Poetry: Discovering Genre Oct 30 2019

A Poet's High Argument May 18 2021 "In this original study of Elizabeth Bishop's lifelong engagement with Christianity, Laurel Snow Corelle illuminates the ways in which Bishop's Protestant childhood and reading of Christian literature, coupled with her deep commitment to agnosticism, inform the works of this former poet laureate of the United States. Corelle sees in Bishop's writing a sophisticated and sustained interrogation of orthodoxy that exquisitely balances Bishop's religious upbringing with her agnostic stance and that has until now escaped thorough examination." "To make her case, Corelle immerses the reader in Bishop's works and world in order to convey the rigor, subtlety, and complexity of the poet's dialogue with historical Christianity and its literature. At the heart of that engagement are some compelling peculiarities. Bishop was a self-proclaimed nonbeliever; yet she grew up in two devout Protestant homes, and she studied Christian literature throughout her life. As a result some of the perspectives and prejudices voiced in her verse are transparently Protestant." "This study illustrates how she incorporated allusions to scripture and Protestant sacraments in a subversive critique of organized Christianity and how her appropriation of three traditional genres common to Christian literature - allegory, pastoral elegy, and spiritual autobiography - advanced her own poetic purposes."--BOOK JACKET.

The Cambridge Companion to Elizabeth Bishop Aug 21 2021

Elizabeth Bishop is increasingly recognized as one of the twentieth century's most important and original poets. Initially celebrated for the minute detail of her descriptions, what John Ashbery memorably called her 'thinginess', Bishop's reputation has risen dramatically since her death, in part due to the publication of new work, including letters, stories, and visual art, as well as a controversial volume of uncollected poems, drafts, and fragments. This Companion engages with key debates surrounding the interpretation and reception of Bishop's writing in relation to questions of biography, the natural world and politics. Individual chapters focus on texts such as *North and South*, *Questions of Travel*, and *Geography III*, while offering fresh readings of the significance of Nova Scotia, Massachusetts, and Brazil to Bishop's life

and work. This volume explores the full range of Bishop's artistic achievements and the extent to which the posthumous publications have contributed to her enduring popularity.

The Poetry of Derek Mahon Oct 23 2021 Derek Mahon is one of the leading poets of his time, both in Ireland and beyond, famously offering a perspective that is displaced from as much as grounded in his native country. From prodigious beginnings to prolific maturity, he has been, through thick and thin, through troubled times and other, a writer profoundly committed to the art of poetry and the craft of making verse. He has also been no-less a committed reviser of his work, believing the poem to be more than a record in verse, but a work of art never finished. This virtuoso study by Hugh Haughton provides the most comprehensive account imaginable of Mahon's oeuvre. Haughton's

brilliant writing always serves and illuminates the poetry, yielding extraordinary insights on almost every page. The poetry, its revisions and reception, are the subject here, but so thorough is the approach that what is offered also amounts indirectly to an intellectual biography of the poet and with it an account of Northern Irish poetry vital to our understanding of the times.

Becoming Canonical in American Poetry Feb 01 2020

The Pit and the Pendulum Apr 28 2022 This selection of Poe's critical writings, short fiction and poetry demonstrates an intense interest in aesthetic issues and the astonishing power and imagination with which he probed the darkest corners of the human mind. *The Fall of the House of Usher* describes the final hours of a family tormented by tragedy and the legacy of the past. In *The Tell Tale Heart*, a murderer's insane delusions threaten to betray him, while stories such as *The Pit and the Pendulum* and *The Cask of Amontillado* explore extreme states of decadence, fear and hate.

A Short Residence in Sweden & Memoirs of the Author of 'The Rights of Woman' Jan 26 2022 In these two closely linked works - a travel book and a biography of its author - we witness a moving encounter between two of the most daring and original minds of the late eighteenth century: *A Short Residence in Sweden* is the record of Wollstonecraft's last journey in search of happiness, into the remote and beautiful backwoods of Scandinavia. The quest for a lost treasure ship, the pain of a wrecked love affair, memories of the French Revolution, and the longing for some Golden Age, all shape this vivid narrative, which Richard Holmes argues is one of the neglected masterpieces of early English Romanticism. *Memoirs* is Godwin's own account of Wollstonecraft's life, written with passionate intensity a few weeks after her tragic death. Casting aside literary convention, Godwin creates an intimate portrait of his wife, startling in its candour and psychological truth. Received with outrage by friends and critics alike, and virtually suppressed for a century, it can now be recognized as one of the landmarks in the development of modern biography.

A Companion to American Literature and Culture Jul 08 2020 This expansive Companion offers a set of fresh perspectives on the wealth of texts produced in and around what is now the United States. Highlights

the diverse voices that constitute American literature, embracing oral traditions, slave narratives, regional writing, literature of the environment, and more Demonstrates that American literature was multicultural before Europeans arrived on the continent, and even more so thereafter Offers three distinct paradigms for thinking about American literature, focusing on: genealogies of American literary study; writers and issues; and contemporary theories and practices Enables students and researchers to generate richer, more varied and more comprehensive readings of American literature

The Best of the Best American Poetry Oct 11 2020 Every year since 1988 a major poet has selected seventy-five poems for publication in *The Best American Poetry*. The series has quickly grown in both sales and prestige, as poetry itself has seen a remarkable resurgence in popularity and vitality, fueled by established poets at the peak of their powers and a new generation of daring voices. As we approach the millennium, now is the opportune moment to take stock of American poetry and choose the work that will stand the test of time. Harold Bloom, a commanding presence on the American literary state, has read all 750 poems in the series and has picked the "best of the best." He precedes his selections with a compelling and highly provocative essay on the state of American letters, in which he fiercely champions the endangered realm of the aesthetic over the politically correct. Diverse in style, method, and metaphor, the seventy-five poems Bloom has chosen go a long way toward defining a contemporary canon of American poetry. This exciting volume reflects not only the taste of the current editor, but the predilections of the all-star list of poets who have contributed their time and intellect to make this series what is today: a "valuable, invaluable, supervaluable" (*Beloit Poetry Journal*) record of an ever-changing, always exciting art.

In the Frame Aug 09 2020 The subject of *In the Frame* is poetic ekphrasis: poems whose starting point or source of inspiration is a work of visual art. The authors of these sixteen essays, several of whom are poets as well as critics, have a twofold purpose: calling attention to the contribution women poets have made to this important genre of poetic writing and re-thinking ekphrastic poetry's motives and purposes. From Marianne Moore and Elizabeth Bishop to Mary Jo Salter, C. D. Wright,

and Susan Wheeler, many of our best women poets have done important work in this genre, and when they describe, confront, or speak for an image that is itself wordless, their motives are not only formal but aesthetic. Their poems also raise important questions, from a perspective that is often, but not always, gender-inflected about how art is made and displayed, experienced and valued, celebrated and commodified. Jane Hedley is K. Laurence Stapleton Professor of English at Bryn Mawr College. Willard Spiegelman is the Hughes Professor of English at Southern Methodist University, and editor-in-chief of the Southwest Review. Nick Halpem is an associate professor in the English Department at North Carolina State University.

The Complete Poems 1927-1979 Nov 04 2022

The Wicked Sisters Jun 18 2021 This provocative study of the lives and works of Emily Dickinson, Marianne Moore, Elizabeth Bishop, Adrienne Rich, and Gwendolyn Brooks focuses on the historical struggles and differences among and within women writers and among feminists themselves. Erkkila explores the troubled relations women writers experienced with both masculine and feminine literary cultures, arguing that popular feminist views often romanticize and maternalize women writers and their interrelations in ways that effectively reinforce the very gender stereotypes and polarities which initially grounded women's oppression. Studying the multiple race, class, ethnic, cultural, and other locations of women within a particular social field, Erkkila offers a revisionary model of women's literary history that challenges recent feminist theory and practice along with many of our fundamental assumptions about the woman writer, women's writing, and women's literary history. In contrast to the tendency of earlier feminists to heroize literary foremothers and communities of women, Erkkila focuses on the historical struggles and conflicts that make up the history of women poets. Without discounting the historical power of sisterhood, she seeks to reclaim women's literary history as a site of contention, contingency, and ongoing struggle, rather than a separate space of untroubled and essentially cooperative accord among women. Encompassing the various historical significations of "wickedness" as destructive, powerful, playful, witty, mischievous, and not righteous, *The Wicked Sisters* explores the power struggles and discord that mark both the history of

women poets and the history of feminist criticism.

The New Anthology of American Poetry Sep 29 2019 Steven Gould Axelrod, Camille Roman, and Thomas Trivisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology. Volume III provides the most compelling and wide-ranging selection available of American poetry from 1950 to the present. Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture. Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop, Robert Lowell, and Sylvia Plath, as well as song lyrics from such popular musicians as Bob Dylan and Queen Latifah. Because contemporary American culture transcends the borders of the continental United States, the anthology also includes numerous transnational poets, from Julia de Burgos to Derek Walcott. Whether they are the works of oblique avant-gardists like John Ashbery or direct, populist poets like Allen Ginsberg, all of the selections are accompanied by extensive introductions and footnotes, making the great poetry of the period fully accessible to readers for the first time.

Ecopoetics and the Global Landscape Jun 06 2020 *Ecopoetics and the Global Landscape: Critical Essays* is a collection of trans-national essays on the intersection of ecopoetics and foundational theoretical issues within ecocriticism, such as environmental justice, indigenous studies, animal studies, new materialism, as well as the local and global.

I Pray in Poems Nov 11 2020 *I pray in poems* explores the intersection of great works of poetry and Christian faith, offering meditations on what these works illustrate about Christian living. Readers will encounter authors as diverse as William Shakespeare, T.S. Eliot, Rumi, Mary Oliver, and Anna Kamienska. Each poem is followed by an analytical reflection that explores the work and places it within the context of one or more Biblical passages. These meditations will assist the reader in understanding and appreciating the poetry, and will also offer insightful, perhaps even inspiring, thoughts on what it means to live a life in faith.

Exchanging Hats Aug 01 2022 When the distinguished art critic Meyer Schapiro said that Elizabeth Bishop “writes poems with a painter’s eye,” Bishop was “very flattered: I’d love to be a painter.” The fact is—though

not many knew it—she painted throughout her life, as this handsome book, reproducing in full color forty of her works, demonstrates. The paintings were tracked down, identified, and collected by the poet and art writer William Benton, who arranged the first exhibit of Bishop’s artwork (twenty-seven pieces) in January 1993 at the East Martello Tower Museum as part of the Key West Literary Seminar on Bishop’s writing. Probably the best-known paintings are the three or four that decorated the dust jackets of earlier editions of her books, but most of her artwork has never been reproduced. Some, like E. Bishop’s Patented Slot-Machine, come as a total surprise. William Benton gives the provenance, dimensions, and (where possible) the date of each work. In the second half of the book, he also cites many painterly passages from Bishop’s writing. Typically, after admitting that occasionally she painted “a small gouache or watercolor,” Bishop asserted: “They are Not Art—NOT AT ALL.” William Benton concludes, “They are, though.” In paperback for the first time since its publication, this edition of *Exchanging Hats* is sure to generate a renewed appreciation for this multi-talented artist.

Poetry, Poets, Readers Dec 25 2021 Through detailed considerations of poetry by Shakespeare, Keats, Edward Lear, Yeats, Auden, Elizabeth Bishop, and Paul Muldoon, along with sustained meditations on question-forms in poems, the role of fact in fictions, the nature of literary value, speech acts and performative utterances issued by poets, the book sets out a fresh model for relationships between poetry, poets, and readers - one which allows the historical fact of poems having made things happen to be itself happening."--Jacket.

Writing the Woman Artist Apr 04 2020 *Writing the Woman Artist* is a collection of essays that explore the ways women writers portray women painters, sculptors, writers, and performers.

Contemporary Irish Poetry and the Pastoral Tradition Jan 14 2021 In *Contemporary Irish Poetry and the Pastoral Tradition*, Donna L. Potts closely examines the pastoral genre in the work of six Irish poets writing

today. Through the exploration of the poets and their works, she reveals the wide range of purposes that pastoral has served in both Northern Ireland and the Republic: a postcolonial critique of British imperialism; a response to modernity, industrialization, and globalization; a way of uncovering political and social repercussions of gendered representations of Ireland; and, more recently, a means for conveying environmentalism's more complex understanding of the value of nature. Potts traces the pastoral back to its origins in the work of Theocritus of Syracuse in the third century and plots its evolution due to cultural changes. While all pastoral poems share certain generic traits, Potts makes clear that pastorals are shaped by social and historical contexts, and Irish pastorals in particular were influenced by Ireland's unique relationship with the land, language, and industrialization due to England's colonization. For her discussion, Potts has chosen six poets who have written significant collections of pastoral poetry and whose work is in dialogue with both the pastoral tradition and other contemporary pastoral poets. Three poets are men—John Montague, Seamus Heaney, Michael Longley—while three are women—Eavan Boland, Medbh McGuckian, Nuala Ní Dhomhnaill. Five are English-language authors, while the sixth—Ní Dhomhnaill—writes in Irish. Additionally, some of the poets hail from the Republic, while others originate from Northern Ireland. Potts contends that while both Irish Republic and Northern Irish poets respond to a shared history of British colonization in their pastorals, the 1921 partition of the country caused the pastoral tradition to evolve differently on either side of the border, primarily because of the North's more rapid industrialization; its more heavily Protestant population, whose response to environmentalism was somewhat different than that of the Republic's predominantly Catholic population; as well the greater impact of the world wars and the Irish Troubles. In an important distinction from other studies of Irish poetry, Potts moves beyond the influence of history and politics on contemporary Irish pastoral poetry to consider the relatively recent influence of ecology. Contemporary Irish poets often rely on the motif of the pastoral retreat to highlight various environmental threats to those retreats—whether they be high-rises, motorways, global warming, or acid rain. Potts concludes by speculating on the future of pastoral in

contemporary Irish poetry through her examination of more recent poets—including Moya Cannon and Paula Meehan—as well as other genres such as film, drama, and fiction.

Fictions of Form in American Poetry Dec 13 2020 In the 1830s Alexis de Tocqueville prophesied that American writers would slight, even despise, form--that they would favor the sensational over rational order. He suggested that this attitude was linked to a distinct concept of democracy in America. Exposing the inaccuracies of such claims when applied to poetry, Stephen Cushman maintains that American poets tend to overvalue the formal aspects of their art and in turn overestimate the relationship between those formal aspects and various ideas of America. In this book Cushman examines poems and prose statements in which poets as diverse as Emily Dickinson and Ezra Pound describe their own poetic forms, and he investigates links and analogies between poets' notions of form and their notions of "Americanness.". The book begins with a brief discussion of Whitman, who said, "The United States themselves are essentially the greatest poem." Cushman takes this to mean that American poetry has succeeded in making fictions about itself which persuade its readers that its uniqueness transcends merely geographical boundaries. He explores the truth of this statement by considering the Americanness of Emily Dickinson, Ezra Pound, Elizabeth Bishop, and A. R. Ammons. He concludes that the uniqueness of American poetry lies not so much in its forms as in its formalism and in the various attitudes that formalism reveals. Originally published in 1993. The Fire That Breaks Apr 16 2021 In terms of literary history, Gerard Manley Hopkins has been difficult to pin down. Many of his concerns - industrialism, religious faith and doubt, science, language - were common among Victorian writers, but he is often championed as a

proto-modernist despite that he avoids the self-conscious allusiveness and indirectness that typify much high modernist poetry. It is partly because Hopkins cannot be pigeonholed that his influence remains relevant. *The Fire that Breaks* brings together an international team of scholars to explore for the first time Hopkins's extended influence on the poets and novelist who defined Anglo-American literature throughout the past century.

Poetry's Touch Mar 16 2021 To whom does a poem speak? Do poems really communicate with those they address? Is reading poems like overhearing? Like intimate conversation? Like performing a script? William Waters pursues these questions by closely reading a selection of poems that say "you" to a human being: to the reader, to the beloved, or to the dead. In any account of reading lyric poetry, Waters argues, there will be places where the participant roles of speaker, intended hearer, and bystander melt together or away; these are moments of wonder. Looking both at poetry's "you" and at how readers encounter it, Waters asserts that poetic address shows literature pressing for a close relation with those into whose hands it may fall. What is at stake for us as readers and critics is our ability to acknowledge the claims made on us by the works of art with which we engage. In second-person poems, in a poem's touch, we may come to see why poetry matters to us, and how we, in turn, come to feel answerable to it. *Poetry's Touch* takes as a central thread the poetry of Rainer Maria Rilke, a writer whose work is unusually self-conscious about poetic address. The book also draws examples from a gamut of European and American poems, ranging from archaic Greek inscriptions to Keats, Dickinson, and Ashbery.

Wilbur's Poetry Dec 01 2019 Discusses the poems and translations of a leading contemporary poet.

Selected Poems Jul 20 2021 Drawing from every stage of his career, Derek Walcott's *Selected Poems* brings together famous pieces from his early volumes, including "A Far Cry from Africa" and "A City's Death by Fire," with passages from the celebrated *Omeros* and selections from his latest major works, which extend his contributions to reenergizing the contemporary long poem. Here we find all of Walcott's essential themes, from grappling with the Caribbean's colonial legacy to his conflicted love of home and of Western literary tradition; from the

wisdom-making pain of time and mortality to the strange wonder of love, the natural world, and what it means to be human. We see his lifelong labor at poetic crafts, his broadening of the possibilities of rhyme and meter, stanza forms, language, and metaphor. Edited and with an introduction by the Jamaican poet and critic Edward Baugh, this volume is a perfect representation of Walcott's breadth of work, spanning almost half a century.

The Art of Poetry Feb 12 2021 In *The Art of Poetry*, Shira Wolosky provides a dazzling introduction to an art whose emphasis on verbal music, wordplay, and dodging the merely literal makes it at once the most beguiling and most challenging of literary forms. A uniquely comprehensive, step-by-step introduction to poetic form, *The Art of Poetry* moves progressively from smaller units such as the word, line, and image, to larger features such as verse forms and voice. In fourteen engaging, beautifully written chapters, Wolosky explores in depth how poetry does what it does while offering brilliant readings of some of the finest lyric poetry in the English and American traditions. Both readers new to poetry and poetry veterans will be moved and enlightened as Wolosky interprets work by William Shakespeare, John Donne, William Blake, William Wordsworth, Emily Dickinson, Robert Frost, Sylvia Plath, and others. The book includes a superb two-chapter discussion of the sonnet's form and history, and represents the first poetry guide to introduce gender as a basic element of analysis. In contrast to many existing guides, which focus on selected formal aspects like metrics or present definitions and examples in a handbook format, *The Art of Poetry* covers the full landscape of poetry's subtle art while showing readers how to comprehend a poetic text in all its dimensions. Other special features include Wolosky's consideration of historical background for the developments she discusses, and the way her book is designed to acquaint or reacquaint readers with the core of the lyric tradition in English. Lively, accessible, and original, *The Art of Poetry* will be a rich source of inspiration for students, general readers, and those who teach poetry.

Aberration in Modern Poetry Aug 28 2019 This critical work considers the role played by elements that might be considered aberrational in a poet's oeuvre. With an introductory essay exploring the

nature of aberration, these fourteen contributions investigate the work of major 20th-century poets from the U.S., Britain, Ireland, Australia and New Zealand. Aberration is considered from the standpoint of both the artist and the audience, prompting discussion on a range of important issues, including the formation of the canon. Each essay discusses the status of the aberrant work and the ways in which it challenges, enlarges or supports the overall perception of the poet.

Li Ch?ing-chao, Complete Poems Mar 28 2022 Written during the final years of the Sung Dynasty, with its political intrigues and collapse in the face of the Tatar invasions, her poems reveal an imaginative freshness, sensuous imagery, and satirical spirit often at odds with the decadent Confucian code of the day.

Poems Sep 02 2022 This is the definitive centenary edition of the work of one of America's greatest poets, recognised today as a master of her art and acclaimed by poets and readers alike. Her poems display honesty and humour, grief and acceptance, observing nature and human nature with painstaking accuracy. They often start outwardly, with geography and landscape - from New England and Nova Scotia, where Bishop grew up, to Florida and Brazil, where she later lived - and move inexorably toward the interior, exploring questions of knowledge and perception, love and solitude, and the ability or inability of form to control chaos. This new edition, edited by Saskia Hamilton, includes Bishop's four published volumes (North & South, A Cold Spring, Questions of Travel and Geography III), as well as uncollected poems, translations and an illuminating selection of unpublished manuscript poems, reproduced in facsimile, revealing exactly how finished, or unfinished, Bishop left them. It offers readers the opportunity to enjoy the complete poems of one of the most distinguished American poets of the twentieth century.

Great American Prose Poems Sep 09 2020 A prose poem is a poem written in prose rather than verse. But what does that really mean? Is it an indefinable hybrid? An anomaly in the history of poetry? Are the very words "prose poem" an oxymoron? This groundbreaking anthology edited by celebrated poet David Lehman, editor of The Best American Poetry series, traces the form in all its dazzling variety from Poe and Emerson to Auden and Ashbery and on, right up to the present. In his brilliant and lucid introduction, Lehman explains that a prose poem can

make use of all the strategies and tactics of poetry, but works in sentences rather than lines. He also summarizes the prose poem's French heritage, its history in the United States, and the salient differences between verse and prose. Arranged chronologically to allow readers to trace the gradual development of this hybrid genre, the poems anthologized here include important works from such masters of American literature as Gertrude Stein, William Carlos Williams, e. e. cummings, Hart Crane, Ernest Hemingway, James Schuyler, Allen Ginsberg, Frank O'Hara, and Elizabeth Bishop. Contemporary mainstays and emerging poets -- Robert Bly, John Ashbery, Charles Simic, Billy Collins, Russell Edson, James Tate, Anne Carson, Yusef Komunyakaa, and Lydia Davis, among them -- are represented with their best work in the field. The prose poem is beginning to enjoy a tremendous upswing in popularity. Readers of this marvelous collection, a must-have for anyone interested in the current state of the art, will learn why.

Complete Poems Jun 30 2022 A comprehensive edition of one of America's greatest poets, this collection draws from her four published volumes, together with 50 uncollected works and translations of Octavio Paz, Max Jacob and others.

Poetic Rhythm Feb 24 2022 A straightforward and practical introduction to rhythm and meter in poetry in English.

Do Metaphors Dream of Literal Sleep? Jul 28 2019 In culture and scholarship, science-fictional worlds are perceived as unrealistic and altogether imaginary. Seo-Young Chu offers a bold challenge to this perception of the genre, arguing instead that science fiction is a form of "high-intensity realism" capable of representing non-imaginary objects that elude more traditional, "realist" modes of representation. Powered by lyric forces that allow it to transcend the dichotomy between the literal and the figurative, science fiction has the capacity to accommodate objects of representation that are themselves neither entirely figurative nor entirely literal in nature. Chu explores the globalized world, cyberspace, war trauma, the Korean concept of han, and the rights of robots, all as referents for which she locates science-fictional representations in poems, novels, music, films, visual pieces, and other works ranging within and without previous demarcations of the science fiction genre. In showing the divide between realism and

science fiction to be illusory, Do Metaphors Dream of Literal Sleep? sheds new light on the value of science fiction as an aesthetic and philosophical resource—one that matters more and more as our everyday realities grow increasingly resistant to straightforward representation.
