The Galaxy Is Rated G Feb 21 2022 Through spaceships, aliens, ray guns and other familiar trappings, science fiction uses the future (and sometimes the past) to comment on current social, cultural and political ideologies; the same is true of science fiction in children's film and television. This collection of essays analyzes the confluences of science fiction and children's visual media, covering such cultural icons as Flash Gordon, the Jetsons and Star Wars, as well as more contemporary fare like the films Wall-E, Monsters vs. Aliens and Toy Story. Collectively, the essays discover, applaud and critique the hidden—and not-so-hidden—messages presented on our children's film and TV screens.

Journal of the Malayan Branch of the Royal Asiatic Society 25 2019

Objective PET Self-study Pack (Student's Book with answers with CD-ROM and Audio CDs(3)) Oct 08 2020 Objective PET Second edition is a completely updated and revised edition of the best-selling Objective PET course. A Teacher's book and Workbooks are also available.

The forty-eight preludes and fugues of John Sebastian Bach 06 2020

NCLEX-RN Questions and Answers Made Incredibly Easy! Nov 01 2022 The second edition of NCLEX-RN Questions & Answers Made Incredibly Easy! is a completely updated NCLEX review book. Over 3,500 questions and answers with rationales are included. The book is divided into six parts: Part 1 provides studying and test-taking strategies for the test itself. Parts 2-6 cover adult care, psychiatric care, maternal-neonatal care, pediatric care, and professional issues. The professional issues section is new to this edition, and includes chapters on management, leadership, and legal and ethical issues. Six comprehensive sample tests with 75 questions each are also included. The book continues the light-hearted approach of the Incredibly Easy! Series™, and familiar cartoon characters from the series provide support for the reader and point out vital information.

Fan Phenomena: Supernatural Dec 22 2021 Supernatural premiered on September 13, 2005, on what was then called the WB Network. Creator Eric Kripke was inspired by Jack Kerouac's On The Road, putting his heroes, brothers Sam and Dean Winchester, in a big black '67 Impala and sending them in search of the urban legends that fascinated him. The series attracted a passionate fan base from the start and was described as a "cultural attractor" that tapped into the zeitgeist of the moment, reflecting global fears of terrorism with its themes of fighting unseen evil. The chemistry between the lead actors, Jared Padalecki and Jensen Ackles, contributed to the show's initial success, and Supernatural found its niche when it combined demon-hunting adventures with a powerful relationship drama that explored the intense, complicated bond between the brothers. Supernatural is as much a story of familial ties, love, and loyalty as it is of "saving people, hunting things." Fan Phenomena: Supernatural explores the ongoing fascination and passion for a show that developed a relationship with fans through eight seasons and continues to have an impact on fan culture to the present day. Essays here explore the rich dynamic that has developed between fans and producers, actors, writers, directors, the show creator, and showrunners through online interactions on Twitter and Facebook, face-to-face exchanges at conventions, and representations of fandom within the show's meta-episodes. Contributors also explore gender and sexuality in the show and in fan art; the visual dynamics, cinematography, and symbolism in the episodes as well as the fan videos they inspire; and the culture of influence, learning, and teaching in the series.

DSM-5® Self-Exam Questions Jul 05 2020 DSM-5® Self-Exam Questions: Test Questions for the Diagnostic Criteria elucidates DSM-5® through self-exam questions designed to test the reader's knowledge of the new edition's diagnostic criteria. Mental health professionals, ranging from clinicians and students to psychiatric nurses and social workers, will benefit from this substantive text's 300-plus questions. This book is a "must have" for anyone seeking to fully understand the changes brought about by the groundbreaking launch of DSM-5®. Some of the book's most beneficial features include: Self-exam questions and cases designed to test the reader's knowledge of conceptual changes to DSM-5® (e.g., autism spectrum disorder), specific changes to diagnoses (e.g., the integration of childhood disorders within main

disorders), and diagnostic criteria (e.g., the diagnostic criteria for major depressive disorder and bipolar disorders). Questions about each diagnosis in DSM-5®, including the proposed diagnoses in Section III, which enable readers to teach themselves about new and potential future diagnoses. A contrast of DSM-5® diagnoses with DSM-IV-TR® to assist readers in quickly learning about the changes in diagnostic classes and criteria. Short answers that explain the rationale for each correct answer (diagnostic criteria sets from DSM-5® are included as appropriate, and readers are directed to DSM-5® for further information). Questions containing important information on diagnostic classifications, criteria sets, diagnosis codes, and severity, dimension of diagnosis, and culture, age, and gender. Straightforward, practical, and illustrative, DSM-5® Self-Exam Questions: Test Questions for the Diagnostic Criteria will successfully test and broaden the DSM-5® knowledge of all mental health professionals.

Monty Python's Flying Circus Apr 13 2021 Known for its outrageous humor, occasionally controversial content, and often silly spirit, Monty Python's Flying Circus poked fun at nearly everything. Indeed, many of the allusions and references in the program were routinely obscure, and therefore, not always understood or even noticed. This exhaustive reference identifies and explains the plethora of cultural, historical, and topical allusions of this landmark series. In this resource, virtually every allusion and reference that appeared in an episode is identified and explained. Organized chronologically by episode, each entry is listed alphabetically, indicates what sketch it appeared in, and is cross-referenced between episodes. Scholars and fans who already appreciate the silliness of the Pythons can also enjoy the acculturated know-it-all-ness of their heroes.

Periodical and Occasional Publications Jun 27 2022 A collection of miscellaneous writings.

Cherringham - Episode 10 - Nov 20 2021 Jack's a retired ex-cop from New York, seeking the simple life in Cherringham. Sarah's a Web designer who's moved back to the village find herself. But their lives are anything but quiet as the two team up to solve Cherringham's criminal mysteries. -- This compilation contains episodes 10 - 12: A DEADLY CONFESSION, BLADE IN THE WATER and DEATH ON A SUMMER NIGHT. Here local priest Father Byrne meets his unexpected demise. Jack and Sarah investigate - who could harm the beloved Father? And what secrets did he take to the grave? The Cherringham Regatta is shaken when vandalism of boats turns into bloody murder. And when a murder suspect is freed from prison after 25 years, it's apparent someone in Cherringham wants him to continue serving his sentence - to death. But Jack and Sarah start to question... did he commit the crime in the first place? -- Cherringham is a serial novel à la Charles Dickens, with a new mystery thriller released each month. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - it's like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick read for the morning commute, while waiting for the doctor, or when curling up with a hot cuppa. -- For fans of Agatha Christie's Poirot series, Lilian Jackson Braun's The Cat Who series, Caroline Graham's Midsomer Murders, and the American TV series Murder She Wrote, starring Angela Lansbury. -- Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), are known for their script work on major computer games. The Cherringham crime series is their first fictional transatlantic collaboration.

Journal of the Malaysian Branch of the Royal Asiatic Society Aug 25 2019 Includes the annual report of the Malaysian Branch, Royal Asiatic Society.

Blended Learning: Engaging Students in the New Normal Feb 09 2021 This book constitutes the refereed proceedings of the 15th International Conference on Blended Learning, ICBL 2022, held in Hong Kong, China, in August 2022. The 31 papers presented in this volume were carefully reviewed and selected from 80 submissions. The conference theme of ICBL 2022 is Blended Learning: Engaging Students in the New Era. The papers are organized in topical sections named: Game-based Learning and Augmented Learning Environment; Computer Supported Collaborative Learning; Enriching Learning Experience with Blended and Online Learning; Content Development and Practice for Blended Learning and Beyond.

Dialogue in the Book of Signs Jun 03 2020 Dialogue in the Book of Signs offers a polyvalent analysis of John 1:19-12:50 at the micro-, meso-, and macro-levels. With the help of several synchronic methods, including genre, narrative, rhetorical, and dramatic, the author analyzes the content, form, and function of John's dialogue.

The Mythic Mr. Lincoln Nov 28 2019 Honest Abe. The rail-splitter. The Great Emancipator. Old Abe. These are familiar monikers of Abraham Lincoln. They describe a man who has influenced the lives of everyday people as well as notables like Leo Tolstoy, Marilyn Monroe, and Winston Churchill. But there is also a multitude of fictional Lincolns almost as familiar as the original: time traveler, android, monster hunter. This book explores Lincoln's evolution from martyred president to cultural icon and the struggle between the Lincoln of history and his fictional progeny. He has been Simpsonized by Matt Groening, charmed by Shirley Temple, and emulated by the Lone Ranger. Devotees have attempted to clone him or to raise him from the dead. Lincoln's image and memory have been invoked to fight communism, mock a sitting president, and sell products. Lincoln has even been portrayed as the greatest example of goodness humanity has to offer. In short, Lincoln is the essential American myth.

Fan Phenomena: Supernatural Jan 23 2022 Supernatural premiered on September 14, 2005, on what was then called the WB Network. Creator Eric Kripke was inspired by Jack Kerouac's On The Road, putting his heroes, brothers Sam and Dean Winchester, in a big black '67 Impala and sending them in search of the urban legends that fascinated him. The series attracted a passionate fan base from the start and was described as a 'cultural attractor' that tapped into the zeitgeist of the moment, reflecting global fears of terrorism with its themes fighting unseen evil. The chemistry between the lead actors, Jared Padalecki and Jensen Ackles, contributed to the show's initial success, and Supernatural found its niche when it combined demon-hunting adventures with a powerful relationship drama that explored the intense, complicated bond between the brothers. Supernatural is as much a story of familial ties, love and loyalty as it is of 'saving people, hunting things.' Fan Phenomena: Supernatural explores the ongoing fascination and passion for a show that developed a relationship with fans through eight seasons and continues to have an impact on fan culture to the present day. Essays here explore the rich dynamic that has developed between fans and producers, actors, writers, directors, the show creator and show-runners through online interactions on Twitter and Facebook, face-to-face exchanges at conventions and representations of fandom within the show's meta-episodes. Contributors also explore gender and sexuality in the show and in fan art; the visual dynamics, cinematography and symbolism in the episodes as well as the fan videos they inspire; and the culture of influence, learning and teaching in the series.

Internet Drama and Mystery Television Series, 1996-2014 Apr 25 2022 Created around the world and available only on the Web, internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically

mathematics and science graduates; a declining enrolment of school graduates into university studies in these disciplines; and the varying quality of school teaching in these areas. Alongside these challenges, internationally more and more non-specialists are teaching mathematics and science at both primary and secondary levels, and research evidence has revealed how gaps and limitations in teachers' content understandings can lead to classroom practices that present barriers to students' learning. This book addresses these issues by investigating how teachers' content knowledge interacts with their pedagogies across diverse contexts and perspectives. This knowledge-practice nexus is examined across mathematics and science teaching, traversing schooling phases and countries, with an emphasis on contexts of disadvantage. These features push the boundaries of research into teachers' content knowledge. The book's combination of mathematics and science enriches each discipline for the reader, and contributes to our understandings of student attainment by examining the nature of specialised content knowledge needed for competent teaching within and across the two domains. Exploring Mathematics and Science Teachers' Knowledge will be key reading for researchers, doctoral students and postgraduates with a focus on Mathematics, Science and teacher knowledge research.

Study English + 2 DVD May 27 2022

Discourse Analysis and the New Testament Dec 10 2020 The volume contains contributions by many of the major discourse analysts of the New Testament, including E.A. Nida, W. Schenk, J.P. Louw and J. Callow. Some of these essays deal with methodology, raising necessary questions about what it means to analyse discourse. Others demonstrate an already committed approach by reading specific texts. A 'state-of-the-art' volume for all scholars interested in this increasingly important area of New Testament research.

Gossip Girl - The Ultimate Quiz Book Oct 20 2021 This excellent quiz book contains 120 questions (and answers!) to test the knowledge of any Gossip Girl fan. From questions even a casual viewer should know all the way through to trivia that would test Serena herself, this is a fantastic way to enjoy the girls (and boys!) of the Upper East Side even more. With sections on the characters, episodes, and the series in general, this is an important addition to any fan's bookshelf!

Family Nurse Practitioner Certification Review Mar 01 2020 Kidd (Arizona State U. College of Nursing), Robinson (Northern Kentucky U.), and Kish (graduate programs in health sciences, Georgia College & State U.) present this review for family nurse practitioners preparing to take the national certification exams of both the Academy of Nurse Practitioners and the American Nurses Credentialing Center. The review covers the domains of history taking, physical examination, assessment, diagnosis, plan, management, and evaluation. The CD-ROM contains review questions and sample examinations. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com).

This book covers the first eleven episodes of the second season. Be tested on the patient's names, their conditions and the travails of House and the team and in this second season a little more about House's history with the introduction of Stacy. Over 100 questions are inside, split into one chapter per episode. Put your diagnostic skills to the test and see how many you can answer.

Genetics Jul 17 2021 Widely used by medical students studying for the USMLE Step 1, the Board Review Series (BRS) provides basic knowledge as it relates to clinical situations. BRS Genetics addresses a field that is increasingly taught in shorter courses. Chapters are written

in an outline format and include pedagogical features such as bolded key words, tables, algorithms, and numerous illustrations, including a 16-page full-color insert. The book contains nearly 300 USMLE-style questions to help test students' memorization and mastery. A companion Website includes a question bank as well as fully searchable text.

Linguistic Emotivity Sep 26 2019 Linguistic Emotivity explores expressive and emotive meanings in Japanese from the perspective of the Place of Negotiation theory. The Place of Negotiation theory provides a framework for understanding how linguistic signs function in the place of communication (in cognitive, emotive, and interactional places). The theory finds the indexicality of a sign fundamental and views meanings as being negotiated among interactants who share not only information but, more significantly, feelings. Using analytical tools recognized in conversation and discourse analyses, the book analyzes emotive topics (vocatives, emotive nominals, quotative topics, etc.) and emotive comments (da and ja-nai, interrogatives, stylistic shifts, etc.) in contemporary Japanese discourse. It argues for the importance of emotivity in Japanese, in the context of the Japanese culture of pathos. Linguistic Emotivity challenges the traditional view of language that privileges logos, form, information, and abstraction, and instead, it proposes a philosophical shift toward pathos, expression, emotion, and linguistic event/action.

Mark Kistler's Imagination Station Dec 30 2019 Demonstrates how to draw in 3-D with step-by-step lessons, teaches concepts such as shadowing and shading, and stimulates the imagination with Idea Games

Into the Gauntlet Apr 01 2020 Amy and Dan Cahill learn an ultimate truth that reveals the Madrigal Mission's importance and the danger that their nefarious family members pose to the entire world.

The Take2 Guide to Lost May 15 2021 Over 50 contributors ask and answer all your questions in this ultimate eBook compendium of everything related to the most iconic and 'talked-about' series in Television history. Each Chapter and Guide is made up of multiple associated articles from the likes-of award-winning sci-fi authors David Brin and Peter Watts, academics including Dr Kristine Larsen and Alan Shapiro, Lost community leaders such as Jon Lachonis, news producers, comedy writers ... and professional and lay bloggers who spawned a revolution in television criticism. Just the 'Ending' chapter alone has over 30 articles, opinions and insights to further challenge your perspective. The sumptuous Episode Guide is a definitive resource of over 350 articles with at least two reviews of each episode as well as synopses, tidbits and comprehensive archive of intertextual references within each episode. Other chapters include - Cast and Characters which gives an incite to the characters role in the overall drama ... as well provide juicy titbits about the actors careers; - 'Mythology,' which includes posts on the Smoke Monster, DHARMA, the Frozen Donkey Wheel, and how religion was reflected on the series; - Philosophy, ranging from scholarly but accessible posts on the philosophy and philosophers referenced in the show, to a post on how the series affected one writer's personal philosophy; - Structure, including discussions on the flashback/forward/sideways, the DHARMA stations, and a physicist's explanation of the science of time travel; - Interviews with the showrunners and writers throughout the lifetime of the series. and much much more.

The House Quiz Book Season 1 Volume 1 Jul 29 2022 The doctor is in the house. Test your knowledge on everybody's favourite grouchy M.D.. This book covers the first eleven episodes of the first season. Be tested on the patient's names, their conditions and the travails of House and the team. Over 100 questions are inside, split into one chapter per episode. Put your diagnostic skills to the test and see how many you can answer.

Collaboration Technologies and Social Computing Nov 08 2020 This book constitutes the refereed proceedings of the 9th International Conference on Collaboration Technologies, CollabTech 2017, held in Saskatoon, SK, Canada, in August 2017. The papers focus on topics such as: CSCW system architectures and applications; social computing; crowdsourcing; inter-cultural collaboration; collaborative communication systems; embodied collaboration systems; shared virtual/augmented environments; smart devices for collaboration; computer supported collaborative learning (CSCL); collaborative entertainment systems; computer supported cooperative design (CSCD); and social science studies on collaboration.

Brain Teasers Mar 13 2021

Cotton FBI - Episode 10 Jan 11 2021 Digital Series. Episode 10: Once a year, the president holds a banquet for members of the military, police forces, and the Secret Service who have rendered outstanding service to the nation. This year, Special Agents Jeremiah Cotton and Philippa Decker have been invited for the first time. Cotton feels out of place at the party among all the "big shots." But then a slightly older but still quite attractive woman approaches him. Joan Fallon is being blackmailed by a stranger. Not for money, but for the state secrets guarded by her husband - the White House Chief of Staff. Joan has a dark past that not even her husband knows: In her youth, she acted in adult films. And it seems that the videotapes weren't all destroyed. Cotton discusses the problem with Mr. High, the head of the G-Team. A White House scandal and national security are at stake. So Cotton and his attractive partner Philippa start an undercover investigation into New York's porn scene ... A new legend is born. COTTON FBI is a remake of a world famous cult series with more than one billion copies sold and appears bi-weekly with a self-contained story in each e-book episode.

African American Women in the Oprah Winfrey Network's Queen Sugar Drama 23 2019

This critical study interrogates the intersection of race and gender media representations on screen and behind the scenes. The thought-provoking investigation on the Oprah Winfrey Network's Queen Sugar series shows the ways in which the television drama is a significant contribution to mainstream media that creates in-depth conversations concerning African American women's social roles, social class, and social change. Ollie L. Jefferson provides a unique analysis of the television production by using the exemplary representations conceptual framework to contextualize and theorize research contributing to systemic change. Jefferson highlights the best practices used by African American female executive producers, Oprah Winfrey and Ava DuVernay, by examining Queen Sugar as a case study. The investigation shows how the decision-makers produced multidimensional female characters to illustrate the complex humanity of Black lives. This book broadens understanding of the media industry's need for culturally sensitive and conscious inclusion of women and people of color behind the scenes—as media owners, creators, writers, directors, and producers—to put an end to the persistent and pervasive misrepresentations of African American women on screen. Scholars of television studies, film studies, media studies, race studies, and women's studies will find this book particularly useful.
