kid, and ever since, he's refused to let go. He's clung to me, even as he pushed me away, and I'm tired of it. I'm over it, and over him. Of the games we play together, the endless waltz of him hurting me to shove distance between us. So I'm out of there. My future is medicine. If I turn into a crazy cat lady, then so be it. I'm good with that. At least Mrs. Biggins can't hurt my heart when she poops in my shoes... Of course, Mrs. Biggins doesn't kiss like Steel either. One kiss. That's all we've had together, and it haunts me. My nights, my days, my waking moments, my sleeping ones. A single kiss. Where everything, the stars included, aligned and just felt right. But Steel isn't mine to have... by his choice. And I've dealt with that. For years. So when he suddenly changes his mind? What am I supposed to do? Just fall at his feet? I don't think so. Find out if Steel and Stone can ever be together in STEEL, book four of A Dark & Dirty Sinners' MC series.

Spanning the UK, Europe, America, Canada and Australia, OUTLAWS by Tony Thompson is a compelling, shocking and chilling story of how bikers are born and made, and how and why they die.**

**Gangs and Organized Crime Nov 07 2020 In Gangs and Organized Crime, George W. Knox, Gregg W. Etter, and Carter F. Smith offer an informed and carefully investigated examination of gangs and organized crime groups, covering street gangs, prison gangs, outlaw motorcycle gangs, and organized crime groups from every continent. The authors have spent decades investigating gangs as well as researching their history and activities, and this dual professional-academic perspective informs their analysis of gangs and crime groups. They take a multidisciplinary approach that combines criminal justice, public policy and administration, law, organizational behavior, sociology, psychology, and urban planning perspectives to provide insight into the actions and interactions of a variety of groups and their members. This textbook is ideal for criminal justice and sociology courses on gangs as well as related course topics like gang behavior, gang crime and the inner city, organized crime families, and transnational criminal groups. Gangs and Organized Crime is also an excellent addition to the professional's reference library or primer for the general reader. **Baker Oct 31 2022 ANDY - I got a job next door to a tattooed biker named Baker. He was an outlaw, a criminal, a biker, a bad boy, and a thief. I should have run as far and fast as I could. Instead, on the day we met, I let him have his way with me. I couldn't help myself. His intensity and swagger lured me, but it was the crazy sex that kept me coming back, day after day. His sordid ways scared me, but I simply couldn't stay away... BAKER - When she moved in next door, I knew I was in trouble. She was sexy. She was irresistible. She had spunk. She was also the manager of a bank my MC robbed six months prior. She didn't recognize me, because we wore masks during the robbery. If she ever found out who I really was, there would be hell to pay. It**

would be nothing like the hell I'd be living in if my MC found out I was fucking her. We'd issued an order to kill her on sight. She was off-limits if anyone ever was. So far, the men in the MC hadn't seen her. But, I couldn't keep her hidden forever.

***Biker Gangs and Transnational Organized Crime Dec 21 2021 Biker Gangs and Transnational Organized Crime, Second Edition, describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other "one percenters" (criminal biker gangs, as opposed to the vast majority of motorcycle enthusiasts). He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated, especially in Canada and Europe, to the point where these gangs have more members in other countries than in the United States. Increasingly more often in recent years their crimes are not limited to rumbles or drug use—these gangs challenge the dominance of organized crime, leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard-hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-dimensional to help refine the definition of adult criminal gangs. The product of years of research, this book lays the groundwork for further study by offering students, police, and researchers the most thorough account available of outlaw motorcycle gangs.***
