With Melissa's simple groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

The M Club Manual Nov 03 2022 This is a public announcement to inform America of a new, not-to-be-ignored women's club. Well, not really a new club, because it has been around for as long as women have been taking care of business, families, and, of course, each other. The M Club is the ultimate how-to manual for any mature woman who is plain sick and tired of going unrecognized and being mistreated, or simply for those who want to revel in their "M-ness"! o We are sick and tired (mostly tired) of things in general going to hell in a handbasket.o We are intelligent, savvy women who know right from wrong.o Sometimes we have to "come over there" to help another member. Often we "go over there" in a big group so we can make an impression.o We help other M Club members because we want to and we are able. Next time, and there will be a next time, any woman is feeling overlooked or harangued, she can appeal to her sister-members of the M Club to shift perspectives, take the reigns, and, well, take care of business. Women will love to give this incredibly funny and frank manual as a present, or even keep it around the home or office for their own reference and fun.

Save Our Planet Jun 05 2020 Even though you are just one person who may have never done anything extraordinary before, you can change the world. Did you know: \* Every day the Earth receives enough solar energy to heat every home in the world for one year--free. \* It takes twenty trees to keep one baby in disposable diapers for two years. \* Of the billion pounds of pesticides used each year in the U.S., less than one percent reaches a pest. \* The average American throws out their own weight in packaging every month. \* If your office recycled one ton of the paper it uses, you'd be saving seventeen trees and keeping sixty pounds of air pollution out of the sky. There are hundreds of tips in this book, but don't let the numbers throw you. Even if you follow just one or two of the suggestions provided, tangible progress will be made towards restoring vitality to the Earth.
