Taming the Ox Mar 05 2020 Renowned author and National Book Award winner Dr. Charles Johnson writes that his creative work and Buddhist practice are the two activities in his life that have reinforced each other—and have anchored him. In this wide and varied collection of essays, reviews, and short stories, Johnson offers writings that passionately and compellingly illuminate how politics, race, and spiritual life intersect in our changing culture. Throughout his long and varied creative career, Johnson has been a cartoonist and illustrator, screen- and teleplay writer, novelist, philosopher, short fiction writer, essayist, literary scholar, and professor. His work is often philosophically, politically, and spiritually oriented, and he has deeply explored racial issues in the United States, most notably in his novel *Middle Passage*, which won the National Book Award for Fiction in 1990. Johnson received a MacArthur Fellowship, or "Genius Grant," in 1998. *Taming the Ox* is a wonderful reflection of what Johnson has learned during his passage through American literature, the visual arts, and the Buddhist dharma.

[The God Delusion. 10th Anniversary Edition](#) Aug 29 2019 *The God Delusion* caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. *The God Delusion* is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

[The Secret History](#) Sep 22 2021 A 'haunting, compelling, and brilliant' (The Times) novel about a group of students who, under the influence of their professor find their lives changed forever, by the Pulitzer Prize-winning author of *The Goldfinch* Truly deserving of the accolade 'modern classic', Donna Tartt's novel is a remarkable achievement - compelling and elegant, dramatic and playful. 'A haunting, compelling, and brilliant piece of fiction ... Packed with literary allusion and told with a sophistication and texture that owes much more to the nineteenth century than to the twentieth' -The Times

The Eightfold Path Jul 09 2020 From award-winning authors Charles Johnson and Steven Barnes comes a graphic novel anthology of interconnected Afrofuturistic parables inspired by the teachings of Buddha Eight strangers looking for enlightenment from an ancient spiritual teacher are trapped in a cave high in the mountains on their way to his temple. One of his acolytes directs them to each tell a story that the group can learn from as they wait out the horrible snowstorm that rages outside the cave's entrance. One by one the travelers each share a story that, unbeknownst to them, is actually a morality tale representing one of the aspects of final enlightenment as taught in Buddhism. As the wind howls through the night, they tell symbolic stories of horror, dystopia, high adventure, cyberpunk, and urban fantasy. Each story is a spoke on the symbolic Dharma wheel, and each interlocking tale gets the travelers closer to their true destiny—unveiling the future of the entire human race. This remarkable collection borrows heavily from the traditions of pop-culture morality anthology series such as *The Twilight Zone*, *The Outer Limits*, *Night Gallery*, *Lovecraft Country*, and the publications of E.C. Comics. Heavily influenced by the science fiction pulps of the 1950s and 1960s, this brilliant collection remixes classic social narratives such as Plato's Allegory of the Cave, Chaucer's *The Canterbury Tales*, and *The Arabian Nights*, through an edgy, contemporary, yet spiritually centered lens. In *The Eightfold Path*, our destinies lie in heeding the lessons given in every one of these entrancing tales.

Dreamer Oct 31 2019 From the National Book Award-winning author of *Middle Passage*, a fearless fictional portrait of Dr. Martin Luther King Jr. and his pivotal moment in American history. Set against the tensions of Civil Rights era America, *Dreamer* is a remarkable fictional excursion into the last two years of Martin Luther King Jr.'s life, when the political and personal pressures on this country's most preeminent moral leader were the greatest. While in Chicago for his first northern campaign against poverty and inequality, King encounters Chaym Smith, whose startling physical resemblance to King wins him the job of official stand-in. Matthew Bishop, a civil rights worker and loyal follower of King, is given the task of training the smart and deeply cynical Smith for the job. In doing so, Bishop must face the issue of what makes one man great while another man can only stand in for greatness. Provocative, heartfelt, and masterfully rendered, Charles Johnson confirms yet again that he is one of the great treasures of modern American literature. Dr. Charles Johnson is a novelist, screenwriter, essayist, professional cartoonist and the Pollock Professor of English at the University of Washington. He is the author of more than sixteen books, including the PEN/Faulkner nominated story collection *The Sorcerer's Apprentice* and the novel *Middle Passage*, for which he won the National Book Award.

Heart of Darkness Jun 07 2020 Dark allegory of a journey up the Congo River and the narrator's encounter with the mysterious Mr. Kurtz. Masterly blend of adventure, character study, psychological penetration. For

Dreamer Oct 24 2021 Martin Luther King Jr is a political visionary, human rights activist, preacher, scholar and martyr. Chaym Smith is his dark mirror, a violent, cynical criminal with a mind and talent to mimic King's. When Smith begins to act as King's double at rallies, the contradictions and strange similarities between the two men set one question into sharp focus - is evil inherent or a product of circumstance? Dreamer is a multi-layered masterpiece, capturing Civil Rights-era America in a snapshot of racism and brutality, revolution and hope.

Diary of a Contraband Aug 22 2021 The heart of this book is the remarkable Civil War diary of the author's great-grandfather, William Benjamin Gould, an escaped slave who served in the United States Navy from 1862 until the end of the war. The diary vividly records Gould's activity as part of the North Atlantic Blockading Squadron off the coast of North Carolina and Virginia; his visits to New York and Boston; the pursuit to Nova Scotia of a hijacked Confederate cruiser; and service in European waters pursuing Confederate ships constructed in Great Britain and France. Gould's diary is one of only three known diaries of African American sailors in the Civil War. It is distinguished not only by its details and eloquent tone (often deliberately understated and sardonic), but also by its reflections on war, on race, on race relations in the Navy, and on what African Americans might expect after the war. The book includes introductory chapters that establish the context of the diary narrative, an annotated version of the diary, a brief account of Gould's life in Massachusetts after the war, and William B. Gould IV's thoughts about the legacy of his great-grandfather and his own journey of discovery in learning about this remarkable man.

Birds of Passage Apr 17 2021 Birds of Passage presents an unorthodox analysis of migration from rural to urban industrial societies from underdeveloped rural areas. It argues that such migrations are a continuing feature of industrial societies and that they are generated by forces inherent in the nature of industrial economies. It explains why conventional economic theory finds such migrations so difficult to comprehend, and challenges a set of older assumptions that supported the view that these migrations were beneficial to both sending and receiving societies. Professor Piore seriously questions whether migration actually relieves population pressure and rural unemployment, and whether it develops skills necessary for the emergence of an industrial labour force in the home country. Furthermore, he criticizes the notion that in the long run migrant labour complements native labour. On the basis of this critique, he develops an alternative theory of the nature of the migration process.

African Town Jul 21 2021 Chronicling the story of the last Africans brought illegally to America in 1860, African Town is a powerful and stunning novel-in-verse. In 1860, long after the United States outlawed the importation of enslaved laborers, 110 men, women and children from Benin and Nigeria were captured and brought to Mobile, Alabama aboard a ship called Clotilda. Their journey includes the savage Middle Passage and being hidden in the swamplands along the Alabama River before being secretly parceled out to various plantations, where they made desperate attempts to maintain both their culture and also fit into the place of captivity to which they'd been delivered. At the end of the Civil War, the survivors created a community for themselves they called African Town, which still exists to this day. Told in 14 distinct voices, including that of the ship that brought them to the American shores and the founder of African Town, this powerfully affecting historical novel-in-verse recreates a pivotal moment in US and world history, the impacts of which we still feel today.

Winslow Homer: American Passage Feb 25 2022 The definitive life of the painter who forged American identity visually, in art and illustration, with an impact comparable to that of Walt Whitman and Mark Twain in poetry and prose—yet whose own story has remained largely untold. In 1860, at the age of twenty-four, Winslow Homer (1836-1910) sold Harper's Weekly two dozen wood engravings, carved into boxwood blocks and transferred to metal plates to stamp on paper. One was a scene that Homer saw on a visit to Boston, his hometown. His illustration shows a crowd of abolitionists on the brink of eviction from a church; at their front is Frederick Douglass, declaring “the freedom of all mankind.” Homer, born into the Panic of 1837 and raised in the years before the Civil War, came of age in a nation in crisis. He created multivalent visual tales, both quintessentially American and quietly replete with narrative for and about people of all races and ages. Whether using pencil, watercolor, or, most famously, oil, Homer addressed the hopes and fears of his fellow Americans and invited his viewers into stories embedded with universal, timeless questions of purpose and meaning. Like his contemporaries Twain and Whitman, Homer captured the landscape of a rapidly changing country with an artist's probing insight. His tale is one of America in all its complexity and contradiction, as he evolved and adapted to the restless spirit of invention transforming his world. In Winslow Homer: American

Passage, William R. Cross reveals the man behind the art. It is the surprising story of a life led on the front lines of history. To Paradise Apr 05 2020 NATIONAL BESTSELLER NEW YORK TIMES BESTSELLER From the author of the classic *A LITTLE LIFE*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the mystery of her husband's disappearances. These three sections are joined in an enthralling and ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness. *To Paradise* is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love—partners, lovers, children, friends, family and even our fellow citizens—and the pain that ensues when we cannot.

In Search of a Voice Oct 12 2020 Contains a lecture by Charles Johnson, ETHS alumnus of the class of 1967, on "The philosopher and the American novel," presented during National Book Week in 1991.

Kindred Aug 02 2022 From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

[Dream Hoarders](#) Jun 27 2019 *Dream Hoarders* sparked a national conversation on the dangerous separation between the upper middle class and everyone else. Now in paperback and newly updated for the age of Trump, Brookings Institution senior fellow Richard Reeves is continuing to challenge the class system in America. In America, everyone knows that the top 1 percent are the villains. The rest of us, the 99 percent—we are the good guys. Not so, argues Reeves. The real class divide is not between the upper class and the upper middle class: it is between the upper middle class and everyone else. The separation of the upper middle class from everyone else is both economic and social, and the practice of "opportunity hoarding"—gaining exclusive access to scarce resources—is especially prevalent among parents who want to perpetuate privilege to the benefit of their children. While many families believe this is just good parenting, it is actually hurting others by reducing their chances of securing these opportunities. There is a glass floor created for each affluent child helped by his or her wealthy, stable family. That glass floor is a glass ceiling for another child. Throughout *Dream Hoarders*, Reeves explores the creation and perpetuation of opportunity hoarding, and what should be done to stop it, including controversial solutions such as ending legacy admissions to school. He offers specific steps toward reducing inequality and asks the upper middle class to pay for it. Convinced of their merit, members of the upper middle class believes they are entitled to those tax breaks and hoarded opportunities. After all, they aren't the 1 percent. The national obsession with the super rich allows the upper middle class to convince themselves that they are just like the rest of America. In *Dream Hoarders*, Reeves argues that in many ways, they are worse, and that changes in policy and social conscience are the only way to fix the broken system.

Charles Johnson Dec 02 2019 Essays by Herman Beavers, Gena Chandler, Marc C. Conner, William Gleason, William R. Nash, Linda Selzer, Gary Storhoff, and John Whalen-Bridge In *Charles Johnson: The Novelist as Philosopher*, leading scholars examine the African American author's literary corpus and major themes, ideas, and influences. The essays explore virtually all of Johnson's writings: each of his novels, his numerous short stories, the range of his nonfiction essays, his many book reviews, and even several unpublished works. These essays engage Johnson's work from a variety of critical perspectives, revealing the philosophical, cultural, and political implications of his writings. The authors seek especially to understand philosophical black fiction and to provide the multifocal, whole sight analysis Johnson's work demands. Johnson (b. 1948)—author of *Dreamer*, *Oxherding Tale*, and the National Book Award-winning *Middle Passage* draws upon influences as diverse as Richard Wright, Herman Melville, Thomas Aquinas, Franz Kafka, W. E. B. Du Bois, and Ralph Waldo Emerson. He combines rigorous training in western philosophy with a lifelong practice in eastern religious and philosophical traditions. He has repeatedly told interviewers that he became a writer specifically to strengthen the interplay between philosophy and fiction. Marc C. Conner is associate professor of English at Washington and Lee University. William R. Nash is associate professor of American studies and director of African American studies at Middlebury College.

The Turbulent Sea Feb 13 2021 A young teen escapes to America from Mao's China in the early 60s and experiences the consequent culture shock of cruel racism, financial hardships, unexpected freedom,

bewildering sexual mores, and the aching rejection and loneliness that so many immigrants face. Swept up in the 1960s antiwar movement in a pacifist and law-abiding way, Li is persecuted by the American law enforcement and immigration authorities. Timely and relevant for today's enlightened anti-racist views. In *The Bitter Sea*, Charles Li's unforgettable coming of age memoir, Li recounts the torturous pains of growing up in the early years of modern China. With his family's fortune destroyed, he is left impoverished in a Nanjing slum and endures crippling starvation within the harsh confines of a Communist reform school, all set against the opulent decadence of the foreign "white ghosts" in British Hong Kong. *The Turbulent Sea* recounts Li's escape to America and the shocking, cruel racism he not only endured but observed nationwide. His fantasy of a fair and free United States is challenged by the behavior of law enforcement, government, and even his college peers whose permissive sexual mores and disregard for outsiders leaves young Charles with a heartbreaking feeling of disappointment and loneliness. As in the case of so many immigrants worldwide who are seeking a better life, his myriad challenges include staying at the top of his class while struggling with financial hardships. He can't even afford a winter coat in the middle of Maine's brutal snowstorms, and perhaps more heartbreaking, no one seems to notice or care. Growing steadily more involved in the antiwar movement, Li, having suffered in Mao's China, becomes a dissident among his cohorts for holding the view that Mao was the diametrical opposite of a revolutionary hero. Yet, for his pacifist and law-abiding protest activities, Li is persecuted by the American law enforcement and immigration authorities. Li's intellectual and psychological journey at Bowdoin College, Stanford University and the University of California, Berkeley, is triumphant as he finds a group of talented friends who provide, at last, an opportunity for the love and care that eluded him for so long. Riveting, witty and illuminating, *The Turbulent Sea* is also an unconventional history of America's 1960s from the perspective of a brilliant, quintessential outsider.

The Social Contract Jan 15 2021 In *The Social Contract*, Rousseau wrote one of the most influential studies ever made. It is as relevant today as when it was first published more than 250 years ago. Political society, Rousseau argued, required each individual to submit their personal desires to the 'general will'. At the same time, there was no 'divine right' of the monarchy to allow them to act as they pleased. Therefore, there must be a social contract between governor and governed - the only truly legitimate form of government. Rousseau's ideas influenced both the French and American Revolutions and created the foundations of the liberal democratic societies we live in today.

The Way of the Writer Jan 27 2022 From Charles Johnson—a National Book Award winner, Professor Emeritus at University of Washington, and one of America's preeminent scholars on literature and race—comes an instructive, inspiring guide to the craft and art of writing. An award-winning novelist, philosopher, essayist, screenwriter, professor, and cartoonist, Charles Johnson has devoted his life to creative pursuit. His 1990 National Book Award-winning novel *Middle Passage* is a modern classic, revered as much for its daring plot as its philosophical underpinnings. For thirty-three years, Johnson taught and mentored students in the art and craft of creative writing. *The Way of the Writer* is his record of those years, and the coda to a kaleidoscopic, boundary-shattering career. Organized into six accessible, easy-to-navigate sections, *The Way of the Writer* is both a literary reflection on the creative impulse and a utilitarian guide to the writing process. Johnson shares his lessons and exercises from the classroom, starting with word choice, sentence structure, and narrative voice, and delving into the mechanics of scene, dialogue, plot and storytelling before exploring the larger questions at stake for the serious writer. What separates literature from industrial fiction? What lies at the heart of the creative impulse? How does one navigate the literary world? And how are philosophy and fiction concomitant? Luminous, inspiring, and imminently accessible, *The Way of the Writer* is a revelatory glimpse into the mind of the writer and an essential guide for anyone with a story to tell.

Dr. King's Refrigerator May 19 2021 Charles Johnson's innovative and richly imagined collection is full of stories -- sly, witty, and insightful -- that bring the world into focus. Each is a vivid cultural and philosophical portrait that deftly explores issues of identity and race. "Kwoon" follows the spiritual journey of a martial arts teacher on Chicago's South Side. "Sweet Dreams" is a Kafkaesque tale set in a world where dreams are taxed and a man and his dreamlife are being audited. "The Gift of the Osuo" is a fable about the dangers of getting what you wish for. In "Cultural Relativity," a young woman falls in love with the son of the president of an African nation but is forbidden to ever kiss him. The title story is an illuminating and deeply human tale about pre-Montgomery Martin Luther King Jr. and a revelation he had when he looked into his refrigerator late one night. Provocative, engaging, and compassionate, *Dr. King's Refrigerator* is a superb and important collection from a major American voice.

Slavery and the British Country House Aug 10 2020 In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.
