Wild at Heart Aug 29 2022 John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires—aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be—dangerous, passionate, alive, and free.

Life's Greatest Secret Jan 10 2021 *Life's Greatest Secret* is the story of the discovery and cracking of the genetic code. This great scientific breakthrough has had far-reaching consequences for how we understand ourselves and our place in the natural world. The code forms the most striking proof of Darwin's hypothesis that all organisms are related, holds tremendous promise for improving human well-being, and has transformed the way we think about life. Matthew Cobb interweaves science, biography and anecdote in a book that mixes remarkable insights, theoretical dead-ends and ingenious experiments with the pace of a thriller. He describes cooperation and competition among some of the twentieth century's most outstanding and eccentric minds, moves between biology, physics and chemistry, and shows the part played by computing and cybernetics. The story spans the globe, from Cambridge MA to Cambridge

UK, New York to Paris, London to Moscow. It is both thrilling science and a fascinating story about how science is done.

Real Moments Sep 17 2021 To many of us, the experiences that we grew up taking for granted become distant dreams in our adult lives: marriages that last a lifetime; safe neighborhoods to call home; the certainty that our children will have a better life than we did; and most of all, lots of time to spend as we wish, living for the moment. Instead, we find our time and energy spent recovering from the past or protecting ourselves from the future. The result is a desperate, sometimes dangerous, and often unsuccessful, search for meaning in our lives. In *Real Moments*, Barbara De Angelis defines happiness not as an acquisition, but as a skill--the skill of capturing every moment and living it completely. With insight, wisdom, and vision, she teaches us how to rediscover real moments with our mates and our children, with our work and our play, in sex and intimacy, and real moments with ourselves. It is an examination of our relationship with the process of living itself, offering inspiration as well as practical tools for creating more of one of the most precious moments of all--moments of true meaning in our lives.
