Collecting Muscle Car Model Kits May 17 2021 In the 1960s, model kit building was a huge hobby. Kids built plastic kits of planes, tanks, race cars, space ships, creatures from scary movies, you name it. Before baseball card collecting, Pokémon, and video games, model kit building was one of the most popular hobby activities. Car and airplane kits were the most popular, and among the car kits, muscle cars, as we know them today, were one of the most popular categories. Many owners of real muscle cars today were not old enough to buy them when the cars were new, of course. Yet kids of the 1960s and 1970s worshiped these cars to an extent completely foreign to kids today. If you couldn't afford or were too young to buy a muscle car back then, what could you do? For many, the next best thing was to buy, collect, and build muscle car kits from a variety of kit companies. Hundreds were made. Many of these kits have become collectible today, especially in

original, unassembled form. Although people still build kits today, there is a broad market for collectors of nostalgic model kits. People love the kits for the great box art, to rekindle fond memories of building them 40 years ago, or even as a companion to the full-scale cars they own today. Here, world-leading authority Tim Boyd takes you through the entire era of muscle car kits, covering the options, collectability, variety availability, and value of these wonderful kits today. Boyd also takes you through the differences between the original kits, the older reproduction kits, and the new reproduction kits that many people find at swap meets today. If you are looking to build a collection of muscle car kits, interested in getting the kits of your favorite manufacturer or even just of the cars you have owned, this book will be a valuable resource in your model kit search.

Lemon-Aid New Cars and Trucks 2012 Sep 28 2019 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You can save \$2,000 by cutting freight fees and "administrative" charges) Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea) Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki

Impala Super Sport Used Parts Buyers Guide 1961-1969 Oct 02 2022 Impala Super Sport some say it was the first muscle car. Bucket seats and floor shift, and when equipped with a 409-ci V-8 it does make a point. Maybe it was because it could also be had a six cylinder or a lowly 283-ci v-8 that some do not see it this way. But when Chevrolet introduce an optional package and backed it up with an engine straight out of the Corvette's catalog the 427 Turbo-Jet packing out 425-hp no one could not say that car was a pure muscle car. The Impala SS would run only from 1961 to 1969 but be it a bubble top or street terror with the Corvette engine, the Impala Super Sport is one of a kind. As unique as it was it shared many parts with many other Chevrolet's and other GM models. Knowing what parts those are can be a great help when searching for parts. Impala Super Sport Used Parts Buyers Guide is just what you need to help you with this. It is loaded with thousands of interchanges that only for 1961-1969 Super Sport models. It also contains over 200 photos and illustrations to help you identify the parts in question, be it, from the engine, to the suspension to nameplates and trim. Impala Super Sport Used Parts Buyers Guide has it covered.

[How to Build Max-Performance Chevy LT1/LT4 Engines](#) Nov 30 2019 The LT1, along with its more powerful stablemate, the LT4, raised the bar for performance-oriented small-blocks until the introduction of the LS1 in 1997. The LT1/LT4 engines are powerful, relatively lightweight, and affordable. They powered Chevrolet's legendary Impala SS (and thousands of similar police cars), Corvettes, and Camaros and remain viable choices for enthusiasts today. This book investigates every component of these engines, discussing their strong and weak points and identifying characteristics. Upgrades and modifications for both improved power production and enhanced durability are described and explained in full.

[Lemon-Aid New Cars and Trucks 2010](#) Oct 29 2019 As U.S. and Canadian automakers and dealers face bankruptcy and/or unprecedented downsizing, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 35 years, pulls no punches. This compendium of everything that's new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select what's safe, reliable, and fuel-frugal. Know all about profit margins, rebates, and safety defects. And when things go wrong, fight back! Lemon-Aid's complaint tactics, sample letters, Internet gripe sites, and winning jurisprudence will get you attention — and a refund!

Chevrolet Convertibles 1952-1967 Apr 27 2022 The perfect primer and quick reference guide. Covers Chevrolet convertibles from 1952 through 1967, includes: DeLuxe, Bel Air, Impala, Nova, Corvair, Chevelle, Malibu and Camaro. Soft cover 8-1/2 x 11 format. Great addition to any auto library.

Chevrolet SS Oct 22 2021

Chevy SS May 29 2022 On the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the "Super Sport." The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, *Chevy SS: The Super Sport Story* provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined "high performance" and defined an era.

American Muscle Cars Apr 03 2020 *American Muscle Cars* features stunning historic and contemporary photography and offers a thorough chronology of this classic car's evolution from the 1960s to the present.

Ultimate Hot Rod Dictionary: A-Bombs to Zoomies Dec 12 2020 Every hot rodding magazine ever published (not to mention numerous books and countless web sites) has taken stabs at creating comprehensive glossaries of automotive enthusiasts terms and phrases. Finally Motorbooks has done it right with the publication of *The Ultimate Hot Rod Dictionary*. The title says it all. This book is 243 pages thick and includes more than 1,600 words and phrases, with definitions, phrase origins and examples of usage. In addition, the dictionary includes more than 225 line-art illustrations. "If you never thought you'd find yourself reading a dictionary, this informative and fun book may surprise you. - Rod and Custom, October, 2004 Perplexed about Peg Leggers? Curious about Crazy Stacks? Every enthusiast group inevitably spawns its own slang, but few are as rich as that which has evolved around the world of hot rods and customs. Once a unique American sub-language, the gearhead vernacular has long since gone global. Containing some 1,700 entries, this first-ever dictionary of the colorful language and phraseology that has developed in the world of hot rodding and customizing features not just terms used to describe the technologies and designs, but also those pertaining to the culture itself. In the end it's not just a dictionary with something for everyone from newbies to vets, but a book that reveals how the customizers have, in fact, customized their lingo. Includes specially commissioned line-art illustrations and cross-references for related or like terms.
