Hitler's Children Jul 21 2021 First published in 1977 in the US and Britain to universal critical acclaim, Hitler's Children quickly became a world-wide best seller, translated into many other languages, including Japanese. It tells the story of the West German terrorists who emerged out of the 'New Left' student protest movement of the late 1960s. With bombs and bullets they started killing in

the name of 'peace'. Almost all of them came from prosperous, educated families. They were 'Hitler's children' not only in that they had been born in or immediately after the Nazi period - some of their parents having been members of the Nazi party - but also because they were as fiercely against individual freedom as the Nazis were. Their declared ideology was Communism. They were beneficiaries of both American aid and the West German economic miracle. Despising their immeasurable gifts of prosperity and freedom, they 'identified' themselves with Third World victims of wars, poverty and oppression, whose plight they blamed on 'Western imperialism'. In reality, their terrorist activity was for no better cause than self-expression. Their dreams of leading a revolution were ended when one after another of them died in shoot-outs with the police, or was blown up with his own bomb, or was arrested, tried, and condemned to long terms of imprisonment. All four leaders of the Red Army Faction (dubbed 'the Baader-Meinhof gang' by journalists) committed suicide in prison.

London Prep: Books 1-3 Mar 17 2021 When my parents told me that I'd be spending three weeks at a London prep school on a student exchange my junior year, I was furious. I love New York. My school. My friends. And I didn't want to leave. But after some not-so-subtle insistence about experiencing a new culture, gaining worldly knowledge, and the fact that it was only three weeks, I knew I wasn't getting out of it. So, I decided that if I had to go, I might as well have some fun. Which was how I met Harry at a pub. His blue eyes, adorable accent, and charm instantly won me over—right after his lips did. And I started to think that London might not be so bad. But then I met Noah. He's tall, dark, intense, and spends way too much time in the shower. I know this because I have to live with him. And did I mention that he hates me? My first day at school is more eventful than I anticipated. A boy named Mohammad takes me under his wing, declares himself my guide to the "hostile and hormonal battlefield that is Kensington School," and lays three facts on me: He, Harry, and Noah are best mates. I'm the new girl and bound to cause drama. And I've already got his boys all twisted up. I'm in way over my head, and it's only my first day!

Comet's First Christmas May 07 2020 A bad Santa is turning believers faster than melting snow. Can the mystery be solved in time for Christmas? Claudia I've dreamed of this day for years, and now it's reality. I've been called up for the Big Show. Official Pole phone and email, Naughty-or-Nice login, and upgraded I.D. with my new job title-Comet. In three weeks, I'll be part of the team flying Santa around the world. In an instant my life goes from peaceful, if boring, to a blizzard of last-minute flight preparations, route planning, and anxiety-triggering stress. The moment I meet my P.A., Jillian, her beautiful smile and sparkling blue eyes are an oasis of calm. But I've barely got enough time to wonder if her plump lips taste as sugarplum sweet as they look. Disturbing news has popped up on Santa's radar. Someone is turning Santa's most fervent believers into non-believers overnight. If we can't find and stop this hacker, there won't be enough reindeer cutout cookies and hot chocolate in the world to restore balance to Santa's Naughty-or-Nice list in time for Christmas Eve. Note to reader: What sweet Christmas romance would be complete without reindeer, The Nutcracker, ice skating at Rockefeller Center, and New York pizza?
