The Chaperone May 24 2022 Soon to be a feature film from the creators of Downton Abbey starring Elizabeth McGovern, The Chaperone is a New York Times-bestselling novel about the woman who chaperoned an irreverent Louise Brooks to New York City in the 1920s and the summer that would change them both. Only a few years before becoming a famous silent-film star and an icon of her generation, a fifteen-year-old Louise Brooks leaves Wichita, Kansas, to study with the prestigious Denishawn School of Dancing in New York. Much to her annoyance, she is accompanied by a thirty-six-year-old chaperone, who is neither mother nor friend. Cora Carlisle, a complicated but traditional woman with her own reasons for making the trip, has no idea what she's in for. Young Louise, already stunningly beautiful and sporting her famous black bob with blunt bangs, is known for her arrogance and her lack of respect for convention. Ultimately, the five weeks they spend together will transform their lives forever. For Cora, the city holds the promise of discovery that might answer the question at the core of her being, and even as she does her best to watch over Louise in this strange and bustling place she embarks on a mission of her own. And while what she finds isn't what she anticipated, she is liberated in a way she could not have imagined. Over the course of Cora's relationship with Louise, her eyes are opened to the promise of the twentieth century and a new understanding of the possibilities for being fully alive. Drawing on the rich history of the 1920s, '30s, and beyond—from the orphan trains to Prohibition, flappers, and the onset of the Great Depression to the burgeoning movement for equal rights and new opportunities for women—Laura Moriarty's The Chaperone illustrates how rapidly everything, from fashion and hemlines to values and attitudes, was changing at this time and what a vast difference it all made for Louise Brooks, Cora Carlisle, and others like them.

Free-Range Kids Apr 30 2020 FREE RANGE KIDS has become a national movement, sparked by the incredible response to Lenore Skenazy's piece about allowing her 9-year-old ride the subway alone in NYC. Parent groups argued about it, bloggers, blogged, spouses became uncivil with each other, and the media jumped all over it. A lot of parents today, Skenazy says, see no difference between letting their kids walk to school and letting them walk through a firing range. Any risk is seen as too much risk. But if you try to prevent every possible danger or difficulty in your child's everyday life, that child never gets a chance to grow up. We parents have to realize that the greatest risk of all just might be trying to raise a child who never encounters choice or independence.

A rebuff by a group of pompous frat boys, however, compels her to enter The Miss Crystal Lake Pageant out of spite. To everyone's surprise, including her own, she wins. Her mother, who was stripped of the Miss Empire State crown in 1948 because of an unwanted pregnancy, is partially vindicated. Two of her daughters are on their way to the Miss American Beauty Pageant. On her road to "nationals," Glory soon finds herself thrust from her sheltered world into that socio-cultural roller coaster that was 1969. It is a world populated by hawks and doves, fraternity brothers and radicals, beauty queens and bra-burning feminists. On this journey she not only discovers true love, but also her own self worth as a woman. The Overly Honest Teacher Jun 25 2022 All parents want their children to be able to vocalize how they are feeling—to own their emotions, their opinions, their fears, and their views of the world. To achieve this, parents need to be models, showing their kids the importance of honest dialogue and effective listening. But parents don't always feel prepared. As both a teacher and school principal, Meredith Essalat has lived the daily challenges of helping children navigate through their young lives. She has seen the struggles that parents have as they balance longer working hours with the demands of home life. And how it's the teachers who are often caught in the middle. In an effort to stop pointing out each other's flaws—and instead letting kids know they are supported—Meredith offers hard-won pointers,

enabling parents, teachers, and students alike to encourage one another while holding everyone accountable for their actions. Combining humor with straightforward, practical advice, the Overly Honest Teacher shows parents how to welcome everyday parenting gracefully.

You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Travel 101 Nov 06 2020 Have you ever thought to yourself I wish I knew then what I know now or hindsight is 20/20? When I think back to the day that I began planning my first band trip those sentiments are true. I wrote this book as a resource to help band directors who are interested in planning student travel opportunities. While the main focus is on travel and performance with a marching band the information can be adapted and applied to almost any group whether you're an orchestra or choir director, classroom teacher or club advisor. The content is a compilation of the things I learned through personal experience, networking with other band directors and dealing with several different travel companies over a fifteen year period from 1997 to 2012 as the director of the Butler High School Golden Tornado Marching Band in Butler, Pennsylvania. Travel 101 is a comprehensive guide that will provide a step by step blueprint for planning and executing a safe and successful experience for your students. The book covers a wide spectrum of travel related topics and is a valuable resource for either the novice or experienced group planner. Why travel? What are the benefits of a travel program? You'll get the answers to these and other questions as well as advice and guidance on: Getting Started, Applying for major events i.e. Pasadena Tournament of Roses Parade and Macys Thanksgiving Day Parade, Choosing a Travel Company, Creating a Budget, Planning Your Itinerary, Making Transportation Choices i.e. Bus, Commercial or Charter Air, Fundraising, Managing Student Accounts, Safety and Security, Travel Dos and Don'ts, Liability Issues, Chaperones, Medical Concerns, Student Supervision, Dealing with Uniforms and Equipment, Public Relations, Meetings and Methods of Communication, Rooming Assignments, Packing Guidelines, Preparing for Your Performance, and Managing the Trip to name just a few. In addition I have included a resource section in the back of the book with links to various travel and event websites, a major events list, information on several travel associations and several sample forms and letters you can adapt for your own use.

Déjà Noir Apr 23 2022 From the award-winning author of the Art Hardin series—Private Heat, Dying Embers, and Dead Bang—comes a compelling new mystery, Déjà Noir. Ray Kerze hasn't been having the best time of it. His closest friends are the guys in line with him at the liquor store before breakfast. He lives in his office in the decaying heart of Detroit, and that's only because the building is so far gone, no one shows up to collect rent. An ex-cop turned private investigator, he's not so much investigating as drowning himself in whiskey and helping out other struggling denizens of downtown in his sober moments. His life becomes a bit more interesting—and, some might say, worth living—when a young woman shows up at his office and asks him to kill her. . . . She's a paying customer with nearly twelve dollars in cash, so first "breakfast," and then he can figure out why the young woman wants him to do her in. It's a novel of murder, con jobs, and just a little bit of romance, full of twists and surprises that will have you wondering about a lot more than whodunit? It's "highly original narrative structure, consistently subordinating events to voices, allows Bailey and his readers to inhabit a series of characters that morph from cartoon tough guys and gals to people worth caring about once you get to see them from outside and inside."—Kirkus Reviews

The Baby Planner Jan 20 2022 The Nanny Diaries meets The Wedding Planner in this smart, dishy novel from the author of Secret Lives of Husbands and Wives—featuring a woman who runs San Francisco's premier baby planning company and the mommies-to-be who seek out her services. Today's trend seems to be that long before a professional woman's baby bump becomes obvious under her Armani suit, she turns to San Francisco's premier baby planner, Maddie McFadden, whose job it is to make her clients' pregnancies emotionally painless. Maddie may make her living consulting with new moms on the latest and greatest baby gadgets no parent should be without, or which mommy meet-ups are the most socially desirable, but the success of her marriage to husband Brady depends on controlling her own urges toward motherhood. He's adamant that they stay childless, but Maddie suspects it's only because he's still too upset that his out-of-town ex-wife rarely lets him see their eight-year-old son. Living vicariously through her clueless clients and her twin sisters' precocious toddlers only makes Maddie's biological clock tick louder. As she helps her newest client—Tyler Halstead, a stockbroker who must raise his newborn alone after the tragic death of his wife in childbirth—she tries her best to get pregnant "accidentally." If that should happen, Brady will have to live with it—right? But when the unexpected happens, Maddie learns the most important life lesson of all: How we nurture is the true nature of love.

Speedsters were the pizzazz cars of their era. Speedsters were owned by entertainers, captains of industry, the wealthy, and in some cases, the everyday guy or gal. They were often

expensive, but always fast and sexy. Speedsters were America's first sports cars. Each chapter frames the birth and evolution of a company that produced a speedster model in its lineup and includes a biography of a famous owner of the period. This book traces the journey of the speedster concept across several time periods and among twelve automotive companies. It answers three fundamental questions: Why were these cars so important and influential? Why did so many prominent people own them? What message do they have for modern design?
