We stress how to teach children to play this game and to have fun doing it. The book covers all facets of the game from the most basic "how to" pass, receive, run and grab the flags to game strategies and tactics. When coaching children it should be a fun experience for every-one, for you, for the parents, and most important of all, for the children. As a coach, we cover the teaching attitude and methods. We always keep in mind that these are children, and the game is for the kids and not for the adults. Winning isn't everything, but learning to play well and wanting to win is. We have taken the

children from first grade through the eighth grade and broken them into three categories. In each category we discuss the players needs and abilities, what they are capable of in both the physical and emotion sense, and their limitations. We have also defined the coach's role, the parent's role and the player's role.

5 Man Youth Flag Football Playbook Sep 02 2022 If you are a new coach just starting out your coaching career you need to be organized. As a new flag football coach, you must be organized in every aspect of running your team. One of the most important areas is making sure your team runs an effective and efficient offense. Too many first year coaches make the mistake over over complicating their offense. They played some level (high school or pro) or worse watch the “boob tube” and decide that will be the offense they will run. You have visions of the “spread” offense, scoring 40 points a game, and you will be crowned the next Lombardi. Wake up. This 5 Man Flag Football Offensive Playbook is designed for youth football players, not high school or college. The originators of this playbook have used it to win 30 games and lose only 3 over a 4 year period. As all playbooks on our site, the plays have been tested and do work at the youth level. This particular offense can be used for 5 year old and up to players 14 year olds. The 5 Man Flag Football Offensive Playbook will keep the focus where it should be; the kids having fun while they are scoring some points!

How to Read the Plays of the Enemy Against Ministries Aug 28 2019 Why do so many ministries fall to the tricks of the enemy? What if you could see the warning signs before destruction hits your ministry? T. D. Nelson shares personal stories of her experiences in large and small ministries who were rising to great heights, but they were brought down by ignoring the subtle moves of the enemy which over time destroyed the progress, reputation, and impact of each ministry. You will learn that: • There is nothing new under the sun • The enemy will find your weakness • The tricks of the enemy can be discerned • A good defense can read and thwart the enemy's plays God is pouring His Spirit on this generation, and ministries are being birthed on an ongoing basis. It is heart breaking to see these ministries fade away especially as the enemy's kingdom continues to advance on the youth and the world as a whole. Jesus said, "Behold, I send you forth as sheep in the midst of wolves: be ye therefore wise as serpents, and harmless as doves" (Matthew 10:16). If you are a part of a ministry that is in its beginning stages, or one that is making an impact for the Kingdom of God, you will find that learning how to read the plays of the enemy can protect your ministry from unnecessary attacks.
