Servants and Paternalism in the Works of Maria Edgeworth and Elizabeth Gaskell Feb 01 2020 Writing during periods of dramatic social change, Maria Edgeworth and Elizabeth Gaskell were both attracted to the idea of radical societal transformation at the same time that their writings express nostalgia for a traditional, paternalistic ruling class. Julie Nash shows how this tension is played out especially through the characters of servants in short fiction and novels such as Edgeworth's *Castle Rackrent*, *Belinda*, and Helen and Gaskell's *North and South* and *Cranford*. Servant characters, Nash contends, enable these writers to give voice to the contradictions inherent in the popular paternalistic philosophy of their times because the situation of domestic servitude itself embodies such inconsistencies. Servants, whose labor was essential to the economic and social function of eighteenth- and nineteenth-century British society, made up the largest category of workers in England by the nineteenth century and yet were expected to be socially invisible. At the same time, they lived in the same houses as their masters and mistresses and were privy to the most intimate details of their lives. Both Edgeworth and Gaskell created servant characters who challenge the social hierarchy, thus exposing the potential for dehumanization and corruption inherent in the paternalistic philosophy. Nash's study opens up important avenues for future scholars of women's fiction in the nineteenth century.

North and South Oct 23 2021 *North and South* by Elizabeth Gaskell..... *North and South* is a social novel by English writer Elizabeth Gaskell. Along with *Wives and Daughters* (1865) and *Cranford* (1853), it is one of her best known novels and has been adapted for television twice, in 1975 and 2004. The latter version renewed interest in the novel and gained it a wider audience. While Gaskell's first novel *Mary Barton* (1848) focused on relations between employers and workers in Manchester from the perspective of the working poor, *North and South* uses a protagonist from southern England to present and comment on the perspectives of both mill owners and mill workers. *North and South* is set in the fictional industrial town of Milton in the North of England. Forced to leave her home in the tranquil rural south, Margaret Hale settles with her parents in Milton where she witnesses the brutal world wrought by the industrial revolution and employers and workers clashing in the first organised strikes. Sympathetic to the poor whose courage and tenacity she admires and among whom she makes friends, she clashes with John Thornton, a cotton mill manufacturer who belongs to the nouveaux riches and whose contemptuous attitude to workers

Margaret despises. The novel traces both her growing understanding of the complexity of labor relations and her impact on some well-meaning mill owners, and the conflicted relationship between Margaret Hale and John Thornton.

My Heart Lies South Jul 28 2019 What happens when a thoroughly twentieth-century American lady journalist becomes a Mexican señora in nineteenth-thirties' provincial Monterrey? She finds herself—sometimes hilariously—coping with servants, daily food allowances, bargaining, and dramatic Latin emotions. In this vivid autobiography, Newbery Award winning author Elizabeth Borton de Treviño brings to life her experiences with the culture and the faith of a civilization so close to the United States, but rarely appreciated or understood. This special young people's edition presents the humor and the insights of a remarkable woman and her contact with an era which is now past, but not to be forgotten.

Reconstructing the Gentleman Ideal in Elizabeth Gaskell's "North and South" Apr 28 2022 Seminar paper from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Wuppertal, language: English, abstract: This paper will look at the gentleman ideal from two perspectives: the 'old' ideal before the Victorian Age and the Victorian ideal of a gentleman. The following chapter will provide these ideals by reconstructing them with the help of texts that look at them from a retrospect and also, in case of the Victorian gentleman ideal, by looking at a frequently quoted contemporary work: Samuel Smiles' "Self Help". Afterwards the findings will be used to analyse the gentleman ideal that is represented by three different male characters of Gaskell's novel: the London lawyer Henry Lennox, the Milton factory owner John Thornton and the Milton factory worker Nicholas Higgins, in order to find out which ideal these three male characters display. So that at the end it becomes clear which ideal is represented in "North and South". In Elizabeth Gaskell's novel "North and South" the author presents the reader with the world of Victorian England during the industrialisation, a time at which change was a daily occurrence. With the rise of the middle-class society changed and therefore it is not surprising that even a well established social factor as the gentleman ideal changed during that period of time.

Mrs. Palfrey at the Claremont May 06 2020 A blackly humorous story of loneliness, deception, and life in old age by one of the most accomplished novelists of the twentieth century. On a rainy Sunday afternoon in January, the recently widowed Mrs. Palfrey moves to the Claremont Hotel in South Kensington. "If it's not nice, I needn't stay," she promises herself, as she settles into this haven for the genteel and the decayed. "Three elderly widows and one old man . . . who seemed to dislike female company and seldom got any other kind" serve for her fellow residents, and there is the staff, too, and they are one and all lonely. What is Mrs. Palfrey to do with herself now that she has all the time in the world? Go for a walk. Go to a museum. Go to the end of the block. Well, she does have her grandson who works at the British Museum, and he is sure to visit any day. Mrs. Palfrey prides herself on having always known "the right thing to do," but in this new situation she discovers that resource is much reduced. Before she knows it, in fact, she tries something else. Elizabeth Taylor's final and most popular novel is as unsparing as it is, ultimately, heartbreaking.

Social Responsibility im Roman "North and South" von Elizabeth Gaskell Aug 09 2020 Studienarbeit aus dem Jahr 2014 im Fachbereich Literaturwissenschaft - Vergleichende Literaturwissenschaft, Note: 2,0, Katholische Universität Eichstätt-Ingolstadt, Sprache: Deutsch, Abstract: Die Arbeit befasst sich mit dem Bereich der sozialen Verantwortung. Im Zentrum steht dabei der Roman „North and South“ von Elizabeth Gaskell. Der Roman wird zuerst in den historischen Hintergrund eingebettet. Anschließend wird auf das Buch im Gesamten eingegangen, um im dritten Teil die soziale Verantwortung näher zu beleuchten. Vor allem in der Zeit der Industriellen Revolution spielte der Kampf der verschiedenen Schichten eine wichtige Rolle. Diese Epoche, geprägt vom Umschwung von einer landwirtschaftlichen hin zu einer maschinellen Wirtschaft, fand ihre Anfänge im letzten Viertel des 18. Jahrhunderts in England. Nicht selten wurden die Themen der sozialen Ungleichheit zwischen den Schichten und die Auffassung der sozialen Verantwortung in den Werken des Viktorianischen Zeitalters aufgegriffen. Bestes Beispiel hierfür sind die Romane der britischen Autorin Elizabeth Gaskell. Elizabeth Gaskell, bekannt für ihre Romane, in welchen Szenen des englischen Landlebens mit dem Stadtleben verglichen werden, macht die Kluft zwischen Arm und Reich besonders deutlich.

North and South Dec 13 2020 *North and South* is a social novel by English writer Elizabeth Gaskell. Nineteen-year-old Margaret Hale has lived for almost 10 years in London with her cousin Edith and her wealthy Aunt Shaw, but when Edith marries Captain Lennox, Margaret happily returns home to the southern village of Helstone. Margaret has refused an offer of marriage from the captain's brother Henry, an up-and-coming barrister. Her life is turned upside down when her father, the local pastor, leaves the Church of England and the rectory of Helstone as a matter of conscience; his intellectual honesty has made him a dissenter. At the suggestion of Mr. Bell, his old friend from Oxford, he settles with his wife and daughter in Milton-Northern (where Mr. Bell was born and owns the property). The industrial town in Darkshire (a textile-producing region) manufactures cotton and is in the middle of the Industrial Revolution; masters and workers are clashing in the first organized strikes.

After Such Kindness Apr 04 2020 When the writer, Oxford scholar and photographer John Jameson visits the home of his vicar friend, he is entranced by Daisy, his youngest daughter. Jameson charms her with his wit and child-like imagination, teasing her with riddles and inventing humorous stories as they enjoy afternoons alone by the river and in his rooms. The shocking impact of this unusual friendship is only brought to light when, years later, Daisy, unsettled in her marriage, rediscovers her childhood diaries hidden in an old toy chest. Inspired by the tender and troubling friendship between Lewis Carroll and Alice Liddell, After Such Kindness demonstrates Gaynor Arnold's extraordinary 'capacity to imagine the truth behind the facts'. With the same assured feel for the Victorian period displayed in her prize-listed debut, Arnold brings to scintillating life an idiosyncratic genius and his timeless muse.

North and South Nov 04 2022 "North and South" is perhaps Elizabeth Gaskell's most famous novel which poignantly deals with the issues of industrialisation from the working class perspective. When young Margaret is made to leave her South Hampshire home and move to the fictional industrial town of Milton in the North, she is at first repulsed by the ugliness of the urban city. Here she experiences first-hand the violent clashes between employers and workers in regular strikes. She admires the workers and their courage, becoming close to them and their cause, bringing her in to clashes with the handsome cotton-mill owner John Thornton regularly. It is a novel focused on the human cost in an increasingly industrialised world, brimming with realism, emotion and a stunning ensemble of characters. If you loved the BBC's 2004 adaptation of 'North and South' starring Richard Armitage, you will love the source material. Elizabeth Gaskell (1810-1865) was an English novelist and short story writer. She is most famous for her earnest and detailed descriptions of the various Victorian social strata. Among her most famous work is her biography of the renowned author Charlotte Brontë of 'Jane Eyre' fame. Gaskell often focused her work on the poorest and most vulnerable people of society, as well as the human cost of industrialisation. Her most prominent novels include "North and South", "Cranford", and "Mary Barton".

North and South Aug 01 2022 NORTH AND SOUTH (1854) by Elizabeth Gaskell is both a social commentary and the romantic story of a young lady, Margaret Hale, who is relocated with her family from the affluent South of England to the industrial North. Margaret comes in contact with the difficulties of the working class and her sympathies are engaged. She also encounters the fascinating John Thornton, a wealthy local mill owner and a man of true integrity. Romantic tension ensues, reminiscent of Jane Austen's PRIDE AND PREJUDICE. However, unlike an Austen heroine, Margaret lives in a world of harsher realities, with few things whitewashed, and suffering going hand in hand with ultimate exultation. A classic portrayal of nineteenth century industrialization, and of the complexities of the human heart.

Cranford Illustrated Jun 06 2020 Cranford is one of the better-known novels of the 19th-century English writer Elizabeth Gaskell. It was then published, with minor revision, in book form in 1853

Place and Progress in the Works of Elizabeth Gaskell Jan 14 2021 Critical assessments of Elizabeth Gaskell have tended to emphasise the regional and provincial aspects of her writing, but the scope of her influence extended across the globe. Building on theories of space and place, the contributors to this collection bring a variety of geographical, industrial, psychological, and spatial perspectives to bear on the vast range of Gaskell's literary output and on her place within the narrative of British letters and national identity. The advent of the railway and the increasing predominance of manufactory machinery reoriented the nation's physical and social countenance, but alongside the excitement of progress and industry was a sense of fear and loss manifested through an idealization of the country home, the pastoral retreat, and the agricultural south. In keeping with the theme of progress and change, the essays follow parallel narratives that acknowledge both the angst and nostalgia produced by industrial progress and the excitement and awe occasioned by the potential of the empire. Finally, the volume engages with adaptation and cultural performance, in keeping with the continuing importance of Gaskell in contemporary popular culture far beyond the historical and cultural environs of nineteenth-century

Manchester.

The Industrial Novels Jun 18 2021 This book provides a clear historical and theoretical framework for reading three important novels published in Britain in the second half of the nineteenth century. Examining the novels by Charlotte Brontë, Charles Dickens and Elizabeth Gaskell, the book offers an analysis of their strategies for radical reforms and for the restructuring of society and politics through improvements in the living and working conditions of the working class. The *Industrial Novels* begins with an introduction of the Industrial Revolution, which is then followed by chapters devoted to a detailed discussion of each novel. Through this, the book explores the negative social, political and economic effects of industrialization and urbanization, as reflected in Charlotte Brontë's *Shirley* (1849), Charles Dickens' *Hard Times* (1854), and Elizabeth Gaskell's *North and South* (1855). As such, the book will be of interest to academics and students in the fields of both literature and sociology.

North and South Jun 30 2022 When her father leaves the Church in a crisis of conscience, Margaret Hale is uprooted from her comfortable home in Hampshire to move with her family to the north of England. Initially repulsed by the ugliness of her new surroundings in the industrial town of Milton, Margaret becomes aware of the poverty and suffering of the local mill workers and develops a passionate sense of social justice. This is intensified by her tempestuous relationship with the mill-owner and self-made man, John Thornton, as their fierce opposition over his treatment of his employees masks a deeper attraction. In *North and South*, Elizabeth Gaskell skillfully fuses individual feeling with social concern, and in Margaret Hale creates one of the most original heroines of Victorian literature.

The Enchanted April Dec 01 2019 Driven to action by the dreariness of their lives in London, two not-quite friends, in the hopes of finding renewal, plan to rent a medieval Italian castle for a month. They are joined by two other women, a socialite and a dowager, each also seeking a remedy for their dissatisfactions. As the quartet eventually (though not necessarily gracefully) settles in together, they share the beauty and joy of their springtime palace, and each becomes reacquainted with the self they had forgotten. Whether or not the enchantment can carry into their lives and loves in the "real" world is the question. The basis for the film, of the same name, this is a classic to cherish. British novelist ELIZABETH VON ARNIM (1866-1941) wrote numerous books, including *Elizabeth and Her German Garden* and *The Solitary Summer*.

Masculinity in the Work of Elizabeth Gaskell Jul 20 2021 This book is the first full-length study to focus on the representation of masculinity in Elizabeth Gaskell's novels. In examining Gaskell's understanding of masculine identity as a social construct and considering how her writing engages with Victorian ideologies of gender, this book demonstrates that Gaskell defies an essentialist approach to gender and instead explores masculinity over time, genre, region, and class, making it clear that masculinity is not monolithic but relational, culturally constructed, and dependent on many contexts. It analyses Gaskell's depiction of what it means to be a 'man' and a 'gentleman', exploring *Mary Barton*, *North and South*, *Ruth*, *Cousin Phillis*, *Sylvia's Lovers*, and *Wives and Daughters*, as well as contemporary Victorian works and key contexts such as sympathy, historic change, and industrialism. The target audiences are academics, as well as undergraduate and postgraduate students and research specialists, and it will most appeal to Victorian Literature, Gender Studies, and Masculinity Studies disciplines.

Elizabeth Gaskell and the English Provincial Novel Mar 16 2021 First published in 1975, this book places Elizabeth Gaskell amongst the major novelists of the nineteenth-century. It considers how she has sometimes been overlooked, or admired for very few of her works, or for reasons that are not in fact central to her art. W. A. Craik looks at Gaskell's full-length novels with three main purposes: to analyse her development as a novelist, her achievements, and the nature of her very original work; to see what she owes to earlier novelists, what she learns from them, and how far she is an innovator; and to put her in relation to those other novelists who write on similar themes with comparable aims. This book establishes Elizabeth Gaskell's excellence in comparison with her peers by demonstrating how far she extended the possibilities of the novel, both in materials and techniques.
