This has been accompanied by the rise in some countries of trade unions and also of employers' associations. This book explores the nature of employers' associations in the major countries of Asia. It considers how employers' associations have developed in recent decades, how changes in market structures and the profile of economies have affected employers' associations, how employers' associations deal with issues to do with pay and employment conditions, and how they interact with regulation and the state. The book shows how the differing political and institutional contexts of different countries, and different economic conditions, greatly affect the nature of employers' associations and also the wider context of labour markets and trade unions.

TUPE Aug 30 2022 A cascade of TUPE cases, notably and centrally upon the service provision change, and the subsequent enactment of the Collective Redundancies and the Transfer of Undertakings (Protection of Employment) (Amendment) Regulations 2014 by the UK Government, have made necessary this fourth edition of TUPE: Law & Practice. The new 2014 Amendment Regulations, in force from 31 January 2014, are intended to clarify the issues raised by recent cases and also to reduce the burdens on employers of small enterprises. This guide provides analysis of the new 2014 TUPE Amendment Regulations including: the scope to “service provision changes” (i.e. outsourcing/contracting-out and in), as well as clarification of the Regulation 3; key changes relating to transfer dismissals and changes to terms and conditions; pensions obligations under TUPE; clarified ‘joint’consultation rights; the confusing application of TUPE where the transferor is insolvent. Lawyers, politicians and policymakers, HR practitioners, as well as academics, will find this book brings them up to speed on TUPE. This book aims to keep pace with these changes, providing practical advice and cutting edge analysis.
