What Became of Wystan Oct 03 2022 In this lucid and balanced treatise, Alan Jacobs reveals the true parameters of Auden's change after the poet's move to America in 1939. By carefully examining poems that represent transitional moments in Auden's thinking, Jacobs identifies the points at which the tectonic plates of the poet's intellect clashed and the buckles and

riffs created in Auden's work. Surveying Auden's growth over time, Jacobs explores the idea of personal and moral change. Chapters outline Auden's rejection of Romanticism and his adoption of Horatianism, and his altered views of political, psychological, and sexual matters. Lastly Jacobs demonstrates the consistent qualities of thought and expression found throughout Auden's poetry and shows how, in great art as in great minds, change and continuity may powerfully coexist.

What Became of You My Love? Mar 28 2022 Stella Ainsworth has settled for suburban peace with a pedantic husband, a dissatisfied daughter and a clutch of beloved grandchildren - who all take her presence in their lives for granted. Then Cameron Keene, her boyfriend from her teenage years who'd left for America to become a rock icon of the Sixties, returns to England. Much to Stella's astonishment, Cameron announces in an interview that his most famous song, which became a legendary love anthem across the world, was written about Stella, and that he has come back to find her. What Became of You, My Love? explores the power of music to take us back to our youth, and asks if we can ever relive those giddy times when everything seemed possible.

What Became of Little Jackie Smith? Jan 26 2022 In 1950, Victoria Smith leaped to her death in Fresno, California, leaving many to wonder about the 10-year-old son she left behind. "What Became of Little Jackie Smith?: A True Story Continued" is a sequel to Victoria's Smith's life story, "Victoria's Secret: A Conspiracy of Silence" (recipient of an honorable mention award in the Writer's Digest Self-Published Book Awards in 2001). In this follow-up biography, Vickie Smith Odabashian describes how Little Jackie Smith handled his mother's tragic death and the struggles he encountered from childhood through his many adventures in far-flung locations in his adulthood. This story is the author's loving tribute to her father, his courage to move forward, and his hard work and dedication to making the world a better place. "This is a riveting book which I found difficult to put down. It chronicles the life of a child who was abandoned and often left to parent himself, and the many challenges he overcame in his quest to become a man. Despite a child with few consistent role models, he was a loving father, a compassionate and courageous law enforcement officer, and a devoted friend. As a therapist who has worked for many years with abused children, I am in awe of Jack's resilience and his lifelong commitment and concern for the welfare of others. This book will serve as hope to many who wonder how to rise above and find meaning in situations that often feel overwhelming. This is a story of the resilience of the human spirit and finding faith in humanity." - Ann C. Leber, LMFT "Vickie has written an inspiring story of how her father grew from an abandoned and abused child who conquered every obstacle to become a gentleman who served his country in the military and his community as a peace officer, treating everyone with dignity and respect along the journey." - Perry L. Reniff, Retired Butte County Sheriff Vickie Smith (Foston) Odabashian began working as an educator in 1993. In 1999, she earned a Master's Degree in Sociology, and in 2001, self-published her first book, Victoria's Secret: A Conspiracy of Silence. Vickie and her husband, Glen, reside in Northern California near their immediate family-including five adult children and ten grandchildren (some of whom are pictured in the group photo that follows). The Final Race Apr 16 2021 An award-winning biography of a man whose faith and resilience continues to inspire. On July 19, 1924, Eric Liddell was on top of the world. He was the most famous Briton at the time, having just won the gold in the Olympic 400-meter race. The story of that race and the one he didn't run was told in the popular movie classic *Chariots of Fire*. But what most of us don't know is what became of Eric Liddell in the years after the credits rolled. As the storm clouds of World War II rolled in, Eric had already made decisions in his life that gave him the resilience to stand tall while others fell into despair. His strength of character led him to choose an uncertain future in China during World War II in order to continue helping the Chinese. He lived purposefully even as his world crumbled and he experienced the horror and deprivations of a Japanese internment camp. Eric's story is a story of hope in the face of uncertainty, resilience in the face of unspeakable odds, and inspiring vision of what life means, even when the final hour comes. The first race you run isn't your most important one. It's the final race that matters most. You won't want to miss this story of an Olympian who chose the better way.

Kipling and Trix Jan 14 2021 WINNER OF THE VIRGINIA PRIZE FOR FICTION As young children, Rudyard and his

sister 'Trix' flourished in the brilliant warmth and colour of India. Their happiness ended abruptly when they were sent back to England to live with a strict and god-fearing foster family. Both became writers, although one lived in the shadow of the other's extraordinary success. The name Rudyard Kipling is known to millions, but what became of his talented younger sister? She was careful to hide her secret life even from those closest to her. Mary Hamer's fascinating novel brings both Kipling and Trix vividly to life. In this fictionalised account of their lives, she goes to the heart of the relationship between a difficult brother and his troubled sister. Hamer peels back the historical record to reveal the obsessions which fuelled Kipling and his sister. Was he really better equipped to deal with conflict, heartbreak and loss than his beloved Trix? Review 'A historical delight' -Waterstones 'Hamer's book opens up the complex world of the Kiplings, moving between continents and momentous world events' -Daily Mail 'Illuminating new study... She writes clearly, pleasantly, and with a blessed absence of jargon.' -Times Literary Supplement 'Mary Hamer's Kipling and Trix elegantly walks the borders between fact and fiction in her retelling of Rudyard Kipling's story and his relationship with his sister Trix' - Historical Novel Society 'The childhood scenes are particularly compelling, revealing how brother and sister, though dependents, were gradually becoming rivals...The book is a rich collage of potent scenes - you shift viewpoint and we see Rud and Trix through the eyes of many others.' - Pam Johnson, Words Unlimited About the Author Mary Hamer was born in Birmingham. After reading English at Oxford she taught for the next twenty years and published works of non-fiction, before embarking at last on the adventure of imaginative writing. Kipling and Trix is her fifth book and first novel. Mary travels widely and has lectured in many countries. Her work has appeared in the Economist, the Guardian and the Independent. She has contributed to television and radio programmes, such as 'In Search of Cleopatra', Women's Hour and Night Waves. Mary is the Chair of the Kipling Society in London.

What Became of Henry Cartwright May 18 2021 When her parents die from fever, Lady Sarah Montgomery Baird Watson-Wentworth has to leave India, a land she was born and raised in, and travel to England for the first time. Finding it almost impossible to adjust to London society, Sarah flees to the county of Cheshire and the country estate of Grangeback that borders the village of Stickleback Hollow. A place filled with oddballs, eccentrics and more suspicious characters than you can shake a stick at, Sarah feels more at home in the sleepy little village than she ever did in the big city; however, even sleepy little villages have mysteries that must be solved. The Opium Wars have begun, but matters of gunboat diplomacy also require the services of more than soldiers to see them through. Though things in Stickleback Hollow are somewhat quieter than the residents have become used to, things in China are far from peaceful. Alex and Sarah are making decisions about their future, whilst in China Miss Baker, Brigadier Webb-Kneelingroach, Captain Jonnes Smith and Countess Szonja are faced with the trials of serving secretive masters and trying to discover what became of Henry Cartwright.

Ruth Fielding at Sunrise Farm; Or, What Became of the Raby Orphans Dec 25 2021 The single gas jet burning at the end of the corridor was so dim and made so flickering a light that it added more to the shadows of the passage than it provided illumination. It was hard to discover which were realities and which shadows in the long gallery. Not a ray of light appeared at any of the transoms over the dormitory doors; yet that might not mean that there were no lights burning within the duo and quartette rooms in the East Dormitory of Briarwood Hall. There were ways of shrouding the telltale transoms and-without doubt-the members of the advanced junior classes had learned such little tricks of the trade of being a schoolgirl.

What Became of the Bones of St Thomas? Nov 04 2022 First published in 1920, this volume was written by the theologian, scholar, and canon of Canterbury Cathedral, Arthur James Mason. It was intended to bring together the known documentary evidence relating to the history of the relics of Thomas Becket. Divided into four sections, the book presents the narrative accounts of the death of Thomas Becket, the history of his tomb and the shrine dedicated to him, and the subsequent destruction of the shrine under the reign of Henry VIII. The last section, and the most significant for this study, is devoted to the discovery in 1888 of bones in the crypt of the cathedral thought to belong to Thomas Becket. The book offers a thorough overview of the evidence and circumstances of the discovery and encourages readers to draw their own conclusions.
