Philip Derby, Reporter Feb 26 2020 Many a boy has a hankering for a newspaper
career, and all who have it will read Philip Derby, Reporter by Willis J. Abbot with
particular interest. It is largely founded on fact, and it presents forcefully and clearly the
conditions and the demands a young man beginning the work of journalism must expect.

Philip is not a graduate of a school of journalism, but works his way right on the paper from a position of copy-boy to one of considerable importance. In addition to its newspaper element the book holds a thrilling plot woven around the activities of a criminal gang in New York and is excellent reading from cover to cover.

Mark Twain, *Unsanctified Newspaper Reporter* Sep 27 2022 Before Mark Twain became a national celebrity with his best-selling *The Innocents Abroad*, he was just another struggling writer perfecting his craft-but already "playin' hell" with the world. In the first book in more than fifty years to examine the initial phase of Samuel Clemens's writing career, James Caron draws on contemporary scholarship and his own careful readings to offer a fresh and comprehensive perspective on those early years-and to challenge many long-standing views of Mark Twain's place in the tradition of American humor. Tracing the arc of Clemens's career from self-described "unsanctified newspaper reporter" to national author between 1862 and 1867, Caron reexamines the early and largely neglected writings-especially the travel letters from Hawaii and the letters chronicling Clemens's trip from California to New York City. Caron connects those sets of letters with comic materials Clemens had already published, drawing on all known items from this first phase of his career-even the virtually forgotten pieces from the *San Francisco Morning Call* in 1864-to reveal how Mark Twain's humor was shaped by the sociocultural context and how it catered to his audience's sensibilities while unpredictably transgressing its standards. Caron reveals how Sam Clemens's contemporaries, notably Charles Webb, provided important comic models, and he shows how Clemens not only adjusted to but also challenged the guidelines of the newspapers and magazines for which he wrote, evolving as a comic writer who transmuted personal circumstances into literary art. Plumbing Mark Twain's cultural significance, Caron draws on anthropological insights from Victor Turner and others to compare the performative aspects of Clemens's early work to the role of ritual clowns in traditional societies Brimming with fresh insights into such benchmarks as "Our Fellow Savages of the Sandwich Islands" and "Jim Smiley and His Jumping Frog," this book is a gracefully written work that reflects both patient research and considered judgment to chart the development of an iconic American talent. *Mark Twain, Unsanctified Newspaper Reporter* should be required reading for all serious scholars of his work, as well as for anyone interested in the interplay between artistic creativity and the literary marketplace.

Artist as Reporter Sep 22 2019 Active from 1940 to 1948, PM was a progressive New York City daily tabloid newspaper committed to the politics of labor, social justice, and antifascism—and it prioritized the intelligent and critical deployment of pictures and their perception as paramount in these campaigns. With PM as its main focus, *Artist as Reporter* offers a substantial intervention in the literature on American journalism, photography, and modern art. The book considers the journalistic contributions to PM of such signal American modernists as the curator Holger Cahill, the abstract painter Ad Reinhardt, the photographers Weegee and Lisette Model, and the filmmaker, photographer, and editor Ralph Steiner. Each of its five chapters explores one dimension

of the tabloid's complex journalistic activation of modernism's potential, showing how PM inserted into daily print journalism the most innovative critical thinking in the fields of painting, illustration, cartooning, and the lens-based arts. Artist as Reporter promises to revise our own understanding of midcentury American modernism and the nature of its relationship to the wider media and public culture.

The Commercialization of News in the Nineteenth Century Sep 03 2020 The Commercialization of News in the Nineteenth Century traces the major transformation of newspapers from a politically based press to a commercially based press in the nineteenth century. Gerald J. Baldasty argues that broad changes in American society, the national economy, and the newspaper industry brought about this dramatic shift. Increasingly in the nineteenth century, news became a commodity valued more for its profitability than for its role in informing or persuading the public on political issues. Newspapers started out as highly partisan adjuncts of political parties. As advertisers replaced political parties as the chief financial support of the press, they influenced newspapers in directing their content toward consumers, especially women. The results were recipes, fiction, contests, and features on everything from sports to fashion alongside more standard news about politics. Baldasty makes use of nineteenth-century materials—newspapers from throughout the era, manuscript letters from journalists and politicians, journalism and advertising trade publications, government reports—to document the changing role of the press during the period. He identifies three important phases: the partisan newspapers of the Jacksonian era (1825-1835), the transition of the press in the middle of the century, and the influence of commercialization of the news in the last two decades of the century.

The Electronic Reporter Oct 16 2021 Introduces students to the real world of news reporting for the electronic (broadcast and online) media in Australia. It covers news gathering and packaging; writing and interviewing; recording sound and shooting videos; constructing radio, television and online stories; compiling news programs; legal and

ethical issues and how to find work.

Paper Money Mar 29 2020 Three seemingly unrelated events occur on a single morning in London. An MP wakes up after spending the night with a beautiful young woman. A tycoon meets a leading Bank of England official for breakfast. And an underworld gang boss briefs his crew. Nothing so far to keep the tabloid editors awake. Until ambitious young reporter Kevin Hart uncovers his first promising link . . . What he begins to uncover is conspiracy; conspiracy to defraud, whatever the human cost. On one unforgettable day in the capital, fortunes will be destroyed and ideals will be shattered by the discovery that the whole truth is too dangerous to print.

I Witness News. I Witness Miracles: A Reporter's Notebook Apr 10 2021 There's good news and bad news. The bad news is, well ... there is a lot of bad news out there. At least if you're getting it from TV. Eighty-three percent of Americans believe that television news is the most negative, compared to newspapers, radio, and the Internet (The Wirthlin Report, Feb. '04). Author Kris Patrow admits it's partly her fault. For nearly twenty years she was bringing it into their living rooms as a television news anchor and reporter. Bad news was her job. The good news is, that's not the whole story. It never was. And Kris is on a mission to prove it. I Witness News. I Witness Miracles: A Reporter's Notebook is step one of that mission: from reporting the countless "good news" stories that never made air, to pointing out the good things that happen in everyday life; things that many people have forgotten how to see in this gloom-and-doom world painted by the media. At a time when television news has many of us closing our doors and eyeing each other with suspicion, I Witness News. I Witness Miracles: A Reporter's Notebook reports stories that will help people see each other and the world in a new, more compassionate way and see miracles so common, they re-thread the needle connecting us to one another.

The Reporter's Tale Dec 06 2020 The Reporter's Tale is an adventure story about Tom Davies, a young Welsh writer who travels the world looking for the truth and, in a few days of blistering revelation in Malaya, finds it in a series of visions. Thereafter, he takes his new insights on a journey through the media, becoming a reporter for top Sunday newspapers – and later an award-winning author of many books – and realising he has a fresh understanding of the causes of the violence which is so blighting the modern world. His odyssey of discovery begins in Northern Ireland at the height of the Troubles where he finds that the media – with its persistent pursuit of violence – is the cause of much of the disorder there. The global media, which specialises in reporting the worst of everything from everywhere, has become the mother and father of modern terrorism, he says, giving the IRA disproportionate power and importance merely because they offer violence. Television in particular is the catalyst for the growing disorder in our streets: becoming the very leader of street riot while also giving motive and reward to suicide bombers. The many revolutions of the Arab Spring are fully explained by his visions, he shows. Here the world's media first began feeding on the self-immolation of a Tunisian trader before spawning revolution after revolution in neighbouring countries. They all wanted freedom and democracy, we were told, but all that seemed to be happening was that they were deranged by watching too much television news as each service, particularly Al Jazeera, spooled out violent imagery on an almost twenty four hour loop mostly from footage downloaded from their viewers' mobile phones. All outlets of the media have come together and conspired to set loose a tide of evil which is turning violence into the very oxygen we are all now breathing, Davies shows in this book which may well be the most powerful and trenchant attack ever mounted on the tyranny of the modern media.

The Smile on the Face of the Pig Nov 05 2020 1950s Britain - when life was great if you had the guts to live it. Murder, lurid courtroom dramas, gypsy horse fairs, eccentric admirals, child brides, and falling in love - it's all in a day's work for cub reporter John Bull. Meet a cast of characters - from the parish clerk who dresses like a French resistance fighter, complete with rifle over her shoulder, to the medium whose spirit guide (her soldier boyfriend killed in World War II) gets in touch by ping-pong her

suspender belt. *The Smile on the Face of the Pig* is a cheeky exposé of life in the 1950s: crazy nights at the theatre with the old-time music-hall stars, skinny-dipping by starlight, drinking with the freebooting river-folk, and riding through the freezing night on a BSA motorbike chasing the Big Scoop that will carry him to Fleet Street, fame and fortune.

REPORTER Nov 17 2021 When a United Press International executive asked Al Benn where he wanted to begin his journalism career, he unhesitatingly replied: “Where the action is.” Little did he know at the time that he’d wind up reporting on America’s civil rights movement in Birmingham, Alabama which was known as BOMBingham in the 1960s. Benn had no experience as a reporter in 1964, but he quickly learned by following and watching those who did. One night, he might be in a pasture covering a Ku Klux Klan rally where grand dragons and imperial wizards in white sheets delivered hate-filled speeches under the glow of burning crosses. The next night, he might be inside a black church where civil rights leaders called for peace and racial harmony. It was an exciting, often harrowing time for the rookie reporter—filled with deadline pressures, danger and the knowledge that he had become personally involved in covering developments of historic proportions. When he wasn’t chronicling civil rights events, Benn wrote about scientists and astronauts involved in the space race as well as reaction on the home front to the war that raged in Vietnam. His favorite assignment was covering football at the University of Alabama where he got to know the Crimson Tide’s head coach, Paul “Bear” Bryant, and reported the exploits of star quarterbacks such as Joe Namath and Ken Stabler. He also found time to write several exclusive stories. One involved secret payments to the widows of Alabama pilots killed during the disastrous Bay of Pigs invasion in Cuba. Another centered on the national boycott of Beatles records—launched by two Birmingham radio personalities upset over a comment by John Lennon that his group was more popular than Jesus. Benn left UPI in 1967 to begin the newspaper phase of his journalism career. He worked in three states, becoming an editor and publisher, before landing his best job of all —covering rural Alabama for the Montgomery Advertiser in 1980. Benn has written about heroes and heels, legends and losers, captains of industry and disgraced CEOs. Most of all, he’s focused on the people who work hard to support their families and improve the quality of life in their cities. They’re his heroes. This book explores Benn’s four decades as a journalist. It recounts the hectic pace at UPI where he faced deadlines every minute as well as newspaper work that afforded him a chance to write columns, do investigative reporting and, as he did at UPI, drop everything and race to the next big story. It’s also about growing up in the slums of a small Pennsylvania town and then enlisting in the Marine Corps where he gained his first journalism experience. So, come along on a 40-year ride through an important period in American history. It’s a career as seen through the eyes of a reporter who admits he got just what he asked for in 1964—plenty of action.

Flat Earth News May 23 2022 Does ‘fake news’ really exist? Find out from the ultimate insider. After years of working as a respected journalist, Nick Davies, in this shocking exposé, reveals what really goes on behind the scenes of this contentious industry.
