The Death and Life of Great American Cities Jul 06 2020

In this classic text, Jane Jacobs set out to produce an attack

on current city planning and rebuilding and to introduce new principles by which these should be governed. The result is one of the most stimulating books on cities ever written. Throughout the post-war period, planners temperamentally unsympathetic to cities have been let loose on our urban environment. Inspired by the ideals of the Garden City or Le Corbusier's Radiant City, they have dreamt up ambitious projects based on self-contained neighbourhoods, super-blocks, rigid 'scientific' plans and endless acres of grass. Yet they seldom stop to look at what actually works on the ground. The real vitality of cities, argues Jacobs, lies in their diversity, architectural variety, teeming street life and human scale. It is only when we appreciate such fundamental realities that we can hope to create cities that are safe, interesting and economically viable, as well as places that people want to live in. 'Perhaps the most influential single work in the history of town planning... Jacobs has a powerful sense of narrative, a lively wit, a talent for surprise and the ability to touch the emotions as well as the mind' New York Times Book Review

The Life of Our Lord Jul 18 2021 Charles Dickens's other Christmas classic, with a new introduction by Dickens's great-great-grandson, Gerald Charles Dickens. Charles Dickens wrote *The Life of Our Lord* during the years 1846-1849, just about the time he was completing *David Copperfield*. In this charming, simple retelling of the life of Jesus Christ, adapted from the Gospel of St. Luke, Dickens hoped to teach his young children about religion and faith. Since he wrote it exclusively for his children, Dickens refused to allow publication. For eighty-five years the

manuscript was guarded as a precious family secret, and it was handed down from one relative to the next. When Dickens died in 1870, it was left to his sister-in-law, Georgina Hogarth. From there it fell to Dickens's son, Sir Henry Fielding Dickens, with the admonition that it should not be published while any child of Dickens lived. Just before the 1933 holidays, Sir Henry, then the only living child of Dickens, died, leaving his father's manuscript to his wife and children. He also bequeathed to them the right to make the decision to publish *The Life of Our Lord*. By majority vote, Sir Henry's widow and children decided to publish the book in London. In 1934, Simon & Schuster published the first American edition, which became one of the year's biggest bestsellers.

The Purpose Driven Life Jan 12 2021 Discover and fulfill your God-given purpose by joining the more than thirty-five million others who have embarked on a spiritual journey that started with this #1 New York Times bestselling book by Pastor Rick Warren. Before you were born, God knew what your life had in store for you. His hope for you is to discover the life he created just for you--both here on earth, and forever in eternity. Let Rick Warren guide you as you learn to live out your true purpose. *The Purpose Driven Life* is more than a book; it's a road map for your spiritual journey. Combining thoughtful verses from Scripture with timely stories and perspectives from Warren's own life, *The Purpose Driven Life* will help you discover the answer to one of life's most important questions: What on earth am I here for? Throughout *The Purpose Driven Life*, Warren will teach you to spend time getting to know yourself and your creator in

order to live your life to the fullest. Unlocking your true purpose will also reduce your stress, simplify your decisions, increase your satisfaction, and, most importantly, prepare you for eternity. Designed to be read over the course of forty-two days, *The Purpose Driven Life* will help you see the big picture, giving you a fresh perspective on the way that the pieces of your life fit together. Every chapter of *The Purpose Driven Life* provides a daily meditation and practical steps to help you uncover and live out your purpose, starting with exploring three essential questions: The Question of Existence: Why am I alive? The Question of Significance: Does my life matter? The Question of Purpose: What on earth am I here for? Each copy of *The Purpose Driven Life* also includes thoughtful discussion questions, audio Bible studies that go along with every chapter, and access to a supportive online community, giving you the opportunity to dive even deeper into each life-changing lesson.

For the Life of the World Jun 28 2022 Christianity Today

2020 Book Award (Award of Merit, Theology/Ethics)

Outreach 2020 Recommended Resource of the Year

(Theology and Biblical Studies) The question of what makes

life worth living is more vital now than ever. In today's pluralistic, postsecular world, universal values are dismissed as mere matters of private opinion, and the question of what constitutes flourishing life--for ourselves, our neighbors, and the planet as a whole--is neglected in our universities, our churches, and our culture at large. Although we increasingly have technology to do almost anything, we have little sense of what is truly worth accomplishing. In this provocative new contribution to public theology, world-renowned theologian

Miroslav Volf (named "America's New Public Intellectual" by Scot McKnight on his Jesus Creed blog) and Matthew Croasmun explain that the intellectual tools needed to rescue us from our present malaise and meet our new cultural challenge are the tools of theology. A renewal of theology is crucial to help us articulate compelling visions of the good life, find our way through the maze of contested questions of value, and answer the fundamental question of what makes life worth living.

The 100-Year Life May 04 2020 *A new edition of the international bestseller (a #1 bestseller in Japan), featuring a new preface* Does the thought of working for 60 or 70 years fill you with dread? Or can you see the potential for a more stimulating future as a result of having so much extra time? Many of us have been raised on the traditional notion of a three-stage approach to our working lives- education, followed by work and then retirement. But this well-established pathway is already beginning to collapse o life expectancy is rising, final-salary pensions are vanishing, and increasing numbers of people are juggling multiple careers. Whether you are 18, 45 or 60, you will need to do things very differently from previous generations and learn to structure your life in completely new ways. The 100-Year Life is here to help. Drawing on the unique pairing of their experience in psychology and economics, Lynda Gratton and Andrew J. Scott offer a broad-ranging analysis as well as a raft of solutions, showing how to rethink your finances, your education, your career and your relationships and create a fulfilling 100-year life. How can you fashion a career and life path that defines you and your values and creates a shifting

balance between work and leisure? What are the most effective ways of boosting your physical and mental health over a longer and more dynamic lifespan? How can you make the most of your intangible assets such as family and friends as you build a productive, longer life? In a multiple-stage life how can you learn to make the transitions that will be so crucial and experiment with new ways of living, working and learning? Shortlisted for the FT/McKinsey Business Book of the Year Award and featuring a new preface, *The 100-Year Life* is a wake-up call that describes what to expect and considers the choices and options that you will face. It is also fundamentally a call to action for individuals, politicians, firms and governments and offers the clearest demonstration that a 100-year life can be a wonderful and inspiring one.

Ocean of Life Mar 26 2022 In this revelatory book, Callum Roberts uses his lifetime's experience working with the oceans to show why they are the most mysterious places on earth, their depths still largely unexplored. In *The Ocean of Life* we get a panoramic tour beneath the seas- Why do currents circulate the way do? Where exactly do they go? How has the chemistry of the oceans changed? How polluted are we making them? Above all, Roberts reveals the richness of life in the deep, and how it has altered over the centuries. The oceans are now under unprecedented threat. Not only does Roberts show how we are fishing our oceans to extinction, crucially, he explains how this directly affects our lives on land. Ninety-five percent of habitable space on earth lies in the oceans, and marine plants produce half the world's oxygen; the oceans themselves absorb vast quantities of

carbon dioxide. The life they support is now in the balance. Callum Roberts shows how we can arrest and reverse the damage we are doing, and Ocean of Life will galvanise debate worldwide on the future of our planet. Tantalisingly, it is within our grasp to restore the life of the oceans. There is still time.

In This Life Oct 21 2021 Secrets ruin lives, and lies protect those secrets... Wanting to escape her life in New York City before starting medical school in the fall, Anna Dillon convinces her best friend Dante to travel with her to Thailand on a medical mission. While volunteering in a coastal village recently ravaged by a tsunami, Anna meets Jude Grayson. They share an instant attraction that leads to a brief, passionate affair. When she has to rush home for a family emergency, he promises to stay in touch. But Jude never calls, and Anna tries desperately to forget him. Five years pass, and Anna finally moves on with Dante after giving up hope that Jude will ever return--until they come face to face again in a chance encounter. Reeling, Anna discovers the life-altering secret of why Jude never contacted her--and why they can't be together. But the passion that ignited between them on an exotic beach years ago never died, making it impossible to stay away from each other. And Dante? Anna discovers that the friend she grew to love--and trust--has a secret of his own.

Saying Yes to Life Sep 19 2021 'Ruth Valerio's book is perfect for individuals and groups to think, reflect, pray and be challenged together.' JUSTIN WELBY, from the Foreword Saying Yes to Life lifts our focus from natural, everyday concerns to issues that are having an impact on

millions of lives around the world. As people made in the image of God, we are entrusted to look after what he has created: to share in God's joy and ingenuity in making a difference for good. Ruth Valerio imaginatively draws on the Days of Creation (Genesis 1) as she relates themes of light, water, land, the seasons, other creatures, humankind, Sabbath rest and resurrection hope to matters of environmental, ethical and social concern.

A Life Worth Living Aug 07 2020 Exploring themes that preoccupied Albert Camus--absurdity, silence, revolt, fidelity, and moderation--Robert Zaretsky portrays a moralist who refused to be fooled by the nobler names we assign to our actions, and who pushed himself, and those about him, to challenge the status quo. For Camus, rebellion against injustice is the human condition.

The Life We're Looking For Dec 31 2019 A deeply reflective primer on creating meaningful connections, rebuilding abundant communities, and living in a way that engages our full humanity in an age of unprecedented anxiety and loneliness—from the author of *The Tech-Wise Family* “Andy Crouch shows the path to reclaiming a life that restores the heart of what it means to thrive.”—Arthur C. Brooks, #1 New York Times bestselling author of *From Strength to Strength* Our greatest need is to be recognized—to be seen, loved, and embedded in rich relationships with those around us. But for the last century, we’ve displaced that need with the ease of technology. We’ve dreamed of mastery without relationship (what the premodern world called magic) and abundance without dependence (what Jesus called Mammon). Yet even before a pandemic disrupted that quest, we felt threatened and strangely out of place: lonely, anxious, bored amid endless options, oddly disconnected amid infinite connections. In *The Life We’re Looking For*, bestselling author Andy Crouch shows how we have been seduced by a false vision of human flourishing—and how each of us can fight back. From the social innovations of the early Christian movement to the efforts of entrepreneurs working to create more humane technology, Crouch shows how we can restore true community and put people first in a world dominated by money, power, and devices. There is a way out of our impersonal world, into a world where knowing and being

known are the heartbeat of our days, our households, and our economies. Where our vulnerabilities are seen not as something to be escaped but as the key to our becoming who we were made to be together. Where technology serves us rather than masters us—and helps us become more human, not less.

The Life of Y Feb 10 2021 Currently, we have about 2 billion millennials in the world, aged between 17 and 37 years, who are fast becoming the world's most important generational cohort in terms of consumer spending growth, sourcing of employees and overall economic prospects. Engaging this cohort for businesses, societies and nations is no more a matter of choice. The 2016 millennial survey by Deloitte on millennials has alarming news for companies the world over. Majority of the millennials or Gen Y workers are likely to change their companies by 2020. While the world over similar trends are visible, India ranks third where the probability of Gen Y workers leaving their current companies is maximum. The survey also points to the fact that this lack of loyalty may be a sign of neglect that millennials might be facing in their organizations. Such poor levels of engagement of millennial workers in India and rest of the world are a huge red flag for all companies. Poor

engagement will not only have cost implications but also have huge negative implications on the growth, profitability and sustainability of companies, especially when the going is not particularly easy for most of the industry sectors. This book attempts to create a deep empathy for millennials and is a result of the author's extensive research spanning almost a decade. The book dives deep into the life of Generation Y and seeks to create an unbiased understanding about this generation, thereby exploding the perceptual myths and stereotypes about them. Based on the research, the book suggests a new strategy to engage with the millennial generation in the workplace and marketplace in particular and the society in general. It provides a consultative guidance to engaging millennials seeking to replace the old models and designs of engagement.

A Life for a Life Sep 07 2020 Nobody can get into the mind of an erratic killer--except an unpredictable detective. When a young man is found lying on a station platform with a hole in his head, DI Kate Young is called in to investigate the grisly murder. But the killing is no one-off. As bodies start to

pile up, she is faced with what might be an impossible task--to hunt down a ruthless killer on a seemingly random rampage. Meanwhile, Kate has her own demons to battle as she struggles to come to terms with her husband's death. And she is hell-bent on exposing corruption within the force and bringing Superintendent John Dickson to justice. But with the trail of deception running deeper--and closer to home--than she could ever have imagined, she no longer knows who she can trust. With her grip on reality slipping, Kate realizes that maybe she and the killer are not so different after all. But time is running out and Kate is low on options. Can she catch the killer before she loses everything?

The Life You Long For Feb 22 2022 A beautiful invitation to discover your place in God's heart and let him set the pace for your life—from a wife and mother, singer-songwriter, and worship leader for Passion Conferences and IF:Gathering “Christy Nockels is a gentle, strong voice shepherding us into a fuller life with Jesus at the very center. This book will restore your weary soul.”—Jennie Allen, New York Times bestselling author of *Get Out of Your Head* and founder and visionary of IF:Gathering Christy Nockels knows firsthand how easily our desire to serve God—even when using the gifts He has given us—can overshadow our delight in simply being with Him. When God called her to lay down her ministry for a season, Christy was forced to confront how her sense of purpose and worth had become tangled up in her work. God then lovingly invited her to discover true rest in His presence as she learned to live as the Beloved. In *The Life You Long For*, Christy shows us how to let go of hustle and achievement and instead find our

identity in the quiet center of God's love. As we delight in being with Him, we are filled to overflowing with contentment and love that propel us into an entirely new way of being, one in which every act of service and every encounter with the people around us arise from a heart at rest. With irresistible warmth and grace, this book calls you to step fully into the life you didn't even realize you've been seeking, as you find your highest calling not in a duty to uphold but in a beautiful identity to live out.

Cities for Life Jul 26 2019 In cities around the world, planning and health experts are beginning to understand the role of social and environmental conditions that lead to trauma. By respecting the lived experience of those who were most impacted by harms, some cities have developed innovative solutions for urban trauma. In *Cities for Life*, public health expert Jason Corburn shares lessons from three of these cities: Richmond, California; Medellín, Colombia; and Nairobi, Kenya. Corburn draws from his work with citizens, activists, and decision-makers in these cities over a ten-year period, as individuals and communities worked to heal from trauma--including from gun violence, housing and food insecurity, poverty, and other harms. *Cities for Life* is

about a new way forward with urban communities that rebuilds our social institutions, practices, and policies to be more focused on healing and health.

The Life of Music Nov 29 2019 Nicholas Kenyon explores the enduring appeal of the classical canon at a moment when we can access all music—across time and cultures Immersed in music for much of his life as writer, broadcaster and concert presenter, former director of the BBC Proms, Nicholas Kenyon has long championed an astonishingly wide range of composers and performers. Now, as we think about culture in fresh ways, Kenyon revisits the stories that make up the classical tradition and foregrounds those which are too often overlooked. This inclusive, knowledgeable, and enthusiastic guide highlights the achievements of the women and men, amateurs and professionals, who bring music to life. Taking us from pianist Myra Hess's performance in London during the Blitz, to John Adams's composition of a piece for mourners after New York's 9/11 attacks, to Italian opera singers singing from their balconies amidst the 2020 pandemic, Kenyon shows that no matter how great the crisis, music has the power to bring us together. His personal, celebratory account transforms our understanding of how classical music is made—and shows us why it is more relevant than ever.
