earlier Word Search Puzzles for Kids was a huge success—has come up with even more smart search challenges to delight brainy youngsters. What makes them so special? First, the letters in every grid form a picture, so instead of ho-hum squares, children get lively shapes. Then, the puzzles feature a few additional twists. Three of the searches don't have word lists, for example; the puzzler has to create them from a series of clues. And finally, each puzzle has a hidden message: once kids have circled all the correct phrases, the uncircled letters will spell out a silly quote, fun fact, or punch line to a “punny” riddle.

Fantastic Word Search Puzzles for Kids Jul 05 2020 Mark Danna knows how to create puzzle challenges that children find irresistible. That's why Word Search Puzzles for Kids, as well as his other collections, sold 149,700 copies. Now, he's serving up his sixth helping of ingeniously designed and wildly imaginative word searches that smart youngsters will snap up. Each fun grid is a picture (not a ho-hum square) based on the puzzle's theme, including one shaped like a unicorn for a Fantastic Creatures search. There are rebuses, too, searches where kids have to make up the word list from clues, and puzzles with extra-special, tricky twists. The icing on the cake: each word search contains a hidden message that youngsters can only decipher after they've completed the grid. "
