Mind of the Maker Mar 12 2021 Dorothy L Sayers’ great lay contemporaries in the Church of England were T. S. Eliot, C.S. Lewis and Charles Williams, but none of them wrote a book quite like *The Mind of the Maker*. In this crisp, elegant exercise in theology, Sayers illuminates the doctrine of the Trinity by relating it to the process of writing fiction, a process about which she could speak with complete authority. She illustrates her thesis with many examples drawn from her own books, and even illuminates the Christian heresies by analysing certain failures of creation which regularly occur in literature. This marvellous classic describes the creative process in terms of the arts and shows that literature can cast light on theology and vice versa.

Doctors' Wives Dec 09 2020 Doctors' Wives' Disease is not an imaginary ailment. For, in the closed, inbred society of a great medical center, these women, the wives of superbly successful physicians, are driven by loneliness, boredom, and frustration along forbidden pathways. And alcohol, drugs, and promiscuity become their alternatives to despair. A radio bulletin tears the camouflage from the apparent prosperous tranquility of the community: "A prominent Weston physician has just shot and killed his wife. A man, with the victim at the time and identified only as another doctor, was also seriously wounded." Five doctors' wives hear the announcement, and each one of them comes with despair and terror to realize that her husband, himself, just might be involved in the scandal—either as philanderer or killer. Where has trust gone? And where is love? Beneath this scandalous and passionate picture of human weakness, is a tale, perhaps even more striking: and that is Dr. Slaughter's brilliant, minute, expert's picture of the urgent business of an ultramodern hospital. His descriptions—in fascinating detail—of a heart operation and a brain operation, are breathtakingly suspenseful, and based on the most advanced medical and surgical knowledge.

During the Roaring Twenties, Paul Van Zale is the undisputed king of the financial industry, an influential man of great wealth, unparalleled power, enormous ego, and insatiable appetites. Howatch began to take her loyal following of gothic and family-saga readers into unexpected psychological and theological depths, while taking to an extreme, with a serious-novel format, the experiments begun in her family sagas. She also introduced to her readers a character only half-alive in Trollope, the Anglican Church.
