Paula and the Pandemic Apr 12 2021 This book is about a little girl, Paula, who experiences the pandemic and not being able to do the things she loved. Her mommy tries to teach her patience through growing a sunflower from a little seed. This book is intended to support parents who are having a hard time explaining the COVID-19 pandemic and social distancing to their small children. All proceeds will be donated to charities supporting people affected by COVID-19. My daughter enjoyed this little book very much - I hope your kids do, too! (Disclaimer: This book is printed on demand, which is why the price might be comparatively high. I wanted to offer a printed version for parents who prefer to read a printed book to their children. The print has been made by amazon, so I haven't actually seen the final version myself.)

A Secondhand Lie Oct 26 2019 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.

The Caliph and the Heretic Apr 24 2022 This book offers an examination of the origins of Shī'ite Islam as viewed through the lens of the traditions surrounding its earliest and most infamous heretic, 'Abd Allāh ibn Saba', and the sectarian movement he purportedly founded, the Saba'īya.

Using IBM CICS Transaction Server Channels and Containers Oct 31 2022 This IBM® Redbooks® publication describes the new channels and containers support in IBM Customer Information Control System (CICS®) Transaction Server V5.2. The book begins with an overview of the techniques used to pass data between applications running in CICS. This book describes the constraints that these data techniques might be subject to, and how a channels and containers solution can provide solid advantages alongside these techniques. These capabilities enable CICS to fully comply with emerging technology requirements in terms of sizing and flexibility. The book then goes on to describe application design, and looks at

implementing channels and containers from an application programmer point of view. It provides examples to show how to evolve channels and containers from communication areas (COMMAREAs). Next, the book explains the channels and containers application programming interface (API). It also describes how this API can be used in both traditional CICS applications and a Java CICS (JCICS) applications. The business transaction services (BTS) API is considered as a similar yet recoverable alternative to channels and containers. Some authorized program analysis reports (APARs) are introduced, which enable more flexible web services features by using channels and containers. The book also presents information from a systems management point of view, describing the systems management and configuration tasks and techniques that you must consider when implementing a channels and containers solution. The book chooses a sample application in the CICS catalog manager example, and describes how you can port an existing CICS application to use channels and containers rather than using COMMAREAs.

A Discovery of Witches May 26 2022 Now a major Sky original production - Season 2 streaming now THE NUMBER ONE INTERNATIONAL AND SUNDAY TIMES BESTSELLER. A Discovery of Witches is the first in the must-read ALL SOULS trilogy. It begins with absence and desire. It begins with blood and fear. It begins with a discovery of witches. Fall under the spell of Diana and Matthew in the stunning first volume of the No.1 internationally bestselling ALL SOULS trilogy. A world of witches, daemons and vampires. A manuscript which holds the secrets of their past and the key to their future. Diana and Matthew - the forbidden love at the heart of it. When historian Diana Bishop opens an alchemical manuscript in the Bodleian Library, it's an unwelcome intrusion of magic into her carefully ordered life. Though Diana is a witch of impeccable lineage, the violent death of her parents while she was still a child convinced her that human fear is more potent than any witchcraft. Now Diana has unwittingly exposed herself to a world she's kept at bay for years; one of powerful witches, creative, destructive daemons and long-lived vampires. Sensing the significance of Diana's discovery, the creatures gather in Oxford, among them the enigmatic Matthew Clairmont, a vampire geneticist. Diana is inexplicably drawn to Matthew and, in a shadowy world of half-truths and old enmities, ties herself to him without fully understanding the ancient line they are crossing. As they begin to unlock the secrets of the manuscript and their feelings for each other deepen, so the fragile balance of peace unravels... Five reasons to read A Discovery of Witches and the All Souls Trilogy 'Rich, thrilling ... A captivating and romantic ripping yarn' E L James 'Intelligent and off-the-wall ... irresistible to Twilight fans' Sunday Times 'I could lose myself in here and never want to come out ... Utterly enchanting on every level' Manda Scott 'Exciting amounts of spells, kisses and battles, and is recounted with enchanting, page-turning panache' Marie Claire 'A bubbling cauldron of illicit desire ... an assured saga that blends romance with fantasy' Daily Mail

Guide méthodologique, BTS SP3S Jul 28 2022 Cet ouvrage débute par les explications et schémas récapitulatifs des trois principaux modes de recueil de données. Ces explications et ces schémas s'accompagnent systématiquement d'exemples de réalisation. Ces différents outils présentent leur utilisation comme nécessaire pour la phase initiale d'un projet, la démarche consistant à évaluer un projet est présentée sous forme de tableau synthétique. Ces différents outils étant aussi souvent mis en valeur durant l'épreuve de techniques professionnelles, un point est consacré à la compréhension des consignes de cette épreuve, qui pose beaucoup de difficultés aux étudiants. Des plans, extrêmement précis, concernant

la rédaction des notes de synthèse des première et seconde années, sont proposés, et sont accompagnés d'une fiche permettant de suivre ses progrès. La dernière partie de cet ouvrage est consacrée à des exercices théoriques et à des jeux.

An In-Depth Guide to Mobile Device Forensics Dec 21 2021 Mobile devices are ubiquitous; therefore, mobile device forensics is absolutely critical. Whether for civil or criminal investigations, being able to extract evidence from a mobile device is essential. This book covers the technical details of mobile devices and transmissions, as well as forensic methods for extracting evidence. There are books on specific issues like Android forensics or iOS forensics, but there is not currently a book that covers all the topics covered in this book. Furthermore, it is such a critical skill that mobile device forensics is the most common topic the Author is asked to teach to law enforcement. This is a niche that is not being adequately filled with current titles. *An In-Depth Guide to Mobile Device Forensics* is aimed towards undergraduates and graduate students studying cybersecurity or digital forensics. It covers both technical and legal issues, and includes exercises, tests/quizzes, case studies, and slides to aid comprehension.

A Model for Calculating Interconnection Costs in Telecommunications Aug 29 2022 The proposed cost model takes into account most features characterizing the development stage of telecommunications networks in Sub-Saharan Africa (small size of fixed network, importance of rural telephony, excessive reliance on microwave technology, explosive demand for mobile service, and weak regulatory capacity)."--BOOK JACKET.

Shadow of Night Feb 29 2020 *Now a major Sky TV series, A Discovery of Witches Season 2.* *Read the novel Season 2 is based on.* Fall deeper under the spell of Diana and Matthew in the captivating second volume of the No.1 internationally bestselling ALL SOULS trilogy, following A DISCOVERY OF WITCHES. Perfect for fans of Neil Gaiman, Diana Gabaldon and J. K. Rowling. In a world of witches, daemons and vampires the fragile balance of peace is unravelling. Diana and Matthew's forbidden love has broken the laws dividing creatures. To discover the manuscript

which holds their hope for the future, they must now travel back to the past. When Diana Bishop, descended from a line of powerful witches, discovered a significant alchemical manuscript in the Bodleian Library, she sparked a struggle in which she became bound to long-lived vampire Matthew Clairmont. Now the coexistence of witches, daemons, vampires and humans is dangerously threatened. Seeking safety, Diana and Matthew travel back in time to London, 1590. But they soon realise that the past may not provide a haven. Reclaiming his former identity as poet and spy for Queen Elizabeth, the vampire falls back in with a group of radicals known as the School of Night. Many are unruly daemons, the creative minds of the age, including playwright Christopher Marlowe and mathematician Thomas Harriot. Together Matthew and Diana scour Tudor London for the elusive manuscript Ashmole 782, and search for the witch who will teach Diana how to control her remarkable powers...
