Field & Stream Mar 17 2021 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

The Counter Terrorist Manual Jan 27 2022 In the past thirty-five years, counter-terrorist units have been deployed to deal with airplane, ship, train, and bus hijackings. They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers, prison rioters, and assorted dangerous criminals. Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to take action should they take hostages.

Following the September 11th attack on the World Trade Centre, the mission of many anti-terrorist units has expanded. Some units now track terrorists to their lairs in other countries and strike them there. Despite the significant and growing role of these units, little is known about the way they operate. The selection, training, structure and principles of maintaining such units, together with basic theories of asymmetric warfare are the subject of Thompson's latest work. In a practical, step-by-step guide he analyses the necessary organization of such elite teams, the arming and equipping of units, and methods for a variety of missions from hostage rescue and high-level dignitary protection to securing foreign embassies and counter-WMD strikes. Open the pages of this book and enter the world of the counter-terrorist operator.

The Total Deer Hunter Manual Mar 29 2022 Take your whitetail obsession to the next level with this go-to guide from two of the most knowledgeable and experienced deer-hunting writers in America. Whether you spend all year plotting and preparing for your ultimate whitetail season, or just enjoy a few hunting trips a year with your buddies, this is the book you need. Hundreds of field-tested tips from Field & Stream's deer-hunting experts cover tips and tricks from America's best hunting guides and their own decades of experience, including: Shoot Better: With detailed exercises and advice for bow-hunters as well as rifle and shotgun users, this book takes you out on the range and into the woods, with what you need to bring home a trophy buck instead of a lame excuse. Plan All Year: What do you do when deer season ends? Stow your gear, mount your trophies, and start planning for next year. Here's how to plot your hunting grounds, plant the food deer love, and upgrade your equipment. Track Like a Pro: Where do deer live? What do they eat? How do they behave during the all-important rut season? You may think you know the answers to these questions, but the latest research and unusual historical wisdom will surprise you—and make you a better hunter.

Target: Terror Dec 14 2020 Within a military that prides teamwork, strength in numbers, and camaraderie, the sniper is the outlier. The loner. The specialist whose talent can mean the difference between mission success and disaster—and often between life and death. Kyle Monroe is one member of this exclusive fraternity. Wade Curtis is another. From Pakistan to the tunnels beneath the ruins of Vlad the Impaler's castle in Romania to the jungles of Indonesia, Monroe and Curtis are the best at what they do: eliminating their nation's enemies from a distance with one well-placed bullet to the head. Includes three complete military thriller novels: *The Scope of Justice*, *Targets of Opportunity*, and *Confirmed Kill*. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Michael Z. Williamson: "A fast-paced, compulsive read . . . will appeal to fans of John Ringo, David Drake, Lois McMaster Bujold, and David Weber."—Kliatt "Williamson's military expertise is impressive."—SFReviews

Uncharted Waters Dec 02 2019 The purpose of this book is to give ChristaEUR"centered believers an objective look at how a community of believers has the ability to not just survive in the roughaEUR"andaEUR"tumble times that a postaEUR"financialaEUR"collapse world will inevitably lapse into, but actually thrive. ChristaEUR"centered leadership is the key. Honoring God the Father and His Son Yeshua in all aspects is something that the author strove to hear God's leading on, from start to finish. Over the last twenty years, many books, articles, and movies have been written and filmed about the postapocalyptic world, both fiction and non fiction howaEUR"to, centering on what to do and how to do it. Most, if not nearly all, have focused on a few major topics, with perhaps another one or two side issues. In this book, the author has endeavored to cover as many facets as possible that will come into play as given to him by God's Spirit. Financial collapse, firearms, selfaEUR"defense, breakdown of law and order, cannibalism, barter, invasion by the UN, the setting up of a retreat, basic survival skills, and medical care by amateurs have all been covered in other

works, and usually quite well. But, as they say on TV, wait, there's more...much, much more. Also woven into this work are torture, suicide, homosexuality and the subsequent deliverance from it, along with the very real probability of Islamic terrorism. Then we get to, for the most part, the forgotten wild cards: a command structure for the leadership, unparalleled cataclysmic geological upheaval, pandemic outbreak, the setting up of a city of refuge for God's people, and without question, the most neglected yet, far and away, most important deciding factor in all this: the last days' move of God. Mix all these factors together, and there we will find ourselves in uncharted waters.

Modern Snipers Sep 30 2019 The years since 9/11 have seen major changes in the way snipers are employed on the modern battlefield, alongside an incredibly rapid evolution in their weapons, equipment and training. This book covers the 14 years of near-constant warfare since the dawn of the 21st century, documenting where, when and how snipers have been deployed; their rifles, optics and their ancillary equipment such as laser range finders; their training and tactics and accounts of real-life operations involving sniper teams. The wars in Iraq and Afghanistan have reaffirmed the importance of snipers in both conventional and unconventional warfare, and this new study covers these developments in depth, as well as looking at the role of the sniper in police and counterterrorism environments.

The Ultimate Sniper Oct 31 2019 Through revised text, new photos, specialised illustrations, updated charts and additional information sidebars, *The Ultimate Sniper* once again thoroughly details the three great skill areas of sniping; marksmanship, fieldcraft and tactics.

The Barrett Rifle Feb 13 2021 The Barrett M82A1 and its derivatives are among the most successful sniping rifles ever manufactured. Now entering its fourth decade of service, the short-recoil, semi-automatic system is capable of firing a devastating .50-caliber round with lethal accuracy over distances of more than 2km. Unconfirmed reports from Afghanistan in 2012 accredit the Barrett with one of history's longest ever kills at 2,815m. This is the technical history of a rifle initially developed as a sporting firearm, but which evolved into a long-range sniping rifle and a

formidable military anti-materiel tool, designed to neutralize everything from enemy vehicles to parked aircraft. Adopted by snipers across the world, the Barrett rifles have seen active service in Operation Desert Storm, Iraq, and Afghanistan and have become an important addition to police, armed services, and Special Forces units alike.
