From reviews: "As a recent DOccMed candidate, I consider this book to be a useful reference for those preparing for the written part of the diploma examination... it would be an excellent investment for anyone preparing for the exam." Occupational Medicine, April 2018

Lifeworlds in Online Social Networks in Germany Sep 10 2020 "Lifeworlds in Online Social Networks in Germany: ONLINE MARKET SEGMENTATION THROUGH SOCIAL STRUCTURE ANALYSIS" provides information about the German Social Network Market during the raising period of WhatsApp and Instagram. The research targets on a comparison of existing lifeworld (oriented on the German SINUS MILIEUS) and their online behavior. The research is influenced by the social structure analysis of Pierre Bourdieu which questioner was used to ask Internet users in Germany regarding their preferences and behavior. For the analysis 1.607 fulfilled questionnaires could be used. The resulting analysis provides information about the online and offline preferences of digital vanguards and responsibility-driven individuals. Those preferences were distinguished regarding i. e. media usage, purchase behavior and social network interaction.

Khanna's Objective Type Questions & Answers in Chemical Engineering Sep 22 2021 This book is meant for diploma students of chemical engineering and petroleum engineering both for their academic programmes as well as for competitive examination. This book Contains 18 chapters covering the entire syllabus of diploma course in chemical engineering and petrochemical engineering. This book in its present form has been designed to serve as an encyclopedia of chemical engineering so as to be ready reckoner apart from being useful for all types of written tests and interviews faced by chemical engineering and petrochemical engineering diploma students of the country. Since branch related subjects of petrochemical engineering are same as that of chemical engineering diploma students, so this book will be equally useful for diploma in petrochemical engineering students.

Marketing McQ's: 580 Frequently Asked Questions Are Answered from a Question Bank of 1600 Questions Jan 27 2022 This book offers you a short cut for the marketing exams. It contains frequently asked 580 questions, out of a question bank of over 1600 questions. I have reviewed whole syllabuses of many marketing courses in Diploma to Undergraduate level and have included questions on fundamental concepts and terms that are tested in a marketing exam. I have purposely avoided questions that are easy and not tested frequently to bring down the load on students to study on marketing MCQs. Hence, this book will take away a big burden on students in reading the whole syllabus, sifting, selecting important questions from big question banks and memorizing all of them. In addition to helping students in answering MCQs, this book provides a revision of the whole syllabus offered in a marketing course. Therefore, the knowledge gathered by answering MCQs in this book will surely help the student to write short and essay type answers as well with confidence. Multiple Choice Questions (MCQs) are used as an objective assessment in almost all the mid-term and final exams of marketing in universities and professional institutions all over the world. The MCQs in marketing are set from the whole syllabus. MCQs generally test the knowledge of fundamental concepts, terms and the ability of students in application of such knowledge in interpreting practical situations. MCQs are tricky and cleverly designed to distract students to mark incorrect answers. The time given to answer MCQs are limited and students should have a thorough knowledge of the subject to select the correct answer within the restricted time. The best way to prepare yourself for MCQs is to know them in advance. The challenge for students is, they are required to study many subjects in addition to marketing in one semester. Therefore, not every student has the time to go through the whole syllabus and remember all the concepts. This book is written with the sole aim of helping students to get exams through and you will not regret the investment you make on this book.

Diploma in Dental Nursing, Level 3 Jul 01 2022 Diploma in Dental Nursing, Level 3 is the new edition of the must-have study companion for trainee dental nurses preparing for the City & Guilds Level 3 Diploma in Dental Nursing (formerly NVQ). The book offers comprehensive support on the units assessed by portfolio - from first aid and health and safety to specific chairside support procedures - as well as the four areas of the course tested by multiple choice questions: infection control, oral health assessment, dental radiography and oral health management. This third edition of an established revision text has been substantially revised and restructured in line with the new qualification and reflects changes in the regulations and legislature affecting dentistry and dental workplaces, all of which have an effect on the daily role and working life of the dental nurse. It will be an invaluable guide for dental nurse trainees, qualified dental nurses and course providers. - Expanded and revised, with extensive coverage of the fifteen Diploma units - In full colour throughout with over 400 illustrations - Companion website with downloadable glossary and MCQs for revision and self-assessment
