**Writing Epigrams** Jan 26 2020 Every poet is deeply influenced by the verse of other poets. This influence is particularly apparent in the way poets compose their poems, which all poets learn by carefully reading the poetry of their predecessors. Though the style that poets eventually adopt may be unique and formed by their own particular genius, certain features of their poems will nevertheless reveal, at least in part, those earlier poets who have been most important to the formation of their art. This work attempts to trace the progression of style in Greek and Latin epigrams from early inscription to the poems of Martial, by characterizing features of composition that are transferable from one language to another. Such aspects of style include the syntax of sentences that begin and end the poems, the use of vocatives and address, and the structure of the poems, that is whether they proceed with or without formal elements such as antithesis, logical argument, and parallel phrasing. The results of this analysis place on much stronger footing such often held but still controversial views, that short elegy played a large role in the development of Hellenistic epigram; that the poems of Catullus in elegiacs and hendecasyllables show fundamental differences in style; and that the poet most important to the development of the way Martial wrote his poetry was not Lucilius or Nearchus but rather Catullus. These conclusions help define more clearly the affinities of style and patterns of influence that were responsible for the form of the ancient epigram.

*Poetry and the Language of Oppression* Dec 17 2021 A first-hand account of the creative process that engages with the language of oppression and with politics in our time. How does the poet become attuned to the language of the world's upheaval? How does one talk insightfully about suffering, without creating more of it? What is freedom in language and how does the poet who has endured political oppression write himself or herself free? What is literary testimony? *Poetry and the Language of Oppression* is a consideration of the creative process that rests on the conviction that poetry is of help in moments of public duress, providing an illumination of life and a healing language. Oppression, repression, expression, as well as their tools (prison, surveillance, gestures in language) have been with us in various forms throughout history, and this volume represents a particular aspect of these conditions of our humanity as they play out in our time, providing another instance of the communion, and sometimes confrontation, with the language that makes us human.

*Classical Love Poetry* Apr 09 2021 This lovely book pairs selections of translated Greek and Roman verse from Homer, Sappho, Virgil, Horace, and Ovid, among others, with fine examples of paintings, sculpture, vases, and decorative objects. The excerpts, which cover the period from the eighth century B.C. to the early Middle Ages, were chosen from famous works, such as Homer's *Iliad* as well as less well-known pieces, such as the writings of the Greek poet Ibycus. This book demonstrates that the human preoccupation with love in all its forms has inspired writers for millennia: from the expression of enduring faithfulness and familial affection in

Homer's description of Hector and Andromache to the passionate intensity portrayed by the later Greek lyric poets and the light-hearted depiction of love as a lost little boy by the anonymous authors of the *Inacreontea*. The book includes a brief introduction to Greek and Roman views on love and marriage, a short biographical note on each of the major poets, and a glossary of mythical and geographical names.

**The Drama in Shakespeare's Sonnets** Oct 03 2020 The Drama in Shakespeare's Sonnets: "A Satire to Decay" is a work of detective scholarship. Unable to believe that England's great dramatist would publish a sequence of sonnets without a plot, Mark Jay Mirsky-novelist, playwright, and professor of English, proposes a solution to a riddle that has frustrated scholars and poets alike. Arguing that the Sonnets are not just a "higgledy piggledy" collection of poems but were put in order by Shakespeare himself, and drawing on the insights of several of the Sonnets' foremost contemporary scholars, Mirsky examines the Sonnets poem by poem to ask what is the story of the whole. Mirsky takes Shakespeare at his own word in Sonnet 100, where the poet, tongue in cheek, advises his lover to regard "time's spoils"-in this case, "any wrinkle graven" in his cheek-as but "a satire to decay." The comfort is obviously double-edged, but it can also be read as a mirror of Shakespeare's "satire" on himself, as if to praise his own wrinkles, and reflects the poet's intention in assembling the Sonnets to satirize the playwright's own "decay" as a man and a lover. In a parody of sonnet sequences written by his fellow poets Spenser and Daniel, Shakespeare's mordant wit conceals a bitter laugh at his own romantic life. The Drama in Shakespeare's Sonnets demonstrates the playwright's wish to capture the drama of the sexual betrayal as he experienced it in a triangle of friendship and eroticism with a man and a woman. It is a plot, however, that the playwright does not want to advertise too widely and conceals in the 1609 Quarto from all but a very few. Despite Shakespeare's moments of despair at his male friend's betrayal and the poet's cursing at the sexual promiscuity of the so-called Dark Lady, The Drama in Shakespeare's Sonnets sees the whole as a "satire" by Shakespeare and, particularly when read with the poem that accompanied it in the 1609 printing, "A Lover's Complaint," as a laughing meditation on the irrepressible joy of sexual life.

**Poets, Players, and Preachers** Jan 06 2021 On the night of November 4th 1605, the English authorities uncovered an alleged plot by a group of discontented Catholics to blow up the Houses of Parliament with the lords, princes, queen and king in attendance. The failure of the plot is celebrated to this day and is known as Guy Fawkes Day. In *Poets, Players and Preachers*, Anne James explores the literary responses to the discovery of the Gunpowder Plot in poetry, drama, and sermons. This book is the first full-length study of the literary repercussions of the conspiracy. By analyzing the genres of poems, plays, and sermons produced between 1605 and 1688, the author argues that not only did the continuous reinterpretation of the conspiracy serve religious and political purposes but that such literary reinterpretations produced generic changes.

**Unit Delimitation in Biblical Hebrew** Jan 18 2022 Series: Pericope 4 - Scripture as written and read in antiquity Bible scholars and translators are often confronted with the problem of sectioning biblical texts. Until recently sentence division and paragraphing were largely left to the imagination of the individual scholar. This resulted in a wide range of different divisions of one and the same text. There is, however, a lot of long neglected evidence on how the ancient scribes themselves understood the structure of the texts they were transmitting. Research in ancient scribal traditions shows that in the entire ancient Near East scribes provided their texts with special, structuring markers. For example, rulings, lines left open, extra large capitals, different colouring at the beginning of new passages, and for the division into smaller units, strokes, dots and spaces. Actually many markers lending structure to our modern texts appear to be derived from very ancient customs. This volume contains the papers read during the Third Pericope Meeting held in connection with the SBL International Meeting at Berlin, 2002. Topics discussed are the unit delimitation in parts of Genesis, Numbers, Isaiah, Ezekiel, Psalms, and Song of Songs. Furthermore general studies on Masoretic accentuation, the importance of pausal forms for unit delimitation, description of scribal practices in the Jewish tradition, as well as unit division in Northwest Semitic texts are included. Pericope is a new successful series that aims at making available data on unit delimitation found in biblical and related manuscripts to the scholarly world and to evaluate these data for the benefit of biblical interpretation. **Shakespeare's Sonnets and Poems** Aug 13 2021 Of all Shakespeare's great canon of work, it is his sonnets and poems which include the fullest exploration and expression of the themes of love, lust, and the consequences of desire. In this "Very Short Introduction" Jonathan Post introduces all of Shakespeare's poetry: the sonnets; the two great narrative poems, "Venus and Adonis" and "The Rape of Lucrece"; "A Lover's Complaint" and "The Phoenix and the Turtle." Taking into account Shakespeare's double identity as both poet and playwright, Post analyzes the enduring appeal of Shakespeare's poems, and considers how the sonnets compare with other great love poetry of the English Renaissance.--Publisher information.

*Scripture, Metaphysics, and Poetry* Oct 23 2019 This book offers a critical edition of arguably the greatest work of English theology in the 20th century: Austin Farrer's Bampton Lectures published as *The Glass of Vision* in 1948. Farrer was an interdisciplinary genius who made original contributions to philosophy, theology, and biblical studies, as well as to our understanding of the role of imagination in human thought and Christian doctrine. According to Farrer, the three primary themes of these lectures are 'scripture, metaphysics, and poetry,' individually and in relation to each other. The lectures defend his famous theory of divine revelation through images rather than propositions or events, a provocative account of the place of metaphysical reasoning in theology, and a literary approach to the Biblical text that was decades ahead of its time and is still controversial. *The Glass of Vision* has generated a rich and interesting interdisciplinary conversation that has lasted for decades, starting with commentators such as Helen Gardner and Frank Kermode. In addition to Farrer's full text, this critical edition also contains an introduction to the significance and context of Farrer's thought, and a selection of thirty-years' worth of commentary by leading British and European theologians and literary scholars: David Brown, Ingolf Dalferth, Hans Haugh, Douglas Hedley, David Jasper, and Gerard Loughlin. Of interest to literary and biblical scholars, theologians, and philosophers, this book holds particular value for those exploring the nature of imagination in contemporary thought and scholarship.

**Catullus in Verona** Dec 25 2019 Gaius Valerius Catullus is one of Rome's greatest surviving poets and also one of the most popular Latin authors. Comprehensive treatments of his work have been hindered, however, by the problems posed by the Catullan collection as it has come down to us. Although many scholars now believe that Catullus did publish his verse in one or more small volumes (*libelli*), the theory that these books were rearranged after his death means that individual pieces continue to be read and analyzed separately, without reference to their placement within the collection. Skinner challenges this theory of posthumous editorship by offering a unified reading of Catullus' elegiac poetry (poems 65-116 in our collection) and arguing that it constitutes what was once a separately circulated *libellus* whose authorial arrangement has been preserved intact. Purportedly issued from the poet's native city, Verona, to his Roman readership, the volume presents itself as a valedictory. This reading of the elegiac collection represents a major departure in Catullan studies. The methodological contention that Catullus' elegiac poems are better approached as a single cohesive poetic statement makes this book a valuable new contribution to Catullan scholarship.

**The Poetry of Ernest Jones Myth, Song, and the 'Mighty Mind'** Jul 24 2022 As the last leader of the Chartist movement, Ernest Charles Jones (1819-69) is a significant historical figure, but he is just as well-known for his political verse. His prison-composed epic *The New World* lays claim to being the first poetic exploration of Marxist historical materialism, and his caustic short lyric 'The Song of the Low' appears in most modern anthologies of Victorian poetry. Despite the prominence of Jones's verse in Labour history circles, and several major inclusions in critical discussions of working-class Victorian literature, this volume represents the first full-length study of his poetry. Through close analysis and careful contextualization, this work traces Jones's poetic development from his early German and British Romantic influences through his radicalization, imprisonment, and years of leadership. The poetry of this complex and controversial figure is here fully mapped for the first time.
