*Travel and Imagination* Sep 17 2021 The imagination has long been associated with travel and tourism; from the seventeenth century when the showman and his peepshow box would take the village crowd to places, cities and lands through the power of stories, to today when we rely on a different range of boxes to whisk us away on our imaginative travels: the television, the cinema and the computer. Even simply the notion of travel, it would seem, gives us license to daydream. The imagination thus becomes a key concept that blurs the boundaries between our everyday lives and the idea of travel. Yet, despite what appears to be a close and comfortable link, there is an absence of scholarly material looking at travel and the imagination. Bringing together geographers, sociologists, cultural researchers, philosophers, anthropologists, visual researchers, archaeologists, heritage researchers, literary scholars and creative writers, this edited collection explores the socio-cultural phenomenon of imagination and travel. The volume reflects upon imagination in the context of many forms of physical and non-physical travel, inviting scholars to explore this fascinating, yet complex, area of inquiry in all of its wonderful colour, slipperiness, mystery and intrigue. The book intends to provide a catalyst for thinking, discussion, research and writing, with the vision of generating a canon of scholarship on travel and the imagination that is currently absent from the literature.

Jill Nystul started her blog, *One Good Thing* by Jillee, as a means to take steps forward after emerging from rehabilitation from alcohol dependence and battling a slew of equally tough issues that tested her confidence as a wife and mother. Her goal was to pursue her passion and help others along the way—one day at a time and one step at a time—by writing about one good thing each day. It is clear that Nystul's ability to appreciate the little things has resonated with readers everywhere. Fans have fallen in love with her crafty household endeavors, delicious recipes, and words of wisdom. *One Good Life* presents 75 Good Things by Jillee, fifty of which have never before been published, intertwined with Nystul's personal story, revealed in this book for the first time. Drawing from her own experiences, Nystul shows how she has overcome tremendous hardship to finally re-embrace her faith and appreciate, each day, one good thing.

[Loving and Leaving the Good Life](#) Jun 02 2020 Helen and Scott Nearing, authors of *Living the Good Life* and many other bestselling books, lived together for 53 years until Scott's death at age 100. *Loving and Leaving the Good Life* is Helen's testimonial to their life together and to what they stood for: self-sufficiency, generosity, social justice, and peace. In 1932, after deciding it would be better to be poor in the country than in the city, Helen and Scott moved from New York City to Vermont. Here they created their legendary homestead which they described in *Living the Good Life: How to Live Simply and Sanely in a Troubled World*, a book that has sold 250,000 copies and inspired thousands of young people to move back to the land. The Nearings moved to Maine in 1953, where they continued their hard physical work as homesteaders and their intense intellectual work promoting social justice. Thirty years later, as Scott approached his 100th birthday, he decided it was time to prepare for his death. He stopped eating, and six weeks later Helen held him and said goodbye. *Loving and Leaving the Good Life* is a vivid self-portrait of an independent, committed and gifted woman. It is also an eloquent statement of what it means to grow old and to face death quietly, peacefully, and in control. At 88, Helen seems content to be nearing the end of her good life. As she puts it, "To have partaken of and to have given love is the greatest of life's rewards. There seems never an end to the loving that goes on forever and ever. Loving and leaving are part of living." Helen's death in 1995 at the age of 92 marks the end of an era. Yet as Helen writes in her remarkable memoir, "When one door closes, another opens." As we

search for a new understanding of the relationships between death and life, this book provides profound insights into the question of how we age and die.

**Travel Through Ephesians** Dec 09 2020 What does Paul mean when he says, "to walk (lead a life) worthy of the [divine] calling to which you have been called"? God says to the readers of Ephesians and to each of us, "Here, my child. This is your identity, your position; stand in your rights!" Paul's great letter to the church located in a city full of idols and paganism is quite appropriate for study in our day. It could be called Paul's masterpiece because of its depth and vastness. Ephesians could be considered a theology course for every believer, or perhaps a treatise on the church. Paul desires every reader to mature in faith, love, character, and revelation. He celebrates in a basic theme of redemption by God and describes how the redeemed person should live. Paul's revelation on many subjects is our Scripture and guide for life. He expounds on: - existence in Christ; - the spiritual blessings of every believer; - the role of The Holy Spirit in the Christian's life; - the transformation of grace; - election, predestination and adoption of God's children; - redemption through Christ's blood; - family life; and - spiritual warfare and God's mighty armor. I encourage you to make a journey with me through Ephesians. I believe it will change your life.

**Dreamcrafting** Feb 20 2022 Many people set out to achieve a dream-starting a business or learning to play the piano or publishing a book-but they don't succeed, and the dream fizzles away. In many cases, these people have lots of skills and expertise, such as deep knowledge of the business or career they are interested in, so why don't they succeed? Paul Levesque and Art McNeil have discovered that making a dream come true requires cultivating skills of a higher order-macroskills-that inevitably spell the difference between success and failure no matter what the specifics of a person's dreams are. These are the skills Dreamcrafting outlines in detail.

*Sarah Jane's Travel Memoirs Series Boxset* Jun 14 2021 *Glass Half Full: Our Australian Adventure* Find out what it takes to keep the Glass Half Full, as challenging life events including grief, loss, PTSD and devastating floods, test this expat step-family to their limits. After enduring divorce and numerous child custody battles, Sarah Jane knew that a fresh start in Australia was their only chance of future happiness and that as a family they were making the right decisions. Living the Australian dream in Alice Springs was everything they hoped for until life-changing events started to test the foundations of this resilient family. Using every ounce of positivity they could muster they struggled on and just as they thought the worst was over Mother Nature intervened and washed away the roots to their new life during the Brisbane floods of 2011. This story lets you experience Australian life with an inspirational woman and her courageous family, as they struggle to survive challenging life events and keep their dreams alive. Life is never without its challenges, but how many life-changing events can one family endure before they reach breaking point? Find out in this heart wrenching and touching true story. *Two Dogs and a Suitcase: Clueless in Charente* Follows the French exploits of Sarah Jane and her family as they endeavour to rebuild their lives in another new country, after spending four and half years in Australia. The title says it all: literally what they have and where they are, but that's only part of the story. Their goal was to focus positively on the present and to start a new, optimistic chapter back in Europe nearer to the children, leaving the dark clouds of the challenges they faced in Australia as a distant memory. Share their experiences as they arrive in rural South West France portrayed through Sarah Jane's reflections, thoughts and observations about her family and their new French lifestyle. Follow Sarah Jane's tentative steps into a writing career as they start renovating a rustic cottage while managing the ups and downs of family life. Once again, Sarah Jane will make you laugh and cry as she endeavours to live life to the fullest with a generous helping of positive spin thrown in for good measure. *Our Frugal Summer in Charente: An Expat's Kitchen Garden Journal* Meet Sarah Jane, a woman with a reputation for culinary catastrophe who tries to keep her family fed in challenging circumstances in rural France. Frugal living was not part of the plan when they arrived from Australia to undertake the renovation of a quaint cottage in the Charente. However, when life throws them a curve-ball the challenge was set. How would they survive in France with very little money and two Australian cattle dogs. The answer came in the form of 5 chickens, 4 ducks, a vegetable garden and hedgerow foraging! The frugal plan was to save money by any means possible, to enable any money they could earn to be invested into continuing the renovation of the cottage. In true 'Good Life' style Sarah Jane attacks this challenge head on by keeping some small livestock and converting a garden, that resembled a meadow, into a French 'potager' or kitchen garden. The French tradition of using produce from their 'potagers' is renowned for enabling families to create meals that are healthy, cost effective and simple. There are 31 recipes for a variety of food and drinks, included in a month by month account, of how they transformed a neglected garden into a frugal yet productive expat kitchen garden.

**The Road Trip** Jan 10 2021 We all have a purpose in this life, but our purpose is not an end result. The journey from our first pitiful cry to our last breath and sigh—the challenging road trip that is life—is what brings us excitement, meaning, and lasting grace. In *The Road Trip: A Travel Guide for Life's Journey*, teacher and author Kathleen Graviano shares the many lessons she has learned along life's way and helps us discover the skills and attitudes to not only survive our journey but to actually enjoy the ride. While we might embark upon our lifelong road trip without a map or even a destination, Graviano gives us a guide for understanding both in her conversational, insightful style. Each chapter's "travel-log" prompt asks us to relate these universal wisdoms to the twists and turns of our own experience, no matter where we are on the journey. At times, life will have us in the driver's seat, cruising along, and at other times we will have to get out and push. How we learn from the good times, the bad times, and the eternal changes will determine whether we can eventually lean out the window and shout, "Wow—what a ride!"

**My Life Death Book** Feb 08 2021 My name is James Patrick Esquibel. I am a 40 year old man who has resided in the United States my entire life. I have had the opportunity to live in various states such as Idaho, Florida, California, Texas and different areas of New Mexico where I have spent most of my life. As the saying goes There is no place like home and now I find myself currently living in Albuquerque, New Mexico. New Mexico has a spiritual connection within me because of it's geological beauty. The mountains, rivers, lakes, animals and weather has fed my inner peace. Since the early age of 18 I have loved to write and release my emotions in poetic lyrical form. This form of therapy helped me to relate to past childhood memories some of which included abuse, neglect, the loss of loved ones and times of happiness. I never expected to publish this

material as a book. My real intentions were putting together my own band and learning how to play the drums. Instead of choosing a life style of sex, drugs and Rock-n-roll which is known to be a part of a musicians life. I had felt a career on the road would have been too much for a simple soul like me. After experiencing my first child's birth I then realized how precious life is so I decided to be a family man. There is more contentment and satisfaction in raising children and being a good husband. Unfortunately life is so short and we must do all we can to make something good happen for ourselves and the ones we love. Never give up on dreaming and know if you put your mind, heart and soul towards anything oneself can make the impossible happen. Peace! (longhair) JPE

**How to Live a Good Life** Oct 19 2021 Seriously . . . another book that tells you how to live a good life? Don't we have enough of those? You'd think so. Yet, more people than ever are walking through life disconnected, disengaged, dissatisfied, mired in regret, declining health, and a near maniacal state of gut-wrenching autopilot busyness. Whatever is out there isn't getting through. We don't know who to trust. We don't know what's real and what's fantasy. We don't know how and where to begin and we don't want to wade through another minute of advice that gives us hope, then saps our time and leaves us empty. How to Live a Good Life is your antidote; a practical and provocative modern-day manual for the pursuit of a life well lived. No need for blind faith or surrender of intelligence; everything you'll discover is immediately actionable and subject to validation through your own experience. Drawn from the intersection of science, spirituality, and the author's years-long quest to learn at the feet of masters from nearly every tradition and walk of life, this book offers a simple yet powerful model, the "Good Life Buckets" —spend 30 days filling your buckets and reclaiming your life. Each day will bring a new, practical yet powerful idea, along with a specific exploration designed to rekindle deep, loving, and compassionate relationships; cultivate vitality, radiance, and graceful ease; and leave you feeling lit up by the way you contribute to the world, like you're doing the work you were put on the planet to do. How to Live a Good Life is not just a book to be read; it's a path to possibility, to be walked, then lived.

**Travel Junkie** Feb 29 2020 This is not a travel guide, nor is it a typical travel book. This is a story about a man who overcame personal tragedies to achieve his lifetime ambition to explore the world. You won't find stories of a man who climbed mountains or sailed the seas. Instead you'll hear about one man's journey who visited over 100 well-known foreign countries and cities, swam with the sharks in Bora-Bora, Tahiti and in Grand Cayman, explored the underwater world of the Australian Great Barrier Reef, walked the Great Wall of China; and went on photo safaris in the African wild game parks. When he began his traveling adventures, the last thing on his mind was writing a book. As he progressed through his trips, he would entertain his relatives, friends and clients with the stories and photos of his more important memories. Invariably, they would say "you ought to write a book!" And so he did, and here it is. The book should assist the beginning traveler in deciding where to go, how to go, and how long to stay, and last but not least, how to stay safe in a sometimes dangerous world. Traveling can be, and often is, very rewarding. But it can also be frustrating, expensive, and dangerous. When traveling to a foreign country it is best to expect the unexpected, as your experience will be unlike anything you've experienced before. The Travel Junkie also reveals the true character of Jack Harms and his personal life. Including his hitchhiking days, his attraction to famous entertainers' live performances, his traumatic experiences - being on his own at the age of fourteen in Jackson Hole, Wyoming and the deaths of his mother, and only two brothers at very young ages.

**My Good Life in France** Sep 29 2022 One grey dismal day, Janine Marsh was on a trip to northern France to pick up some cheap wine. She returned to England a few hours later having put in an offer on a rundown

old barn in the rural Seven Valleys area of Pas de Calais. This was not something she'd expected or planned for. Janine eventually gave up her job in London to move with her husband to live the good life in France. Or so she hoped. While getting to grips with the locals and la vie Française, and renovating her dilapidated new house, a building lacking the comforts of mains drainage, heating or proper rooms, and with little money and less of a clue, she started to realize there was lot more to her new home than she could ever have imagined. These are the true tales of Janine's rollercoaster ride through a different culture - one that, to a Brit from the city, was in turns surprising, charming and not the least bit baffling.

You're Grounded Apr 24 2022 A fashion accessory. An occasional song. A popular tattoo. In the Hip-Hop culture, Jesus Christ is often reduced to a cultural icon. But He's so much more. While millions of people worldwide identify themselves as part of this culture, far too few know much about the cross that is inked onto their shoulders or the Jesus who adorns their necklaces. Aimed specifically at the Hip Hop-influenced generation, You're Grounded is a reliable, insightful book about the person of Jesus Christ and the Christian life. Written in an easy-to-read fashion, each chapter starts with a story from urban culture—using figures and examples familiar to the culture, like Michael Jordan, Tupac, the TV show Good Times—and then transitions to highlight truth found in Scripture concerning Jesus Christ. This book is ideal for small group and discipleship settings. It's a great resource for high school and college campus ministries, as well as juvenile and adult prison ministries.

**Unrequited Time** Nov 27 2019 James C. McCurrach was born in Brooklyn, New York and was the namesake of a self made business success story. He had a privileged upbringing that included a succession of private schools culminating in a B.A. from Brown University in Providence, R.I. He traveled a circuitous route as an adult - a journey that included tennis, a Vice Presidency at the former Bankers Trust Company in New York City as well as the principal in a New York restaurant. After many personal hurdles, he finally succeeded in his original goal of a teaching career. Additionally, his work assisting foreign students in the English language resulted in the publication of two English textbooks for English beginners in Japan and Korea. He is a former squash racquets champion with numerous top ten rankings in various age categories. He resides in San Francisco with his partner of 29 years. This Memoir is dedicated to P. Justin Jacobs for his loyalty, support and continuing encouragement. A troubled youth in search of direction finds himself groping to find his place despite numerous obstacles centering about his Father looking for a duplicate. Such are some of the problems facing James C. McCurrach Jr. as he passes through his early childhood years and the social upheavals encountered on the path to a new century. All of this is complicated by his growing uncertainty of his sexual proclivities at a time when homosexuality was ridiculed and considered a deviancy beyond the pale. At the same time, his Fathers' influence was a constant presence that would lead to a series of disasters, both socially and financially. Despite trying to throw off his Father's yoke, there remained a continuing need to please him and establish some sort of positive approval resulting in a series of tumultuous relationships and career moves. His Mom had always told the youngster that he would be a late bloomer and indeed that prediction would come to pass as in his later years the teaching profession would provide the purpose and rewards that had long eluded him.

**A Trip of One's Own** Sep 25 2019 If Joan Didion was right, and we do tell ourselves stories in order to live, then a travel story is the best story of them all. And I had form for escaping in stories... Kate Wills wasn't expecting to be divorced after less than a year of marriage. She hadn't anticipated restarting a life that had, for the last 12 years with her partner, seemed so stable. Luckily, her job as a travel journalist offered her the perfect opportunity to escape from it all. But this time, her jet-setting felt different. Kate felt more alone, particularly against a backdrop of never-ending hen dos, weddings and baby showers. So she began to search history for female travellers to inspire her. From a 4th-century nun to a globe-girdling cyclist, Kate discovers that throughout history, there have been astonishing women who've broken free from more burdensome expectations, clearing the path for us to do the same. A Trip of One's Own is a funny and heartfelt invitation to take that trip: to Paris, to Whitstable, and maybe down that street you've always wondered about.

**A Good Life** Nov 07 2020 This book is a story. It's a story about ordinary people in very different parts of the world dealing with rapid change in the late twentieth and early twenty-first centuries. It's about times of turbulent and violent social upheaval and rupture with the past. It's about modern times. It's also about being human; what it is to be human in a modernising and globalising world; how, in responding to the circumstances of their times, different groups define, redefine, and attempt to put into practice their understandings of the good and of what constitutes a good life. And it's about how human rights have come to be not abstract universal principles but a practical source of consciousness and practice for real people.
