Eclecticism in Late Medieval Visual Culture at the Crossroads of the Latin, Greek, and Slavic Traditions May 03 2020 This volume builds upon the new worldwide interest in the global Middle Ages. It investigates the prismatic heritage and eclectic artistic production of Eastern Europe between the fourteenth and seventeenth centuries, while challenging the temporal and geographical parameters of the study of medieval, Byzantine, post-Byzantine, and early-modern art. Contact and interchange between primarily the Latin, Greek, and Slavic cultural spheres resulted in local assimilations of select elements that reshaped the artistic landscapes of regions of the Balkan Peninsula, the Carpathian Mountains, and further north. The specificities of each region, and, in modern times, politics and nationalistic approaches, have reinforced the tendency to treat them separately, preventing scholars from questioning whether the visual output could be considered as an expression of a shared history. The comparative and interdisciplinary framework of this volume provides a holistic view of the visual culture of these regions by addressing issues of transmission and appropriation, as well as notions of cross-cultural contact, while putting on the global map of art history the eclectic artistic production of Eastern Europe.

Archives and Human Rights Nov 08 2020 Why and how can records serve as evidence of human rights violations, in particular crimes against humanity, and help the fight against impunity? *Archives and Human Rights* shows the close relationship between archives and human rights and discusses the emergence, at the international level, of the principles of the right to truth, justice and reparation. Through a historical overview and topical case studies from different regions of the world the book discusses how records can concretely support these principles. The current examples also demonstrate how the perception of the role of the archivist has undergone a metamorphosis in recent decades, towards the idea that archivists can and must play an active role in defending basic human rights, first and foremost by enabling access to documentation on human rights violations. Confronting painful memories of the past is a way to make the ghosts disappear and begin building a brighter, more serene future. The establishment of international justice mechanisms and the creation of truth commissions are important elements of this process. The healing begins with the acknowledgment that painful chapters are essential parts of history; archives then play a crucial role by providing evidence. This book is both a tool and an inspiration to use archives in defence of human rights.

Monastic Economy Across Time Sep 06 2020 The book aims at a readership of both economists and historians. Beyond the well-known Weberian thesis concerning the role of Protestantism in the development of capitalism, monastic economies are studied to assess their impact on the religious patterns of economic behavior. Those issues are discussed in the frame of key economic concepts such as rationality, state intervention, networking, agency, and governance. The book includes essays concerning Byzantine, Ottoman and modern South-Eastern Europe, and early modern Western Europe. Survival and continuity of the monastic wealth is considered as an example of successful handling of real estate transactions, flows of funds, and contacts with financial institutions. Moreover, the book focuses on the economic impact of the privileged relations of monasticism with the secular powers. Finally, the question is raised how the monastic economy (still) matters in the contemporary world.

Gender Across Languages Jun 03 2020 This is the second of a three-volume comprehensive reference work on "Gender across Languages", which provides systematic descriptions of various categories of gender (grammatical, lexical, referential, social) in 30 languages of diverse genetic, typological and socio-cultural backgrounds. Among the issues discussed for each language are the following: What are the structural properties of the language that have an impact on the relations between language and gender? What are the consequences for areas such as agreement, pronominalisation and word-formation? How is specification of and abstraction from (referential) gender achieved in a language? Is empirical evidence available for the assumption that masculine/male expressions are interpreted as generics? Can tendencies of variation and change be observed, and have alternatives been proposed for a more equal linguistic treatment of women and men? This volume (and the previous two volumes) will provide the much-needed basis for explicitly comparative analyses of gender across languages. All chapters are original contributions and follow a common general outline developed by the editors. The book contains rich bibliographical and indexical material. Languages of Volume 2: Chinese, Dutch, Finnish, Hindi, Icelandic, Italian, Norwegian, Spanish, Vietnamese, Welsh.

Roman pentru doamne Nov 01 2022 Roman pentru doamne Michal Viewegh prezintă un roman care dă întreaga măsură a talentului său de scriitor: sub „ușurătatea“ unei povestiri pline de umor, cititorul găsește toate elementele care fac o carte să fie greu de uitat. Aceasta este povestea a două femei aflate în perpetua căutare a iubiților perfecți. Laura are 22 de ani și este redactor la o revistă pentru doamne, iar Jana, mama ei, este traducătoare liber-profesionistă. Jana a fost cândva implicată într-o relație tumultoasă cu un bărbat ceh, iar de atunci urăște bărbații cehi din adâncul inimii, așa că își caută alesul printre străini. În cele din urmă, Laura se îndrăgostește de Oliver, un bărbat de 40 de ani. Problemele abia încep, pentru că bărbatul pe care îl crede perfect nu are deloc un trecut ideal. Iar mama ei știe foarte bine de ce... „Cărțile lui Michal Viewegh au depășit de mult timp granița literaturii. Înainte de a întoarce prima pagină, știi că ai în față nu numai un text, ci, într-un anumit sens, o instituție culturală.” - Miroslav Balaščík „Fără discuție, Michal Viewegh reprezintă unul dintre fenomenele apărute în proza cehă după căderea comunismului.” - Jakub Jarina „Michal Viewegh este succesorul lui Milan Kundera. Cărțile lui sunt inteligente, dar ușor de citit.” - Der Spiegel

Unbeaten Feb 21 2022 From the bestselling author of *The Prince of Providence*, a revelatory biography of Rocky Marciano, the greatest heavyweight champion of all time. The son of poor Italian immigrants, with short arms and stubby legs, Rocky Marciano accomplished a feat that eluded legendary heavyweight champions like Joe Louis, Jack Dempsey, Muhammad Ali, and Mike Tyson: He never lost a professional fight. His record was a perfect 49-0. *Unbeaten* is the story of this remarkable champion who overcame injury, doubt, and the schemes of corrupt promoters to win the title in a bloody and epic battle with Jersey Joe Walcott in 1952. Rocky packed a devastating punch with an innocent nickname, "Suzie Q," against which there was no defense. As the champ, he came to know presidents and movie stars – and the organized crime

figures who dominated the sport, much to his growing disgust. He may have “stood out in boxing like a rose in a garbage dump,” as one sportswriter said, but he also fought his own private demons. In the hands of the award-winning journalist and biographer Mike Stanton, *Unbeaten* is more than just a boxing story. It's a classic American tale of immigrant dreams, exceptional talent wedded to exceptional ambitions, compromises in the service of a greater good, astounding success, disillusionment, and a quest to discover what it all meant. Like *Suzie Q*, it will knock you off your feet.

Turnabout Patchwork Jul 05 2020 Start with a simple block. Slice, turn, and sew slices back together. Then watch the magic happen! It's hard to believe such complex-looking quilts can come from such easy-to-sew blocks, but turnabout techniques transform even the most basic blocks into showstopping quilts. In some cases slicing isn't even necessary--just turn units as directed for unique designs! Each chapter focuses on a single block; just follow along to sew, slice, turn, and sew again. Find several design options for each block, along with a total of 24 quilt patterns, so you can make lap quilts, runners, and more with the turnabout blocks you create.

Transport and Climate Change Jan 29 2020 This topical volume covers the intersection between transport and climate change, with papers from the 'Transport & Climate Change' session of the RGS-IBG conference in London, September 2010. It considers the role of transport modes at varying spatial dimensions and a range of perspectives on the relationship between transport and climate change.

The Mis-education of the Negro Jul 25 2019 Woodson's classic work of criticism explores how the education received by blacks has failed to give them an appreciation of themselves as a race and their contributions to history. Woodson puts forward a program that calls for the educated to learn about their past and serve the black community. (Education/Teaching)

Twelve Years a Slave Oct 27 2019 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Global Corruption Report: Climate Change Jun 15 2021 The global response to climate change will demand unprecedented international cooperation, deep economic transformation and resource transfers at a significant scale. Corruption threatens to jeopardise these efforts. Transparency International's *Global Corruption Report: Climate Change* is the first publication to comprehensively explore such corruption risks. More than fifty leading experts and practitioners contribute, covering four key areas: governance: investigating major governance challenges towards tackling climate change mitigating climate change: reducing greenhouse gas emissions with transparency and accountability adapting to climate change: identifying corruption risks in climate-proofing development, financing and implementation of adaptation forestry governance: responding to the corruption challenges plaguing the forestry sector, and how these challenges need to be integrated into current international strategies to halt deforestation and promote reforestation. The *Global Corruption Report: Climate Change* provides essential policy analysis to help policy-makers, practitioners and other stakeholders understand these risks and develop effective responses at a critical point in time when the main architecture for climate governance is being developed.

Hacker, Hoaxer, Whistleblower, Spy May 27 2022 Here is the ultimate book on the worldwide movement of hackers, pranksters, and activists that operates under the non-name Anonymous, by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets.” Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, *Hacker, Hoaxer, Whistleblower, Spy* is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

The Latin Sexual Vocabulary Jun 27 2022 Like other languages, Latin contained certain words its speakers considered obscene as well as a rich stock of sexual euphemism and metaphor. Our sources for this information range from surviving graffiti to literary works with a marked sexual content. Yet despite its manifest literary and linguistic interest, the sexual vocabulary of Latin has remained uninvestigated by scholars. J. A. Adams’s pioneering and unique reference work collects for the first time evidence of Latin obscenities and sexual euphemisms drawn from both literary and nonliterary sources from the early Republic to about the fourth century A.D. Separate chapters treat each of the sexual parts of the body and the terminology used to describe sexual acts. General topics include the influence of Greek language on Latin, changes in the Latin vocabulary over time (including the evolution of sexual words into general terms of abuse), and lexical differences among various literary genres.

The Yugo Mar 25 2022 Six months after its American introduction in 1985, the Yugo was a punch line; within a year, it was a staple of late-night comedy. By 2000, NPR’s Car Talk declared it “the worst car of the millennium.” And for most Americans that’s where the story begins and ends. Hardly. The short, unhappy life of the car, the men who built it, the men who imported it, and the decade that embraced and discarded it is rollicking and astounding, and one of the greatest untold business-cum-morality tales of the 1980s. Mix one rabid entrepreneur, several thousand “good” communists, a willing U.S. State Department, the shortsighted Detroit auto industry, and improvident bankers, shake vigorously, and you’ve got *The Yugo: The Rise and Fall of the Worst Car in History*. Brilliantly re-creating the amazing confluence of events that produced the Yugo, Yugoslav expert Jason Vuic uproariously tells the story of the car that became an international joke: The American CEO who happens upon a Yugo right when his company needs to find a new import or go under. A State Department eager to aid Yugoslavia’s nonaligned communist government. Zastava Automobiles, which overhauls its factory to produce an American-ready Yugo in six months. And a hole left by Detroit in the cheap subcompact market

that creates a race to the bottom that leaves the Yugo . . . at the bottom.

Tehnici de a vinde Jul 29 2022 Nu aveți în față un manual de vânzări! Aceasta nu e o carte de teorie aridă. Și nu veți adormi în timp ce o răsfoiți. Dimpotrivă, e o carte plină de farmec, instructivă și amuzantă. Citind-o, vă veți simți ca și cum tocmai ați ridicat pânza de pe o pictură plină de viață. Veți (re)descoperi partea luminoasă a profesiei de vânzător. Nu e o meserie ușoară! Telefoane închise în nas, întâlniri amânate la nesfârșit, refuzul de a plăti prețul corect, reclamații nefondate... toate li se întâmplă celor care vând. Și totuși, asemenea oameni împing lucrurile spre progres. Și spre profit. Cel care îți vinde ceva folositor Te-ajută să-ți faci treaba mai bine și mai ușor. Dar cum ajungeți să convingeți un necunoscut că vreți să-i vindeți ceva folositor? Ei bine, e o întreagă poveste. Și o veți descoperi în cartea pe care tocmai ați deschis-o. Dale Carnegie & Associates, Inc., este azi una dintre cele mai importante companii de training din întreaga lume. Cursurile sale au devenit esențiale în instruirea oricărei persoane preocupate de succesul profesional. Iar cartea de față reprezintă primul curs de vânzări al companiei publicat în limba română — un ghid eficient, logic structurat și indispensabil. Tehnicile prezentate în aceste pagini sunt extrase din interviuri luate unor profesioniști din America, Europa și Asia. Volumul conține peste 100 de cazuri adunate din toată lumea, referitoare la o largă varietate de produse și servicii. În fiecare capitol, există sfaturi practice prin care puteți transforma provocările din lumea reală în niște oportunități pe care concurenții nici nu le bănuiesc. Astfel, veți putea să stabiliți relații durabile cu clienții și să contribuiți atât la reușita lor, cât și la propriul succes. Dale Carnegie (pe numele lui real Dale Carnegie) s-a născut pe 24 noiembrie 1888 la o fermă săracă din Missouri și s-a stins din viață pe 1 noiembrie 1955, la Forest Hills, New York. Este considerat cel mai mare autor de literatură motivațională al secolului XX. După absolvirea facultății, vinde cursuri prin corespondență în Nebraska și obține câteva roluri ca actor la New York, fără mare succes. În 1912, este angajat de Young Men Christian Association să predea cursuri pentru adulți și descoperă, accidental, o metodă prin care poate diminua teama celor care vorbesc în fața unui public numeros. Astfel începe faimoasa carieră de orator și autor de mare succes a lui Dale Carnegie. În următorii doi ani, Carnegie își rafinează cursul, venind în întâmpinarea dorinței americanului mediu de a-și întări încrederea în sine. Își schimbă numele din Carnegie în Carnegie, ceea ce reprezintă o mișcare de marketing inspirată. Începe să publice diverse materiale în care-și prezintă în mod sistematizat ideile; în 1926, acestea vor fi adunate într-o carte despre vorbirea în public — *Public Speaking: A Practical Course for Business Men*. În 1936, Dale Carnegie publică *How To Win Friends and Influence People*, carte care a înregistrat încă de la publicare un succes răsunător. De-a lungul anilor, această lucrare, considerată opera de referință a lui Carnegie, s-a vândut în peste 15 milioane de exemplare. Ea a fost tradusă în toate limbile de circulație internațională, iar în limba română a apărut la Curtea Veche Publishing sub titlul *Secretele succesului*. Cum să vă faceți prieteni și să deveniți influent. O altă lucrare de referință, publicată în 1948, este *How to Stop Worrying and Start Living*, apărută în limba română la Curtea Veche Publishing sub titlul *Lasă grijile, începe să trăiești* — o colecție de sfaturi ușor de pus în aplicare pentru a face față mai bine stresului. Dintre cărțile lui Dale Carnegie, aceasta a avut cel mai mare succes în Europa. Pe Dale Carnegie îl regăsim în topul celor mai bine vânduți autori din toate timpurile. La mai bine de jumătate de veac de la moartea lui, cărțile sale sunt la fel de solicitate ca în primii ani după lansare. Eforturile lui Dale Carnegie de răspândire a unor metode prin care ne putem optimiza relațiile cu semenii și cu lumea au fost continuate de Fundația Carnegie. Cursurile pe care Carnegie însuși le-a inițiat și predat sunt frecventate și astăzi de zeci de mii de oameni din întreaga lume, confirmând actualitatea și utilitatea metodelor scriitorului.

Aprofundarea acestor practici e vitală pentru toți cei care doresc să ocupe posturi importante în ierarhiile companiilor occidentale. J. Oliver Crom a fost vicepreședinte în consiliul de administrație al companiei Dale Carnegie & Associates, Inc., pentru care a lucrat mai bine de o jumătate de secol. A fost responsabil cu instruirea managerilor de top în probleme de politică organizațională și de planificare strategică. De-a lungul timpului, a fost implicat în conducerea mai multor comitete din cadrul companiei. Michael Crom activează ca vicepreședinte al companiei Dale Carnegie Training, pentru care lucrează din 1978, fiind în prezent responsabil de serviciile de suport pe plan global și de instruirea prin materiale în format digital. Este implicat și în dezvoltarea planurilor strategice ale companiei. De asemenea, face parte din consiliul director pentru operațiuni internaționale al Dale Carnegie & Associates, Inc.
