The Drumright Family Tree Feb 08 2021 James Drumright (ca.1726-1756) married Sarah Williams, and lived in Lunenburg County, Virginia. Their one son, William Drumright (174 1828), married three times, served in the Revolutionary War, and moved to Mecklenburg County, Virginia. Descendants and relatives lived in Virginia, Tennessee, Oklahoma, Texas and elsewhere. Includes various Drumright immigrants and some of their descendants, without tracing relationship to James and his progeny.

Every Third Woman in America: How Legal Abortion Transformed Our Nation May 26 2022 Every Third Woman in America: How Legal Abortion Transformed Our Nation tells the forgotten story of the transition from the back alley to safe care after Roe v. Wade was enacted in 1973. The legalization of abortion resulted in prompt and dramatic health improvements for women, children, and families, but an entire generation of Americans has grown up unaware of the harsh and unnecessary tragedies of back-alley abortions. Current attacks on safe, legal abortion at the state level are designed to return women to those desperate, dangerous days before abortion was legalized. One of the world's leading abortion scholars, Dr. Grimes chronicles the public-health story of legal abortion in America and the harms women face at the mercy of state laws restricting access to care. He shares the stories of his patients seeking abortion and how they and their families benefited.

The Big Fix Jan 22 2022 Linda Grimes's sexy and hilarious urban fantasy series that began with *In a Fix* and *Quick Fix* continues in *The Big Fix*. Aura adaptor extraordinaire Ciel Halligan, who uses her chameleon-like abilities to fix her clients' problems—as them—is filling in on set for action superstar Jackson Gunn, whose snake phobia is standing in the way of his completing his latest mega-millions Hollywood blockbuster. There's only

one thing Jack fears more than snakes, and that's the possibility of his fans finding out he screams at the sight of one. Going from hero to laughing stock isn't part of his career plan. Seems like a simple enough job to Ciel, who doesn't particularly like snakes, but figures she can tolerate an afternoon with them, for the right price—which Jack is offering, and then some. What she doesn't count on is finding out that while she was busy wrangling snakes for him, his wife was busy getting killed. When Ciel goes to break the sad news to the star, she finds out Jack was AWOL from her client hideaway at the time of the murder. Ciel begins to suspect Jack's phobia was phony, and that he only hired her to provide him with an alibi—but if she goes to the police, she'll have to explain how she knows he wasn't really on set. Up against a wall, Ciel calls on her best-friend-turned-love-interest Billy, and her not-so-ex-crush Mark, to help her set up the sting of a lifetime. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Forbidden Rose: Spymaster 1 (A series of sweeping, passionate historical romance) Nov 07 2020 Joanna Bourne returns to the French Revolution, pairing espionage and burning romance to create an unforgettable love story. For fans of Stephanie Laurens, Elizabeth Hoyt and Poldark, this is a must-read. The only person she can trust with her life ... is the man who trusts no one. Marguerite de Fleurignac, once a glittering French aristocrat, is on the run, disguised as Maggie Duncan, British governess. Penniless and alone, she falls into the hands of a compelling stranger with a sinister scar. But why does he risk his life to save her? William Doyle, England's premier spy, has a score to settle with the de Fleurignacs. When he rescues Maggie, he knows her to be the last, dangerous flower of a noble line. Drawn inexorably into the intrigue and madness of revolutionary Paris, they gamble on a love neither of them will admit. When the dance of deception and desire is over, will they betray the one another? For more spellbinding Spymasters romance, look for the other titles by Joanna Bourne: The Spymaster's Lady, My Lord and Spymaster, The Black Hawk and Rogue Spy.

Orange Coast Magazine Nov 27 2019 Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region, bringing together Orange County's most affluent coastal communities through smart, fun, and timely editorial content, as well as compelling photographs and design. Each issue features an award-winning blend of celebrity and newsmaker profiles, service journalism, and authoritative articles on dining, fashion, home design, and travel. The Seven Great Untenables Mar 12 2021 The polemics between the Advaitins and the Visistadvaitins appears unending. Each school's exegesis claims to be the faithful explication of the true meaning of the Sruti. This volume provides an exposition of the key concept of avidya maya as set forth by advaitins and as criticized by Visistadvaitins. the philosophical conflicts do not seem to affect their value as unique and valuable systems of thought.

Ponderosa Resort Volume 1: Books 1-3 Aug 29 2022 The Ponderosa Resort Romantic Comedy Series invites you to small-town Central Oregon where two sisters work to get their reindeer ranch up and running while the siblings down the road transform their late father's ranch into a luxury resort

(all while getting to know each other because they grew up with different moms. Er, Dad got around). Fans of laughter, tears, and tingly bits will love this series from a USA Today bestselling author. This boxed set contains books 1-3 in the Ponderosa Resort series. About Studmuffin Santa (book 1) Ugh, Christmas. Not a fan. So why am I wearing a Santa suit and letting frisky moms paw me at a reindeer ranch? It might have something to do with the family crisis that drew me home between tours as a career Marine. Or maybe it's my urge to cozy up with the prickly reindeer rancher whose curves give me visions of something way hotter than sugarplums. Jade King isn't thrilled I'm here, and she'd be less thrilled to know her sister hired me to keep an eye on things. Someone's set on sabotaging the ranch, so I've got a built-in excuse to get close to Jade. I could swear the attraction's mutual, but something's holding her back. Some secret in her past that has her pushing me away like a bad batch of eggnog. It's almost as baffling as all these accidents at the King sisters' place. Seriously, who'd screw with a reindeer ranch? Between sexy Santa suit malfunctions and risqué Christmas cookies, Jade and I keep ending up under the mistletoe together. Is there any chance we can mesh our Christmas wish lists, or will it all crash down like a fat man in an iron sleigh? About Chef Sugarlips (book 2) I've loved Amber since I wore Batman Underoos, but she doesn't know I exist. Not until she knocks me unconscious with a dead turkey. Now I can't stay away, and it's only a matter of time 'til she learns my big secret. Not my recipe for beef bourguignon, but the secret one no one knows. Not even my siblings who've spent endless hours with me dreaming up our new luxury resort and oh yeah, getting to know each other since we grew up with different moms. But the more I'm with Amber, the surer I am she's my dream girl. Brains, beauty, and the business smarts to turn a reindeer ranch into a quirky wedding venue. Did I mention she's perfect? Then my mom shows up stewing like a pot set to boil over, and suddenly I'm not sure I can keep a lid on things. Can the guy in the white chef's hat be the hero who gets the girl and saves the day, or will it all fall flatter than a burnt soufflé? About Sergeant Sexypants (book 3) A 2019 RITA AWARD FINALIST! Bree Bracelyn doesn't date cops. That's a problem, since I am one. Also, I might be in love with her. But Bree's got a secret I can't figure out. Most folks lace up their goody two-shoes around cops, but Bree's don't fit quite right. There's a story there, but she's guarding it like a tiger with a pet zebra. And yeah, I know the guy jockeying for police chief should steer clear of a woman with skeletons in her closet, but I can't stay away. I'll find any excuse to visit the resort she owns with her siblings, even trotting out my charming pup, Virginia Woof. I'm not proud. Between hot springs hookups and grope-fests in my car, Bree's breaking her no-cops rule six ways to Sunday, and I'm grateful. But what'll it take to coax out her secret and convince her I'm not here to slap the cuffs on her? Not unless she asks me to.

Quick Fix Jun 26 2022 QUICK FIX—the second installment of the original urban fantasy series by LINDA GRIMES. Ciel Halligan, an aura adaptor with a chameleon-like ability to step into the lives of her clients and fix their problems for them—as them—is working a job at the National Zoo with her boyfriend, Billy, and his ten-year-old sister, Molly. It's supposed to be a quick fix, giving her time to decide if it's wise to pursue the romantic relationship her charming scoundrel of a best friend wants, or if she should give Mark, the CIA spook she's crushed on since hormones first rattled her pubescent brain, a chance to step up to the plate. Molly has already begun to show signs of being an adaptor herself. She's young for it, but she's always been precocious, so it's not impossible. What is impossible is her taking on the form of the baby orangutan she touches—adaptors can only project human auras. Until now, apparently. Worse, Molly is stuck in ape form. She can't change herself back. Escaping from the zoo with their new baby orang, Ciel and Billy head for New York City and the only person they know can help: Ciel's brother James, a non-adaptor scientist who's determined to crack the aura adaptor genetic code. But when Billy winds up in jail, accused of attempted murder, Ciel begins to suspect Molly's unusual adapting ability is more than just a fluke. Who's been experimenting on Molly, and what do they hope to gain? And will Ciel survive to find out? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Whiskey Merchant's Diary Sep 05 2020 "Business during the Week was very dull. The great Plague of the Year Cholera is driving every

Country [person] and Merchants from Surrounding Cities away. The City looks like a desert Compared to its usual animated appearance. Last week ending the 6th there were 78 deaths from it, altogether 173. This week ending yesterday 278 deaths 189 from Cholera. People parting for a day or so, bid farewell to each other. My Partners family are fortunately in the Country. I and Clemens sleep in the Same bed, in Case of a Sudden attack to be within groaning distance. . ." —Diary entry for Sunday, May 13th, 1849 Joseph J. Mersman was a liquor merchant, a German American immigrant who aspired—with success—to become a self-made man. The diary he kept from 1847 to 1864 provides an intriguing account of life in Cincinnati and St. Louis—America's emerging frontier. Outside of Gold Rush diaries and emigration journals, few narrative records of the antebellum period have been published. As a record of both the man and the time in which he lived, *The Whiskey Merchant's Diary* is a valuable resource for social historians, providing significant details about bachelorhood, whiskey making, ballroom dancing, circus history, card games, steamboat transportation, gender roles, theater history, and Victorian etiquette. The diary is also the story of a man who confronted serious disease, and his descriptions of cholera and syphilis are exceptional. Complemented by photographs, maps, and period advertisements, the diary reveals how a German American businessman worked to establish himself in his newly adopted country during an era that was rife with opportunity. Linda A. Fisher's professional training as a physician makes the public health aspect of this project particularly valuable, and her annotations throughout serve to emphasize the significance of Mersman's firsthand observations.

Decisions and Orders of the National Labor Relations Board Oct 07 2020

In a Fix Sep 29 2022 Snagging a marriage proposal for her client while on an all-expenses-paid vacation should be a simple job for Ciel Halligan, aura adaptor extraordinaire. A kind of human chameleon, she's able to take on her clients' appearances and slip seamlessly into their lives, solving any sticky problems they don't want to deal with themselves. No fuss, no muss. Big paycheck. This particular assignment is pretty enjoyable...that is, until Ciel's island resort bungalow is blown to smithereens and her client's about-to-be-fiancé is snatched by modern-day Vikings. For some reason, Ciel begins to suspect that getting the ring is going to be a tad more difficult than originally anticipated. Going from romance to rescue requires some serious gear-shifting, as well as a little backup. Her best friend, Billy, and Mark, the CIA agent she's been crushing on for years—both skilled adaptors—step in to help, but their priority is, annoyingly, keeping her safe. Before long, Ciel is dedicating more energy to escaping their watchful eyes than she is to saving her client's intended. Suddenly, facing down a horde of Vikings feels like the least of her problems. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Art and Science of Technical Analysis Sep 17 2021 A breakthrough trading book that provides powerful insights on profitable technical patterns and strategies *The Art and Science of Technical Analysis* is a groundbreaking work that bridges the gaps between the academic view of markets, technical analysis, and profitable trading. The book explores why randomness prevails in markets most, but not all, of the time and how technical analysis can be used to capture statistically validated patterns in certain types of market conditions. The belief of the book is that buying and selling pressure causes patterns in prices, but that these technical patterns are only effective in the presence of true buying/selling imbalance. *The Art and Science of Technical Analysis* is supported by extensive statistical analysis of the markets, which will debunk some tools and patterns such as Fibonacci analysis, and endorse other tools and trade setups. In addition, this reliable resource discusses trader psychology and trader learning curves based on the author's extensive experience as a trader and trainer of traders. Offers serious traders a way to think about market problems, understand their own performance, and help find a more productive path forward Includes extensive research to validate specific money-making patterns and strategies Written by an experienced market practitioner who has trained and worked with many top traders Filled with in-depth insights and practical advice, *The Art and Science of Technical Analysis* will give you a realistic sense of how markets behave, when and how

technical analysis works, and what it really takes to trade successfully.

Health At Every Size Oct 19 2021 Fat isn't the problem. Dieting is the problem. A society that rejects anyone whose body shape or size doesn't match an impossible ideal is the problem. A medical establishment that equates "thin" with "healthy" is the problem. The solution? Health at Every Size. Tune in to your body's expert guidance. Find the joy in movement. Eat what you want, when you want, choosing pleasurable foods that help you to feel good. You too can feel great in your body right now—and Health at Every Size will show you how. Health at Every Size has been scientifically proven to boost health and self-esteem. The program was evaluated in a government-funded academic study, its data published in well-respected scientific journals. Updated with the latest scientific research and even more powerful messages, Health at Every Size is not a diet book, and after reading it, you will be convinced the best way to win the war against fat is to give up the fight.

Deadly Chemistry Feb 29 2020 Former undercover cop Mike Gibson has been lying low, working as a maintenance man to put his troubled younger brother through college. But when a beautiful scientist enlists Mike's help to repair the damage done to her lab by a group of vandals, Mike finds that his, and his brother's pasts, are about to be brought to light. Lauren Kane was happy having a secret crush on the hot maintenance man at Tucker University, but when the drug she was studying is stolen, Lauren has a chance to get to know Mike in person. The problem is, he seems to know more about what's going on than any maintenance man should. But then the drug turns up in the wrong hands, and Mike and Lauren have to decide if their own chemistry will help, or hinder, the race to save innocent lives.

Orientalism Aug 24 2019 'A stimulating, elegant yet pugnacious essay'—Observer In this highly acclaimed seminal work, Edward Said surveys the history and nature of Western attitudes towards the East, considering Orientalism as a powerful European ideological creation—a way for writers, philosophers and colonial administrators to deal with the 'otherness' of Eastern culture, customs and beliefs. He traces this view through the writings of Homer, Nerval and Flaubert, Disraeli and Kipling, whose imaginative depictions have greatly contributed to the West's romantic and exotic picture of the Orient. In the Afterword, Said examines the effect of continuing Western imperialism.

Shirt-tail Kin Aug 05 2020 A book of the family trees of the original "Old John Huff", who was one of three brothers who immigrated to America. He was born in 1625 in Friesland, which, at that time was part of Germany. The German Friesen tribe arrived before the Christian era and it is this tribe from which the modern Dutch people, living in the northern section of present day Holland, are descended. "Old John" sailed from Rotterdam Holland to New York in 1645 and settled in New Netherland (New York). The other two brothers settled elsewhere and the three brothers never met again [as far as records can prove].

The Williams, Prince, Norman, Cox, and Allied Families Jul 04 2020 William D. Williams, parents unknown, was born in Tennessee about 1816. He married Nancy Joiner, parents not listed, on 5 May 1841 in Gibson County, Tennessee. They had 11 children. No death dates or place of deaths are known for William and Nancy. Their descendants have lived in Tennessee, Texas, Minnesota, Hawaii, and other areas in the United States.

C is for City Sep 25 2019 Here's Nikki Grimes's clever alphabet rhyme as a guide to a big city. From the ice-skating rink to the opera, C is for City is alive with activity. Pat Cummings's vivid illustrations are filled with alphabetical items for which to search. An answer key is provided in the back.

Marysville Hotel Demolition Project Jul 28 2022

Pre-Fix Aug 17 2021 Meet Ciel Halligan, aura adaptor extraordinaire, in this charming introduction to Linda Grimes' "sparkling series" (Publishers Weekly). A genetic quirk means Ciel can take on the appearance of anyone she meets by projecting their aura. This startling ability presents endless possibilities, and she's one of a rare few who has it...so you'd think it'd be easier finding a day job that lets her put it to use. Actress? Model? Ethically dubious and possibly criminal activities, like her best friend Billy? Ciel's long-time crush and fellow aura adaptor, Mark, has found his calling as a CIA agent—a life of intrigue, danger, and the perfect utilization of their rather unique skill set. It seems like the obvious choice to Ciel: She could do good and spend time with her crush. What could be better? "Seamlessly blending humor and action...This deliciously sexy and fun-filled romp simply is a must-read."-RT Book Reviews, 4 1/2 stars, Top Pick! on In a Fix At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Index of Patents Issued from the United States Patent and Trademark Office May 02 2020

Kamala Harris Jun 14 2021 Discover the incredible story of a young daughter of immigrants who would grow up to be the first woman, first Black person, and first South Asian American ever elected Vice President of the United States in this moving picture book biography of Kamala Harris. When Kamala Harris was young, she often accompanied her parents to civil rights marches—so many, in fact, that when her mother asked a frustrated Kamala what she wanted, the young girl responded with: “Freedom!” As Kamala grew from a small girl in Oakland to a senator running for president, it was this long-fostered belief in freedom and justice for all people that shaped her into the inspiring figure she is today. From fighting for the use of a soccer field in middle school to fighting for the people of her home state in Congress, Senator Harris used her voice to speak up for what she believed in and for those who were otherwise unheard. And now this dedication has led her all the way to being elected Vice President of the United States. Told in Nikki Grimes's stunning verse and featuring gorgeous illustrations by Laura Freeman, this picture book biography brings to life a story that shows all young people that the American dream can belong to all of us if we fight for one another.

The Way of All Fish Oct 26 2019 An “absurdly amusing” (The New York Times Book Review) sequel to Martha Grimes’s bestselling novel, *Foul Matter*, this wicked satire of the publishing industry is “comic, caustic, and relentlessly readable” (Booklist). Writer Cindy Sella is having trouble with her new novel. Aside from her paralyzing writer’s block, she’s faced with a lawsuit from her ex-agent, L. Bass Hess. Hess will stop at nothing to collect a commission from Cindy on her previous novel, which he did not represent since she had fired him long before it was published. Hitmen Candy and Karl—first introduced in *Foul Matter*—are asked to “get rid” of L. Bass Hess. They join forces with a publishing mogul, a bestselling author, an out-of-work Vegas magician, an alligator wrangler, a glamorous Malaysian con lady, and Hess’s aunt in the Everglades who has undergone a wildly successful sex change, and concoct a plan to save Cindy Sella from the odious machinations of Hess by driving him (slowly, hilariously) crazy. Grimes’s fans will delight in the return of several colorful characters from *Foul Matter*, including Senior Editor Clive Esterhaus, unprincipled publisher Bobby Mackenzie, and ex-mobster and author Danny Zito, currently under the witness protection program. New readers will find that these characters and their escapades shed an amusing light on the New York publishing scene. Informed and influenced by the author’s own publishing adventures, “*The Way of All Fish* is a goofily offbeat delight” (The Washington Post).
