**Lone Rider** Aug 05 2020 In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with two very different men. In an age before email, the internet, mobile phones, satnavs and, in some parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

Through the most expressive medium of all - the cars themselves - The Complete Book of BMW tells the story of one of the most remarkable turnarounds of the century. *Hurricane R4118* Jan 28 2020 A fascinating account of the only airworthy Hawker Hurricane, "now regarded as the most historic British aircraft to survive in flying condition from WW2" (FLYER). In 1982 when he was traveling in India, Peter Vacher stumbled on the remains of a British plane—a Hurricane Mark I, a veteran of the Battle of Britain. It was in a dreadful state. Could he restore it? Would it fly again? Not until 14 years later did he decide to act and after six years of wrangling he got the icon home. Then the truly difficult process of restoration began—a worldwide search for parts, careful reconstruction, flight testing—until in 2005 it flew again to the delight of thousands of enthusiasts. Along the way Peter reunited three auspicious veterans—Peter Thompson, Bunny Currant, and Bob Foster—with R4118, men who had flown her during the war. To this day, the aircraft's grace and splendor in flight is enjoyed by crowds across the UK. "The amazing story of how this only surviving Hurricane from the Battle of Britain was discovered and lovingly restored." —The Mail on Sunday
