Chaos Volume 2 Mar 25 2022 Books 4-6 in the Chaos series (including bonus novella, Kings). Usurper It's been a year since Cara returned to the human realm with her daughter, and the fae have come knocking again. The game of kings is still being played, power is the ultimate prize, and Scarlet is an asset every court wishes to acquire. As Sadler's next move is revealed to be his deadliest yet, and Scarlet's burgeoning powers begin to develop into something that can't be hidden, Cara realises that something more significant than a faery promise is needed to protect her family. It's time for her to build on what she started in Sadler's court. But although the game is seductive, the price of winning might be too costly for a human to pay. *Blight* As the blight spreads, destroying the land, Cara's new subjects turn on her, and Brendan and Drake are no longer there to help her. The Darksiders thought she'd be pliable, or maybe even a miracle-worker, and it's not as easy to scrub away Sadler's influence as she thought. But Scarlet isn't her only priority any more, and once the ceremony to swear her in as regent is done, it'll be time for Cara to join forces with the kings, find a way to stop the blight, and prove to the fae that she can be the leader they need. It took a Darksider to steal the throne; it'll take a faery queen to keep it. *Kings* Set between books five and six in the Chaos series, *Kings* is a brief look into the lives of Drake and Brendan. After sealing the rift, Drake hears word of his wife's sickness only to find that the cause is exactly what unites his enemies against him. Brendan's journey across unexplored waters is only beginning, and if he finds what he's looking for, he'll owe a determined woman a throne by his side. But can he do it? Whatever course of action is taken next, they will change their world. *Sacrifice* As a king's life hangs in the balance, alliances are made then broken. Only trickery can help Cara protect those she cares about, but when her enemies show their true face, she realises the truth: every distraction feeds Chaos. Cara's not the only one searching for a legendary treasure, not the only one reaching for power. The journey's not over, but at the end of every path lies Sacrifice.

Awakening Aug 06 2020 *Awakening* contains the first three stories in the Ava Delaney series so far. A supernatural urban fantasy adventure. *Thirst*: Ava Delaney calls herself a hybrid - a living, breathing human who happens to have vampire poison running through her veins. The only thing greater than her thirst for human blood is her capacity for guilt. She does her best to avoid the human world, for everyone's sake. When Ava accidentally enslaves a human while saving him from a vampire, she realises she has to look for help setting him free. Despite her misgivings, she expands her world but finds herself dragged into a possible vampire civil war. With the help of some new friends with ambiguous loyalties, she tries to find a way to keep her human, and herself, alive. *Taunt*: All Ava wants to do is forget about the vampires, but they won't leave her alone. Between her failing business, angry landlord, disloyal friends, and vampire stalkers, life is starting to feel pretty stressful. When Ava finally deals with her biggest problem, she is caught up in the chain of events it triggers and taken along a path she can't escape from. Ava has to figure out what exactly is her biggest threat: the humans, the vampires, the Council—or her true heritage. *Tempt*: There's a monster running around Dublin, and it's up to Ava to catch it. The pressure's on, and she's becoming as cynical as Peter. But when a demon marks her friend, and a possible threat from England spells war, Ava's left with a huge choice to make.
