The Asian American Educational Experience Jul 21 2021 The contributions to The Asian American Educational experience examine the most significant issues and concerns in the education of Asian Americans. Contributors, all leading experts in their fields, provide theoretical discussions, practical insights and recommendations, historical perspectives and an analytical context for the many issues crucial to the education of this diverse population--controversies in higher education over alleged admissions quotas, stereotypes of Asian American students as "whiz kids", Asian Americans as the "model minority", bilingual education, education of refugee and immigrant populations
