**Mindful Games Activity Cards** Feb 25 2022 Playing games is a great way for kids to develop their focusing and attention skills and to become more mindful. This card deck helps parents, caregivers, and teachers cultivate these qualities at home or in a school setting. The games develop what Susan Kaiser Greenland calls the "new A, B, C's" for learning and for a happy and successful life: Attention, Balance, and Compassion. In a playful way, the games introduce kids to breathing practices and techniques for developing focus, concentration, and sensory awareness, and identifying and self-regulating emotions, among other

skills. They include "anchor" games that develop concentration; visualization games that encourage kindness and focus; analytical games that cultivate clear thinking; and awareness games that develop all of these qualities and give greater insight into ourselves, others, and relationships. The deck contains 55 5X7 illustrated cards, each devoted to one game or activity, and comes in a sturdy, beautifully designed box.

*Power Maths Year 6 Textbook 6A* Sep 10 2020 The whole-class mastery approach that works for every child. Underpinned by the most effective teaching practices, and created by a team of mastery experts led by Series Editor Tony Staneff, Power Maths is designed to make the whole-class mastery teaching approach work for you, your children and your school. The powerful lesson structure of Power Maths comes to life through the high-quality textbooks. They provide a coherent structure through the curriculum and support children on their journey to deeper understanding. The textbooks set out the core learning objectives for the whole class. 'Discover', 'Share' and 'Think Together' sections help promote discussion and ensure mathematical ideas are introduced to children in a logical way to support conceptual understanding. Engaging contexts for problem solving help children to discover patterns and concepts for themselves in a meaningful way. Clear mathematical structures and representations (using the Concrete-Pictorial-Abstract approach) ensure children make connections and grasp concepts. Lovable characters prompt and question children to promote reasoning skills and help to build a growth mindset.
