**Put Your Mindset to Work** Jul 14 2021 The right mindset can make you three times more likely to get the job you want-and even less likely to lose it later. What does it take to get and keep the job you want? Ninety-six percent of employers argue that it's not just about having the right skills for the position- it's all about the right mindset. As two leading experts on the subject, Reed and Stoltz know what employers really want from the people they hire and keep. According to their extensive and globally acclaimed research, there is a specific set of mental traits that will make you exponentially more desirable to potential employers, and more likely to succeed and enjoy your job once you're hired. This "3G Mindset" is: ? Global-the openness and big-picture perspective to compete on a global scale in any job ? Good-a positive force with an unwavering moral compass ? Grit-the tenacity and resilience to thrive on adversity The authors reveal why employers are three times more likely to hire people with the right mindset over those who are more qualified on paper. This book provides an actionable approach for both assessing and developing these essential traits.

**Love the One You Hate** Apr 11 2021 Nicholas Hunt is the man I hate. For good reason. His opinion of me is tainted by prejudice even before my arrival at his grandmother's estate, and my first impression of him is just as abysmal. His arrogance and icy demeanor make it clear that he's the type of man who's best handled at a distance. Fortunately, space shouldn't be an issue inside this Gilded Age mansion and its lush gardens. If I stick with the servants and he keeps to his sailboat and vintage Porsche, we should hardly cross paths at all. Unfortunately, at Rosethorn, I find that all roads eventually lead to Nicholas Hunt. Sparks fly as we spar at the dinner table. Fighting words are flung in the shadows of the palatial halls. We hang suspended in our hatred of one another, painfully oblivious to the heat and tension that build with every moment we're left alone. We're liable to kill one another, I think...right up until my eyes land on his lips and a new feeling grips hold of me: lust. What's worse? He knows it. They say you should keep your enemies close, but when Nicholas tightens his grip on my waist and draws me near, I'm not sure if it's out of loathing or love. One thing's for sure-I intend to find out.
