The Kindly Ones Feb 09 2021 Dr Max Aue is a family man and owner of a lace factory in post-war France. He is an intellectual steeped in philosophy, literature, and classical music. He is also a former SS intelligence officer and cold-blooded assassin. He was an observer and then a participant in Nazi atrocities on the Eastern Front, he was present at the siege of Stalingrad, at the death camps, and finally caught up in the overthrow of the Nazis and the nightmarish fall of Berlin. His world was peopled by Eichmann, Himmler, Göring, Speer and, of course, Hitler himself. Max is looking back at his life with cool-eyed precision; he is speaking out now to set the record straight.

The Basics of American Government Oct 25 2019 The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a

piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

Slaves in Paradise Apr 11 2021 This powerful book is about one of the most controversial realities in our modern world: the existence of slave labor in the 21st century, with millions of people today living in horrendous conditions of abuse and subjugation. It is the heroic story of missionary priest Fr. Christopher Hartley who, inspired by the Gospel, committed his life to fight for such workers in the sugar cane industry of the Dominican Republic so they could live and die with the human dignity that was denied them. When he arrived in 1997, Fr. Hartley carried out intense work of evangelization and, calling on the social doctrine of the Church, denounced the situation of slavery of his faithful: he proclaimed it in a speech before the President of the Republic and he confronted the proprietors of the sugar mills. Because of his strong criticism of such exploitation, he endured harsh treatment by the press and others, and was threatened with death. During his years of mission until he was expelled from the country in 2006, he wrote detailed letters to his friend about the horrible conditions he was fighting against for his people. In the letters, together with rich spiritual reflections and filled with apostolic passion, Fr. Hartley tells chilling stories of his people's suffering as well as striking expressions of love for God and faith in Providence by those who have nothing. These moving, insightful letters are the heart of this book, bolstered by the inspiring testimonies of those who lived and worked by his side in this great missionary epic. It reveals how terrible evil and suffering can be overcome by strong faith and deep love. "This is a book that exudes hope, which generates the happiness and joy of living, and sparks a lively desire to do the same: to evangelize. The testimony of this beloved missionary priest transmits joy and light, as he transmitted that same joy and hope to those long-suffering brothers and sisters in the Dominican Republic." - Cardinal Antonio Canizares, from the Foreword

American Creation Mar 10 2021 From the first shots fired at Lexington to the signing of the Declaration of Independence to the negotiations for the Louisiana Purchase, Joseph J. Ellis guides us through the decisive issues of the nation's founding, and illuminates the emerging philosophies, shifting alliances, and personal and political foibles of our now iconic leaders—Washington, Jefferson, Madison, Hamilton, and Adams. He casts an incisive eye on the founders' achievements, arguing that the American Revolution was, paradoxically, an evolution—and that part of what made it so extraordinary was the gradual pace at which it occurred. He explains how the idea of a strong federal government was eventually embraced by the American people, and details the emergence of the two-party system, which stands as the founders' most enduring legacy. Ellis is equally incisive about their failures, and he makes clear how their inability to abolish slavery and to reach a just settlement with the Native Americans has played an equally important role in shaping our national character. With eloquence and insight, Ellis strips the mythic veneer of the revolutionary generation to reveal men both human and inspired, possessed of both brilliance and blindness. *American Creation* is an audiobook that

delineates an era of flawed greatness, at a time when understanding our origins is more important than ever.
