And the Tide Turns Nov 30 2019 A mission meant to inspire hope ... and nothing is quite as it seems. When a seemingly unstoppable evil descends upon the city, Ethan Tannor must race against time to save a desperate world that may fall to ruin. April 1986. The Cold War is nearly over. Or is it? Wealthy business mogul Tobias Keane is dead in an apparent suicide. But Ethan Tannor, a detective on the scene and nephew of Keane, suspects something else. In his effort to prove murder, Ethan discovers hidden items in his uncle's safe that reveal there was more to Tobias's past than he initially thought: a strange watch that doesn't tell time, a cryptic journal, confusing newspaper clippings from years past, a cipher that points to something ominous, a worn copy of the Rubáiyát of Omar Khayyám, and the mysterious words "Tamám Shud". The more Ethan uncovers, the more he realizes his own life is in danger. And when he stumbles upon a shadow group that tips him off to an impending hostile takeover of the United States, Ethan finds himself in the center of something he can't explain. Political agendas headed by an enigmatic leader, and an evil force tipping the balance of power will bring him face to face with things beyond the realm of belief and possibility. As the lines of reality and fiction become

blurred, Ethan embarks on the near impossible task of reshaping the world. If he fails, the battleground will be America, with new territory lines carved across the map as the victor stakes their claim. But Ethan is determined to end it where it all began: April 1986.

*Language and violence AND THE TIDE TURNS is Timothy Dalton's debut novel - an action-packed thriller filled with colorful characters that will leave readers guessing as they journey with Ethan Tannor in his quest to uncover the secret behind his uncle's death ... a quest that brings him to places he never imagined, and the discovery of his uncle's strange connection to the unsolved mystery of The Somerton Man. Scalia Dissents Nov 03 2022 Brilliant. Colorful. Visionary. Tenacious. Witty. Since his appointment to the Supreme Court in 1986, Associate Justice Antonin Scalia has been described as all of these things and for good reason. He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet most Americans have probably not read even one of his several hundred Supreme Court opinions. In Scalia Dissents, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind— showcases the quotable justice's take on many of today's most contentious constitutional debates. Scalia Dissents contains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and a primer on Justice Scalia's judicial philosophy. Scalia Dissents is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.

Rethinking Civilizational Analysis Jun 05 2020 Although the concept of 'civilization' has deep roots in the social sciences, there is an urgent need to re-think it for contemporary times. Rethinking Civilizational Analysis points to an exhaustion in using 'the nation state'

and 'world system' as the basic macro-units of social analysis because they do not get to grips with the 'soft power' variable of cultural factors involved in global aspects of development.

The Complete Saki Jan 25 2022 The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous, satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional

situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.
